B.13 In the short to medium term future the Group intends to invest in each of the following proposed projects: (i) the Bavaria Towers office development project in a strategic location in Munich, Germany; (ii) prospective office development projects in Poland, specifically the Andersia Silver development in Poznań and the Nowy Świat Atrium in Warsaw; (iii) a hotel development and refurbishment project concerning the IBB Hotel Długi Targ in Gdańsk, Poland; and (iv) IBB Hotel Collection operations in the pipeline, specifically the IBB Cugo Grand Harbour located in Senglea, Malta, the IBB Hotel Valletta Merkanti located in the downtown city centre of Malta's historic capital Valletta, the IBB Hotel Ingelheim located in the downtown city centre of Ingelheim, Germany, the IBB Hotel Kempten Allgäutower located in the city centre of Kempten, Germany and the IBB Hotel Paderborn located in the city centre of Paderborn, Germany. The Group intends to raise funds for the financing of these projects partially through the Bond Issue, with the remaining capital expenditure being funded by bank finance and own funds.

Save for the above, the Group is not party to any other material investments, and has not entered into or committed for any principal investments subsequent to 31 December 2015, being the date of the latest audited consolidated financial statements of the Guarantor, and the Guarantor is not aware of any recent events which are, to a material extent, relevant to the evaluation of its solvency.

B.14 The Issuer is not intended to undertake any trading activities itself apart from the raising of capital and the advancing thereof to members of the Group. Accordingly, the Issuer is economically dependent principally on the financial and operating performance of the businesses of Group entities, comprising the development of high quality office buildings and other property developments, as well as owning and managing hotel and residential properties in several European countries.

The Issuer does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company. The Issuer is, therefore, intended to serve as a vehicle through which the Group will continue to finance its future projects, principally and in the immediate future the projects identified in Element B.13 immediately above, as well as other projects that may be undertaken by its subsidiary companies.

The Guarantor is the parent company of the Group, the operations of which have, to date, been largely divided into two segments – property development and hotel operations. The core business of the Group is high quality office and hotel developments, including refurbishment of historical buildings, as well as hotel management through its IBB Hotel Collection brand.

B.15 The Issuer was set up and established to act as a finance company. In terms of its Memorandum of Association, the main object for which the Issuer is constituted is to purchase or otherwise acquire, under any title whatsoever, to hold and manage, by any title, movable and immovable property or other assets, including but not limited to securities and other financial interests.

The Guarantor, as the parent company of the Group, is principally engaged, through several subsidiaries spread across five jurisdictions, in the business of developing high quality office buildings and other property developments, as well as owning and managing hotel and residential properties in several European countries, presently Poland, Germany and Spain. In terms of its Memorandum of Association, the Guarantor is, amongst other things, empowered to guarantee the payment of monies or the performance of any contract or obligation in

VON DER HEYDEN GROUP

which the Guarantor may be interested, even by the hypothecation of the Guarantor's property, whether present or future.

- B.16 The Issuer's current authorised and issued share capital is €250,000 divided into 249,999 ordinary A shares of €1 each and 1 ordinary B share of €1, all fully paid up. The Guarantor holds 249,999 ordinary A shares of €1 each and FJV Management Limited holds 1 ordinary B share of €1.

The authorised share capital of the Guarantor is €50,000,000 divided into 20,000,000 ordinary A shares of €1 each and 30,000,000 ordinary B shares of €1 each. The issued share capital of the Guarantor is €3,804,641 divided into 3,249,924 ordinary A shares of €1 each held by Von der Heyden Group Holdings S.AR.L and 554,717 ordinary B shares of €1 each held by Trusthigh Holdings Limited (with a share premium of €8.013605136 each).

- B.17 *Not Applicable*: neither the Issuer nor the Guarantor have sought the credit rating of an independent rating agency and there has been no assessment by any independent rating agency of the Bonds issued by the Issuer.
- B.18 For the purposes of the guarantee, the Guarantor stands surety with the Issuer and irrevocably and unconditionally undertakes to affect the due and punctual performance of all the payment obligations undertaken by the Issuer under the Bonds if the Issuer fails to do so. Accordingly, until such time as the Bonds remain in issue, the Guarantor undertakes to pay on an on-going basis, interest which may become due and payable during the term of the Bonds and the principal amount of the Bonds on the Redemption Date should the Issuer default in paying the Bondholders under the Bonds. The Guarantor's obligations under the guarantee shall remain in full force and effect until no sum remains payable to any Bondholder pursuant to the issue of the Bonds.

