- HSE controlled processes

“

We would like to thank Medserv for completing the operation on time without taking any safety risks. It is highly appreciated by all of us at Hess.

HESS

We would like to express our appreciation for the job that was performed. We appreciate Medserv efforts to accomplish the work within the very tight timeframe and based on limited documentation.

AGIP GAS

We highly commend Medserv for the stellar service and total professionalism. We wish we had this kind of service everywhere we went as life would be so much easier!

SAPIEM Ltd.”

SERVING THE
OIL AND GAS
INDUSTRY FOR
OVER **40 YEARS**

EXPERIENCE

THE OIL & GAS INDUSTRY DEMANDS THE HIGHEST STANDARDS IN LOGISTICS MANAGEMENT

Downtime is incredibly costly, and measures to ensure this is kept to the absolute minimum are imperative.

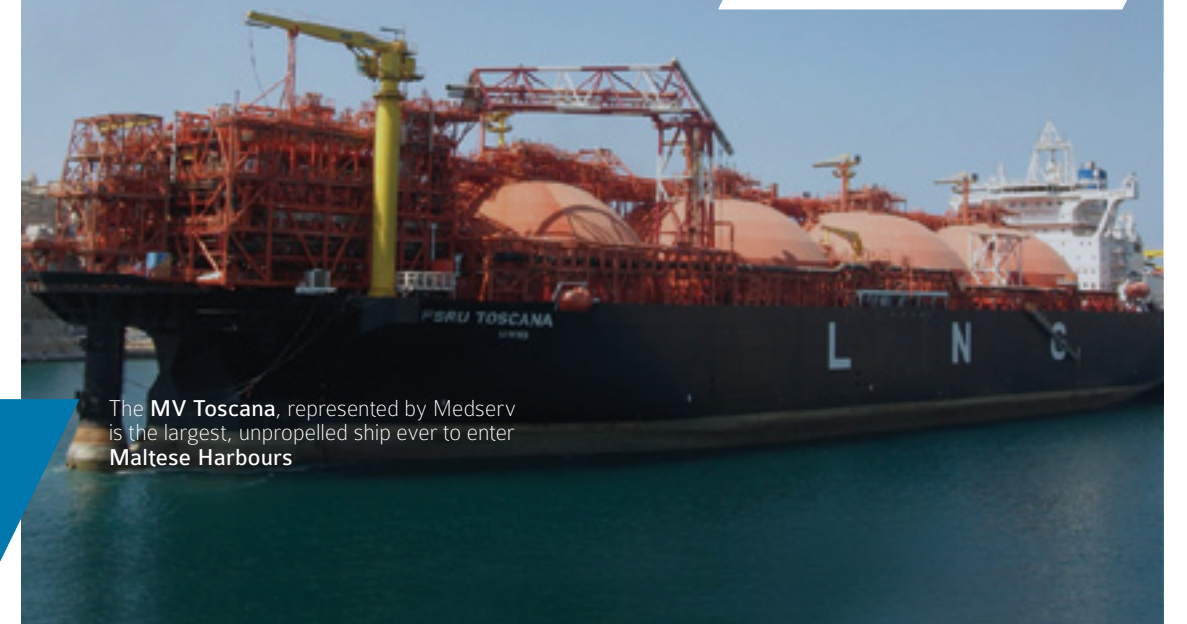

For this reason proven expertise and total reliability are prerequisites in a logistics service partner.

Founded in 1974 and with head offices in Malta, Medserv has provided logistics services and support to some of the World's leading oil and gas exploration and service companies such as Hess Corporation, Saipem, Petrobras, Gazprom, Exxon, Schlumberger and Haliburton amongst others.

Medserv plc, the Group Holding Company, is listed on the Malta Stock Exchange.

Our award-winning **Mud Plant**

The **MV Toscana**, represented by Medserv is the largest, unpropelled ship ever to enter **Maltese Harbours**

RELIABILITY

OUR PEOPLE

We believe our people are a fundamental component of our success story.

Their experience, knowledge, commitment to providing a stellar service and their work ethic are core brand attributes that we are both proud of, and that we nurture without fail.

HEALTH & SAFETY

Our safety culture and practices are a key component of our daily operations.

We have adopted international best practice to benchmark our security standard and have developed and implemented an Occupational Health and Safety Management System compliant with OHSAS 18001 standard.

We appoint an HSE management representative at each of our bases. They are responsible for and have the resources to implement our HSE policy and to ensure that all employees and contractors have adequate HSE awareness, skills and competence.

EXCELLENCE & QUALITY

Our commitment to providing a quality service means we will go the extra mile! We believe that prompt and engineered responses to clients' varying requests are essential for a successful work relationship in our business. Quality does not mean lengthy processes and red tape – Quality is a commitment to provide our clients with a service that is timely and effective.

Medserv also obtained its ISO9001:2008 accreditation from Moody and has a documented Quality Management System fully endorsed by the company's top management.

Our first base in **Manoel Island**, Malta

Works for **AGIP** in 1985

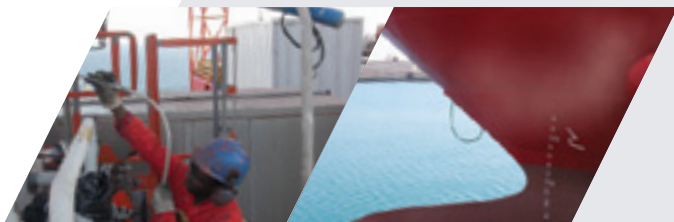

COMMITTED PARTNER

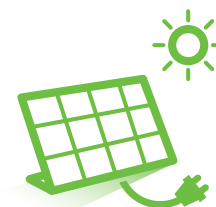

Our core strength is the proven ability to build long-term, value-adding business relationships with customers.

Our role as a service provider is to help our clients succeed, to make their challenges our own and to offer a seamless service that enables them carry out their operations with minimal disruption.

We ensure that our years of experience can provide benefit at every stage of our clients' operations. With careful planning and close collaboration, we treat each project as unique and will work hard to create the best possible solution.

MEDSERV & THE ENVIRONMENT

RENEWABLE ENERGY

Besides a PV installation that powers the Medserv Head Office and base in Malta Freeport, Medserv Malta has also invested in a Solar Farm that produces enough solar power to provide for the energy needs of approximately 350 families.

- Size of system: 2.05MWp
- Number of panels: 8211 panels x 250w
- Average production: 3420MW hours per year
- Saved CO₂ emissions: 2975.30 Metric tons per year

ENVIRONMENTAL MANAGEMENT

Medserv is committed to the highest standard of health, safety and environmental responsibility. The company's Occupational Health and Safety Management System complies with OHSAS 18001 for Occupational Health and Safety; ISO 14001 for Environmental Management; ISO 9001 for Quality; IMDG (IMO) Code for Dangerous Goods Handling - with specific objectives and targets for Waste Management and Prevention of Pollution.

PARTNERS OF CHOICE

MEDSERV WAS INCORPORATED IN 1974, AND HAS SERVED AS THE MOST SIGNIFICANT OFFSHORE LOGISTICAL SUPPORT PROVIDER FOR THE CENTRAL MEDITERRANEAN.

Since then, the strength of our brand promise means we have become a Partner of Choice. Our clients increasingly request our know-how and support outside of the Mediterranean basin. From consultancy projects to full facility management capability, we are today geared to follow the customer and provide services outside of our fully-owned, dedicated support bases.