3 SECTION C - SECURITIES

- C.1 The Issuer shall issue an aggregate of €25,000,000 in unsecured Bonds 2024 having a nominal value of €1,000 per bond, subject to a minimum subscription of €2,000 in Bonds and multiples of €1,000 thereafter. The Bonds will be issued in fully registered form and will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. On admission to trading the Bonds will have the following ISIN number MT0001401208. The Bonds shall bear interest at the rate of 4.4% per annum and shall be repayable in full upon maturity unless they are previously re-purchased and cancelled. The Bond Issue is guaranteed by the Guarantor.
- C.2 The Bonds are denominated in Euro (€).
- C.5 The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (in multiples of €1,000) in accordance with the rules and regulations of the MSE applicable from time to time.
- C.8 Investors wishing to participate in the Bonds will be able to do so by duly executing the appropriate Application Form in relation to the Bonds. Execution of the Application Form will entitle such investor to: (i) the payment of interest; (ii) the payment of capital; (iii) ranking with respect to other indebtedness of the Issuer and Guarantor in accordance with the status of the Bonds, as follows: "the Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other outstanding and unsecured debt of the Issuer and the Guarantor, present and future"; (iv) attend, participate in and vote at meetings of Bondholders in accordance with the Terms and Conditions of the Bond Issue; and (v) enjoy all such other rights attached to the Bonds emanating from the Prospectus.

The Group's indebtedness as at 31 December 2016 amounted in aggregate to €27,279,796.77, including bank loans. The relative bank borrowings are secured by privileges and hypothecs and, therefore, the indebtedness being created by the Bonds ranks after these bank borrowings. The Bonds would also rank after any future debts which may be secured by a cause of preference such as a privilege and/or a hypothec.

- C.9 The Bonds shall bear interest from and including 8th March 2017 at the rate of 4.4% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be effected on 8th March 2018. For Bonds issued at the Bond Issue Price, the gross yield calculated on the basis of the Interest, the Bond Issue Price and the Redemption Value of the Bonds at Redemption Date is 4.4%.

VON DER HEYDEN GROUP

The remaining component of Element C.9 is not applicable, given that no representative of debt security holders has been appointed.

- C.10 *Not Applicable*: there is no derivative component in the interest payments on the Bonds.
- C.11 The Listing Authority has authorised the Bonds as admissible to Listing pursuant to the Listing Rules by virtue of a letter dated 30 January 2017. Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Prospectus to be listed and traded on its Official List. The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 10th March 2017 and trading is expected to commence on 13th March 2017. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

4 SECTION D – RISKS

Holding of a bond involves certain risks. Prospective investors should carefully consider, with their own independent financial and other professional advisors, the following risk factors and other investment considerations, as well as all the other information contained in the Prospectus before deciding to acquire the Bonds. Prospective investors are warned that by investing in the Bonds they may be exposing themselves to significant risks that may have the consequence of losing a substantial part or all of their investment.

The Prospectus contains statements that are, or may be deemed to be, "forward-looking statements", which relate to matters that are not historical facts and which may involve projections of future circumstances. They appear in a number of places throughout the Prospectus and include statements regarding the intentions, beliefs or current expectations of the Issuer, the Guarantor and/or their respective directors. These forward-looking statements are subject to a number of risks, uncertainties and assumptions and important factors that could cause actual risks to differ materially from the expectations of the Issuer's and Guarantor's respective directors. No assurance is given that the future results or expectations will be achieved.

Authorised Intermediaries are to determine the suitability of prospective investors' investment in the Bonds in the light of said prospective investors' own circumstances. The Bonds may not be a suitable investment for all investors. In particular, Authorised Intermediaries should determine whether each prospective investor: (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Prospectus or any applicable supplement; (ii) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency; (iii) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and (iv) is able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks.

Below is a summary of the principal risks associated with an investment in the Issuer and the Bonds – there may be other risks which are not mentioned in this summary. Investors are, therefore, urged to consult their own financial or other professional advisors with respect to the suitability of investing in the Bonds.

D.2 Essential information on the key risks specific to the Issuer, the Guarantor, the Group and its business:

Since the Issuer was incorporated on 15 September 2016, it has no trading record or history of operations. Furthermore, the Issuer itself does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company solely for the needs of the Group, and, as such, its assets are intended to consist primarily of loans issued to Group companies. The Issuer is mainly dependant on the business prospects of the Group and, therefore, the operating results of the Group have a direct effect on the Issuer's financial position. Accordingly, the risks of the Issuer are indirectly those of the Group, and, in turn, all risks relating to the Group are the risks relevant to the Guarantor.

The operations of the Group and its operating results are subject to a number of factors that could adversely affect its business and financial condition, some of which are beyond the Group's control:

- i. The Group has a trading history in mixed-use real estate developments that consist principally of hotels, residential and office property. The hotel industry globally is characterised by strong and increasing competition. Many of the Group's current and potential competitors may have longer operating histories,

VON DER HEYDEN GROUP

greater name recognition, larger customer bases and greater financial and other resources than the Group. Severe competition in certain countries and changes in economic and market conditions could adversely affect the Group's business and operating results.

- ii. The Group may not be able to realise the benefits it expects from investments made in its properties under development for reasons including cost overruns, insufficiency of resources to complete the projects, sale or rental transactions not being effected at the prices and within the timeframes envisaged, or delays or refusals in obtaining the necessary planning permissions or other building and other required permits and authorisations.
- iii. The hotel industry may be adversely affected by natural disasters, terrorist activity and war, which events, if occurring in locations where the Group owns and/or operates hotels, could directly or indirectly affect travel patterns and reduce the number of business and leisure travelers in affected countries and reduce the demand for hotel accommodation at the Group's hotels.
- iv. The Group may not be able to obtain the capital it requires for development or improvement of existing or new investments on commercially reasonable terms, or at all, including increases in borrowing costs or decreases in loan funding, also taking into account the need, from time to time, for the Group's properties to undergo renovation, refurbishment or other improvements.
- v. The Group may be exposed to environmental liabilities attaching to real estate property, such as costs for the removal, investigation or remediation of any hazardous or toxic substances that may be located on or in, or which may have migrated from, a property owned or occupied by it, which costs may be substantial.
- vi. The value of the Group's property portfolio may fluctuate as a result of factors outside the Group's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, and interest and inflation rate fluctuations. There is no assurance that valuations of Group properties and property-related assets will reflect actual market values that could be achieved upon a sale.
- vii. An increase in the supply of commercial space could impact negatively upon capital values and income streams of the Group's property portfolio. The Group may also be impacted by increased competition from other similar developments and rising operating costs.
- viii. The Group is dependent on tenants fulfilling their obligations under their lease agreements and, accordingly, the business, revenue and projected profits of the Group would be negatively impacted if tenants fail to honour their respective lease obligations.
- ix. In view of the fact that the Group is, in part, a property holding organisation, coupled with the fact that property is a relatively illiquid asset, such illiquidity may affect the Group's ability to vary its portfolio or dispose of or liquidate part of its portfolio in a timely manner and at satisfactory prices in response to changes in economic, real estate, market or other conditions.
- x. All industries, including the leisure and real estate / property development industries, are subject to legal claims, with and without merit. Defence and settlement costs can be substantial, even with respect to claims that have no merit.
- xi. If one or more of the key personnel of the Group were unable or unwilling to continue in their present position, they may not be replaceable within the short term, which could have an adverse effect on the Group's business, financial condition and results of operations.
- xii. Historically, the Group has maintained insurance at levels determined by the Group to be appropriate in light of the cost of cover and the risk profiles of the businesses in which the Group operates. With respect to losses for which the Group is covered by its policies, it may be difficult and may take time to recover such losses from insurers. In addition, the Group may not be able to recover the full amount from the insurer.

D.3 Essential information on the key risks specific to the Bonds:

An investment in the Bonds involves certain risks, including those set out below in this section. In deciding whether to make an investment in the Bonds, prospective investors are advised to carefully consider, with their own independent financial and other (including tax, accounting, credit, legal and regulatory) professional advisors, the following risk factors (not listed in order of priority) and other investment considerations, together with all the other information contained in the Prospectus.

- i. The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Issuer's Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market

VON DER HEYDEN GROUP

in which the Bonds are traded, over which the Issuer has no control. Many other factors over which the Issuer has no control may affect the trading market for, and trading value of, the Bonds. These factors include the time remaining to the maturity of the Bonds, the outstanding amount of the Bonds and the level, direction and volatility of market interest rates, generally. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. There can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.

- ii. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- iii. A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different.
- iv. No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- v. The Bonds shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor, and shall at all times rank *pari passu*, without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, shall rank without priority and preference to all other present and future unsecured obligations of the Issuer and the Guarantor. The Bonds will, however, rank subordinate to the present and future secured creditors of the Issuer and the Guarantor. In view of the fact that the Bonds are being guaranteed by the Guarantor, Bondholders are entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount, when due. The strength of this undertaking on the part of the Guarantor is directly linked to the financial position and solvency of the Guarantor.
- vi. In the event that the Issuer wishes to amend any of the Terms and Conditions of issue of the Bonds it shall call a meeting of Bondholders. The provisions relating to meetings of Bondholders permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority.
- vii. The Bonds and the terms and conditions of the Bond Issue are based on the requirements of the Listing Rules, the Companies Act and the Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

5 SECTION E – OFFER

- E.2b The proceeds from the Bond Issue, which net of Bond Issue expenses are expected to amount to approximately €24,625,000, will be used by the Issuer for the following purposes, in the following amounts and order of priority: (i) €1,750,000 shall be advanced, pursuant to a loan agreement, by the Issuer to Bogenhausener Tor Immobilien GmbH (which entity is owned as to 38.5% by the Group) in connection with the Bavaria Towers development project to finance cash deposit for bank financing and investment expenses; (ii) €4,000,000 shall be advanced, pursuant to loan agreements, by the Issuer to Andersia Property Sp. z o.o. and Andersia Retail Sp. z o.o. in connection with the Andersia Silver development project for investment purposes and to fulfil expected equity requirements (Andersia Retail Sp. z o.o. owns the Andersia Silver property and is owned as to 42.5% by the Group); (iii) €936,000 shall be advanced, pursuant to a loan agreement, by the Issuer to Lublin Grand Hotel Sp. z o.o. to fund the refurbishment of the third floor of the IBB Grand Hotel Lublinianka and to purchase the remaining 25% of the shares in Lublin Grand Hotel Sp. z o.o., the owner of the said hotel (which entity is, as at the date of the Prospectus, owned as to 75% by the Group); (iv) €250,000 shall be advanced, pursuant to a loan agreement, by the Issuer to Długi Targ Sp. z o.o. (which entity is owned as to 50% by the Group) to be applied to the Długi Targ development project; (v) €1,000,000 shall be advanced, pursuant to a loan agreement, by the Issuer to Von der Heyden Group Holdings S.A.R.L which will, in turn, invest said funds in a 50-50 joint venture Maltese company to be incorporated for the purpose of developing of an office building in Valletta, Malta; (vi) €3,200,000 shall be advanced, pursuant to loan agreements, by the Issuer to Group companies for the purpose of part-funding other prospective development projects in Malta and Europe; (vii) €1,383,000 shall be advanced, pursuant to loan agreements, by the Issuer to Group hotel operating companies to be applied to working capital facilities in respect of the proposed expansion of the IBB Hotel Collection in Europe (including Malta); (viii) €1,895,000 shall be advanced, pursuant to loan agreements, by the Issuer to Group hotel operating companies to be applied to rental deposits in respect of the proposed expansion of the IBB Hotel Collection in Europe (including Malta); (ix) €10,000,000 shall be used to carry into effect a refinancing of Group receivables and in return also a complete

VON DER HEYDEN GROUP

repayment of any direct debt of the Guarantor; and (x) the remaining balance of €211,000 shall be used for the Group's general corporate funding requirements in Malta, including operational costs. In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for and the proceeds from the Bond Issue shall be applied in the manner and order of priority set out above. Any residual amounts required by the Issuer for the purposes of the uses specified above which shall not have been raised through the Bond Issue shall be financed from the Group's general cash flow and/or bank financing.

- E.3 The Bonds are open for subscription by Authorised Intermediaries through an Intermediaries' Offer. The total amount of €25,000,000 of Bonds is being reserved for subscription by Authorised Intermediaries participating in the Intermediaries' Offer. In this regard, the Issuer may enter into conditional subscription agreements with a number of Authorised Intermediaries for the subscription of Bonds, whereby it will bind itself to allocate Bonds thereto up to the total amount of €25,000,000 as aforesaid during the Intermediaries' Offer. In terms of each subscription agreement entered into with an Authorised Intermediary, the Issuer will be conditionally bound to issue, and each Authorised Intermediary will conditionally bind itself to subscribe for, a number of Bonds as indicated therein subject to the Bonds being admitted to trading on the Official List. Authorised Intermediaries subscribing for Bonds may do so for their own account or for the account of underlying customers, including retail customers, and shall, in addition, be entitled to distribute any portion of the Bonds subscribed for upon commencement of trading.

Applications for subscriptions to the Bonds may be made through the Sponsor, Manager & Registrar during the Issue Period on a first-come-first-served basis. The Issue Period shall close immediately upon attaining full subscription or on the last day of the Issue Period, whichever is the earliest. The Issuer will determine and announce the allocation policy for the Bonds within five (5) Business Days of the closing of the Issue Period. The results of the offer, including the allocation policy, will be announced through a company announcement. It is expected that allotment letters will be dispatched to Bondholders within five (5) Business Days of the date of the announcement of the allocation policy.

The following is a synopsis of the general terms and conditions applicable to the Bonds. A Bondholder is deemed to have invested only after having received, read and understood the contents of the Prospectus, including the full terms and conditions contained in the annexes thereto:

2 RISK FACTORS

PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER WITH THEIR OWN INDEPENDENT FINANCIAL AND OTHER PROFESSIONAL ADVISORS THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THIS REGISTRATION DOCUMENT, BEFORE MAKING ANY INVESTMENT DECISION WITH RESPECT TO THE ISSUER AND/OR THE GUARANTOR. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND NEITHER THE ISSUER NOR THE GUARANTOR ARE IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING. THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES.

IF ANY OF THE RISKS DESCRIBED BELOW WERE TO MATERIALISE, THEY COULD HAVE A SERIOUS EFFECT ON THE ISSUER’S AND/OR GUARANTOR’S FINANCIAL RESULTS AND TRADING PROSPECTS AND ON THE ABILITY OF THE ISSUER AND/OR GUARANTOR TO FULFIL THEIR RESPECTIVE OBLIGATIONS UNDER THE SECURITIES ISSUED BY THE ISSUER FROM TIME TO TIME. THE RISKS AND UNCERTAINTIES DISCUSSED BELOW ARE THOSE IDENTIFIED AS SUCH BY THE DIRECTORS OF THE ISSUER AND THE GUARANTOR AS AT THE DATE OF THE PROSPECTUS, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER AND GUARANTOR FACE. ADDITIONAL RISKS AND UNCERTAINTIES, INCLUDING THOSE WHICH THE ISSUER’S AND/OR GUARANTOR’S DIRECTORS ARE NOT CURRENTLY AWARE OF, MAY WELL RESULT IN A MATERIAL IMPACT ON THE FINANCIAL CONDITION AND OPERATIONAL PERFORMANCE OF THE ISSUER AND/OR GUARANTOR.

VON DER HEYDEN GROUP

NEITHER THE PROSPECTUS NOR ANY OTHER INFORMATION SUPPLIED HEREIN IN CONNECTION WITH SECURITIES ISSUED BY THE ISSUER: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE GUARANTOR OR THE SPONSOR, MANAGER & REGISTRAR OR AUTHORISED INTERMEDIARIES THAT ANY RECIPIENT OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, SHOULD PURCHASE ANY SECURITIES ISSUED BY THE ISSUER. PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS OF THIS DOCUMENT.

2.1 Forward-looking statements

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and Guarantor's strategies and plans relating to the attainment of their respective objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances. Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "believe", or similar phrases. Such forward-looking statements are inherently subject to a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's and Guarantor's control.

Important factors that could cause actual results to differ materially from the expectations of the Issuer's and/or Guarantor's directors include those risks identified under this heading "*Risk Factors*" and elsewhere in the Prospectus. If any of the risks described were to materialise, they could have a serious effect on the Issuer's and/or Guarantor's financial results, trading prospects and the ability of the Issuer and/or Guarantor to fulfil their respective obligations under the securities to be issued.

Accordingly, the Issuer cautions prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and/or Guarantor with respect to future results and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Prospectus in its entirety and, in particular, the sections entitled "*Risk Factors*" for a further discussion of the factors that could affect the Issuer's and/or Guarantor's future performance. In the light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in the Prospectus may not occur. All forward-looking statements contained in the Prospectus are made only as at the date hereof. The Issuer, Guarantor and their respective directors expressly disclaim any obligations to update or revise any forward-looking statements contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds will be repayable in full upon maturity, unless the Bonds are previously re-purchased and cancelled. An investment in the Bonds involves certain risks, including those described below.

2.2 General

Authorised Intermediaries are to determine the suitability of prospective investors' investment in the

VON DER HEYDEN GROUP

Bonds in the light of said prospective investors' own circumstances. The Bonds may not be a suitable investment for all investors. In particular, Authorised Intermediaries should determine whether each prospective investor:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Prospectus or any applicable supplement;
- (ii) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iii) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and
- (iv) is able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks.

2.3 Risks relating to the Issuer's reliance on the Group

The Issuer was incorporated on 15 September 2016 and, accordingly, has no trading record or history of operations. Furthermore, the Issuer itself does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company solely for the needs of the Group, and, as such, its assets are intended to consist primarily of loans issued to Group companies.

The Issuer is dependent on the business prospects of the Group and, consequently, the operating results of the Group have a direct effect on the Issuer's financial position. Therefore, the risks intrinsic in the business and operations of Group companies have a direct effect on the ability of the Issuer and the Guarantor to meet their respective obligations in connection with the payment of interest on the Bonds and repayment of principal when due. Accordingly, the risks of the Issuer are indirectly those of the Group, and, in turn, all risks relating to the Group are the risks relevant to the Guarantor.

Specifically, the Issuer is principally dependent, including for the purpose of servicing interest payments on the Bonds and the repayment of the principal amount on Redemption Date, on income derived from dividends receivable from Group companies and the receipt of interest payments and loan repayments from Group companies.

The interest payments and loan repayments to be affected by Group companies are subject to certain risks. More specifically, the ability of Group companies to affect payments to the Issuer will depend on the cash flows and earnings of such Group companies, which may be restricted: by changes in applicable laws and regulations; by the terms of agreements to which they are or may become party; or by other factors beyond the control of the Issuer and/or Guarantor. The occurrence of any such factor could, in turn, negatively affect the ability of the Issuer and the Guarantor to meet their respective obligations in connection with the payment of interest on the Bonds and repayment of principal when due.

VON DER HEYDEN GROUP

2.4 Risks relating to the Group and its business

2.4.1 General

Whilst the Issuer and Guarantor are registered in Malta, all of their respective assets, operations, business interests and activities are presently located or conducted in Poland, Germany and Spain, in each case through entities registered in the relevant jurisdiction.

The Group has a trading history in mixed-use real estate developments that consist principally of hotels, residential and office property. The hotel industry globally is characterised by strong and increasing competition. Many of the Group's current and potential competitors may have longer operating histories, greater name recognition, larger customer bases and greater financial and other resources than the Group. Severe competition in certain countries and changes in economic and market conditions could adversely affect the Group's business and operating results.

The Group's operations and the results of its operations are subject to a number of factors that could adversely affect the Group's business, many of which are common to the hotel and real estate industry and are beyond the Group's control.

2.4.2 The Group may not be able to realise the benefits it expects from investments made in its properties under development

The Group's business, through subsidiaries or associated entities, consists of the acquisition, development and, in certain cases, operation of mixed-use real estate projects, comprising hotels, residences and office spaces. Property acquisition and real estate development projects are subject to a number of specific risks, many of which are beyond the Group's control, including: the risk of cost overruns; insufficiency of resources to complete the projects; general industry trends, including the cyclical nature of the real estate market; sale or rental transactions not being effected at the prices and within the timeframes envisaged; changes in local market conditions, such as an oversupply of similar properties or a reduction in demand for real estate; shortages and/or price increases in raw materials or other construction inputs, such as, among others, cement, steel, energy and other utilities; acts of nature that may damage the properties or delay their development; higher interest costs; and the erosion of revenue generation. If these risks were to materialise they would have an adverse impact on the Group's revenue generation, cash flows and financial performance.

Renovating, refurbishing or otherwise improving existing properties to maintain the desired standards, and acquiring and developing new and commercially viable properties, is key to the Group's business and growth strategy. The development and/or improvement of the Group's properties in the future presents a number of risks, including: market disruption or oversupply, which may result in the Group being unable to achieve appropriate room rates or sell / let residential and/or office units at the prices it anticipates, potentially requiring changes in the Group's pricing strategy that could result in significant losses or charges; and construction delays, cost overruns, lender financial defaults or "acts of God" such as earthquakes, hurricanes, floods or fires, which could increase overall project costs or result in project cancellations.

The Group is also exposed to the risk of delays or refusals in obtaining the necessary planning permissions or other building and other required permits and authorisations, which is a risk commonly associated with property development projects. Delays or refusals in the issuance of development permits for projects

VON DER HEYDEN GROUP

earmarked by Group companies for construction would have an adverse effect on the business, financial condition and profitability of the Group.

Furthermore, the Group is subject to various counter-party risks, including the risk of counter-parties, such as contractors and sub-contractors engaged in the demolition, excavation, construction and finishing of developments in which the Group may be involved, and prospective lessors and/or purchasers, defaulting on their obligations with the Group. Such parties (which may include both third parties as well as related parties) may default or fail to perform on their obligations to the Group due to insolvency, lack of liquidity, market or economic downturns, operational failure or other reasons which are beyond the Group's control.

If such risks, many of which are common to the real estate industry, were to materialise, they could have an adverse impact on the Group's revenue generation, cash flows and financial performance.

The Group's ability to realise the full benefits that it expects from investments made in properties will depend, in turn, on its ability to assess and minimise these risks in an efficient and cost effective manner. No assurance can be given that the Group will be able to deal with these risks in an efficient and cost effective manner.

2.4.3 The hotel industry could be adversely affected by natural disasters, terrorist activity and war

Natural disasters, the spread of contagious disease, industrial action, travel-related accidents, terrorist activity and war, and the targeting of hotels and popular tourist destinations in particular, have, in the past, had a significant negative impact on the hotel industry globally and such events could have a similarly negative impact on the industry in the future.

Events such as the afore-mentioned in locations where the Group owns and/or operates hotels could directly or indirectly affect travel patterns and reduce the number of business and leisure travelers in affected countries and reduce the demand for hotel accommodation at the Group's hotels. In addition, concerns about air travel safety could substantially decrease the overall amount of air travel, including premium business travel, which is generally associated with the highest average daily rates at hotels. Such a decrease could have an adverse impact on occupancy levels in hotels owned and/or operated by the Group.

Furthermore, actual or threatened war, terrorist activity, political unrest, civil strife and other geopolitical uncertainty may also reduce overall demand for business and leisure travel. The occurrence of any of these events or increasing concerns about these events could have a material adverse impact on the business, financial condition, results of operations and prospects of the Group.

2.4.4 The Group may not be able to obtain the capital it requires for development or improvement of existing or new investments on commercially reasonable terms, or at all

The Group's ability to implement its business strategies is dependent upon, amongst other things, its ability to generate sufficient funds internally and to access financing at acceptable costs. No assurance can be given that sufficient financing for its current and future investments will be available on commercially reasonable terms or within the timeframes required by the Group, also taking into account the need, from time to time, for the Group's properties to undergo renovation, refurbishment or other improvements. Any weakness in the capital markets may limit the Group's ability to raise capital for completion of

VON DER HEYDEN GROUP

projects that have commenced or for development of future investments. Failure to obtain, or delays in obtaining, the capital required to complete current or future developments on commercially reasonable terms, including increases in borrowing costs or decreases in loan funding, may limit the Group's growth and materially and adversely affect its business, financial condition, results of operations and prospects.

2.4.5 The Group may be exposed to environmental liabilities attaching to real estate property

Group companies may become liable for the costs of removal, investigation or remediation of any hazardous or toxic substances that may be located on or in, or which may have migrated from, a property owned or occupied by it, which costs may be substantial. Group companies may also be required to remove or remediate any hazardous substances that they may cause or knowingly permit at any property that they own or may in future own. Laws and regulations, which may be amended over time, may also impose liability for the presence of certain materials or substances or the release of certain materials or substances into the air, land or water or the migration of certain materials or substances from a real estate investment, including asbestos, and such presence, release or migration could form the basis for liability to third parties for personal injury or other damages. These environmental liabilities, if realised, could have a material adverse effect on the Group's business, financial condition and results of operations.

2.4.6 Fluctuations in property values

As stated above, the Group is involved in the acquisition and disposal of properties. Property values are affected by and may fluctuate, *inter alia*, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the Group's property portfolio may also fluctuate as a result of other factors outside the Group's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, and interest and inflation rate fluctuations.

The Group's operating performance could be adversely affected by a downturn in the property market in terms of capital values. The valuation of property and property-related assets is inherently subjective, due to, among other things, the individual nature of each property and the assumptions upon which valuations are carried out. Accordingly, there is no assurance that valuations of Group properties and property-related assets will reflect actual market values that could be achieved upon a sale. Actual values may be materially different from any future values that may be expressed or implied by forward-looking statements set out in the relative valuation or anticipated on the basis of historical trends, as reality may not match the assumptions made.

2.4.7 Exposure to general market conditions and other economic conditions

The health of the property and commercial rental market may be affected by a number of factors, such as national economy, political developments, government regulations, changes in planning or tax laws, interest rate fluctuations, inflation, the availability of financing and yields of alternative investments. An increase in the supply of commercial space could impact negatively upon capital values and income streams of the Group's property portfolio.

Adverse economic developments and trends could have a material impact on the business of the Group generally and may adversely affect rental revenues, property values and results of operations. In addition,

VON DER HEYDEN GROUP

the Group may be impacted by increased competition from other similar developments and rising operating costs.

2.4.8 Dependence on tenants and exposure to termination of lease agreements

The Group is dependent on tenants fulfilling their obligations under their lease agreements. The business, revenue and projected profits of the Group would be negatively impacted if tenants fail to honour their respective lease obligations.

The Group is also subject to the risk that tenants may terminate or elect not to renew their respective leases, either due to the expiration of the lease term or due to an early termination of the lease. In cases of early termination by tenants prior to the expiration of the lease term there is a risk of loss of rental income if the tenant is not replaced in a timely manner.

2.4.9 Liquidity risk

In view of the fact that the Group is, in part, a property holding organisation, coupled with the fact that property is a relatively illiquid asset, such illiquidity may affect the Group's ability to vary its portfolio or dispose of or liquidate part of its portfolio in a timely manner and at satisfactory prices in response to changes in economic, real estate, market or other conditions, or the exercise by tenants of their contractual rights such as those which enable them to vacate properties occupied by them prior to, or at, the expiration of the lease term. These factors could have an adverse effect on the Group's financial condition and results.

2.4.10 Risks relating to fluctuations in exchange rates and other regional economic developments

The Group's operations are in part exposed, in the case of transactions not denominated in Euro, to foreign currency risk on transactions, receivables and borrowings that are denominated in a currency other than the Euro. As a result, exchange gains and losses may arise on the realisation of amounts receivable and the settlement of amounts payable in foreign currencies.

The Group can be impacted by transaction risk, being the risk that the currency of the costs and liabilities of Group companies fluctuates in relation to the Euro (being the reporting currency of all Group companies), which fluctuation may adversely affect the Group's operating performance.

Group companies are exposed to the risks of global and regional adverse economic developments that could result in the lowering of revenues and in reduced income. Since 2010, a number of European Union member states have been implementing austerity measures in an effort to reduce government deficits, with such measures resulting in increased taxes and reduction in social spending, consequently materially affecting disposable income.

These measures and any further unexpected changes in the political, social or economic conditions of certain countries, may reduce leisure and business travel to and from those affected countries, which, in turn, may adversely affect relevant Group companies' room rates and/or occupancy levels and other income-generating activities, and could potentially lead to increased costs through increased taxes in those particular countries, ultimately resulting in the deterioration of the Group's business and/or operating results in the affected countries.

VON DER HEYDEN GROUP

2.4.11 Litigation risk

All industries, including the leisure and real estate / property development industries, are subject to legal claims, with and without merit. Defence and settlement costs can be substantial, even with respect to claims that have no merit. Due to the inherent uncertainty of the litigation and dispute resolution process, there can be no assurance that the resolution of any particular legal proceeding or dispute will not have a material adverse effect on the Group's future cash flow, results of operations or financial condition.

2.4.12 Reliance on key senior personnel and management

The Group's growth since inception is, in part, attributable to the efforts and abilities of key personnel of the Group. If one or more of these individuals were unable or unwilling to continue in their present position, they may not be replaceable within the short term, which could have an adverse effect on the Group's business, financial condition and results of operations.

In common with many businesses, the Group will be relying heavily on the contacts and expertise of its senior management teams and other key personnel. Although no single person is solely instrumental in fulfilling the Group's business objectives, there is no guarantee that these objectives will be achieved to the degree expected following the possible loss of key personnel.

2.4.13 The Group's insurance policies

Historically, the Group has maintained insurance at levels determined by the Group to be appropriate in light of the cost of cover and the risk profiles of the businesses in which the Group operates. With respect to losses for which the Group is covered by its policies, it may be difficult and may take time to recover such losses from insurers. In addition, the Group may not be able to recover the full amount from the insurer. No assurance can be given that the Group's current insurance coverage would be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates.

2.4.14 Other risks

The Group is subject to taxation, planning, environmental and health and safety laws and regulations. As with any business, the Group is at risk in relation to changes in laws and regulations and the timing and effects of changes in the laws and regulations to which it is subject, including changes in the interpretation thereof which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus upon the business and operations of Group companies.

5.3 Group organisational structure

The Group has adopted a streamlined and cost-effective organisational structure which has expanded over the years in line with the Group's development phases and growth. The Group's organisational structure is considered to be instrumental in ensuring success in view of the fact that it allows the Guarantor to keep the strategic direction and development of the Group as its primary focus, while allowing the respective boards and management teams of the subsidiaries to focus on achieving the Group's operational objectives. IBB Hotel Management Europe Ltd, the Group's ultimate hotel management company, provides the necessary support, expertise and guidance to the subsidiaries with respect to operations of each hotel.

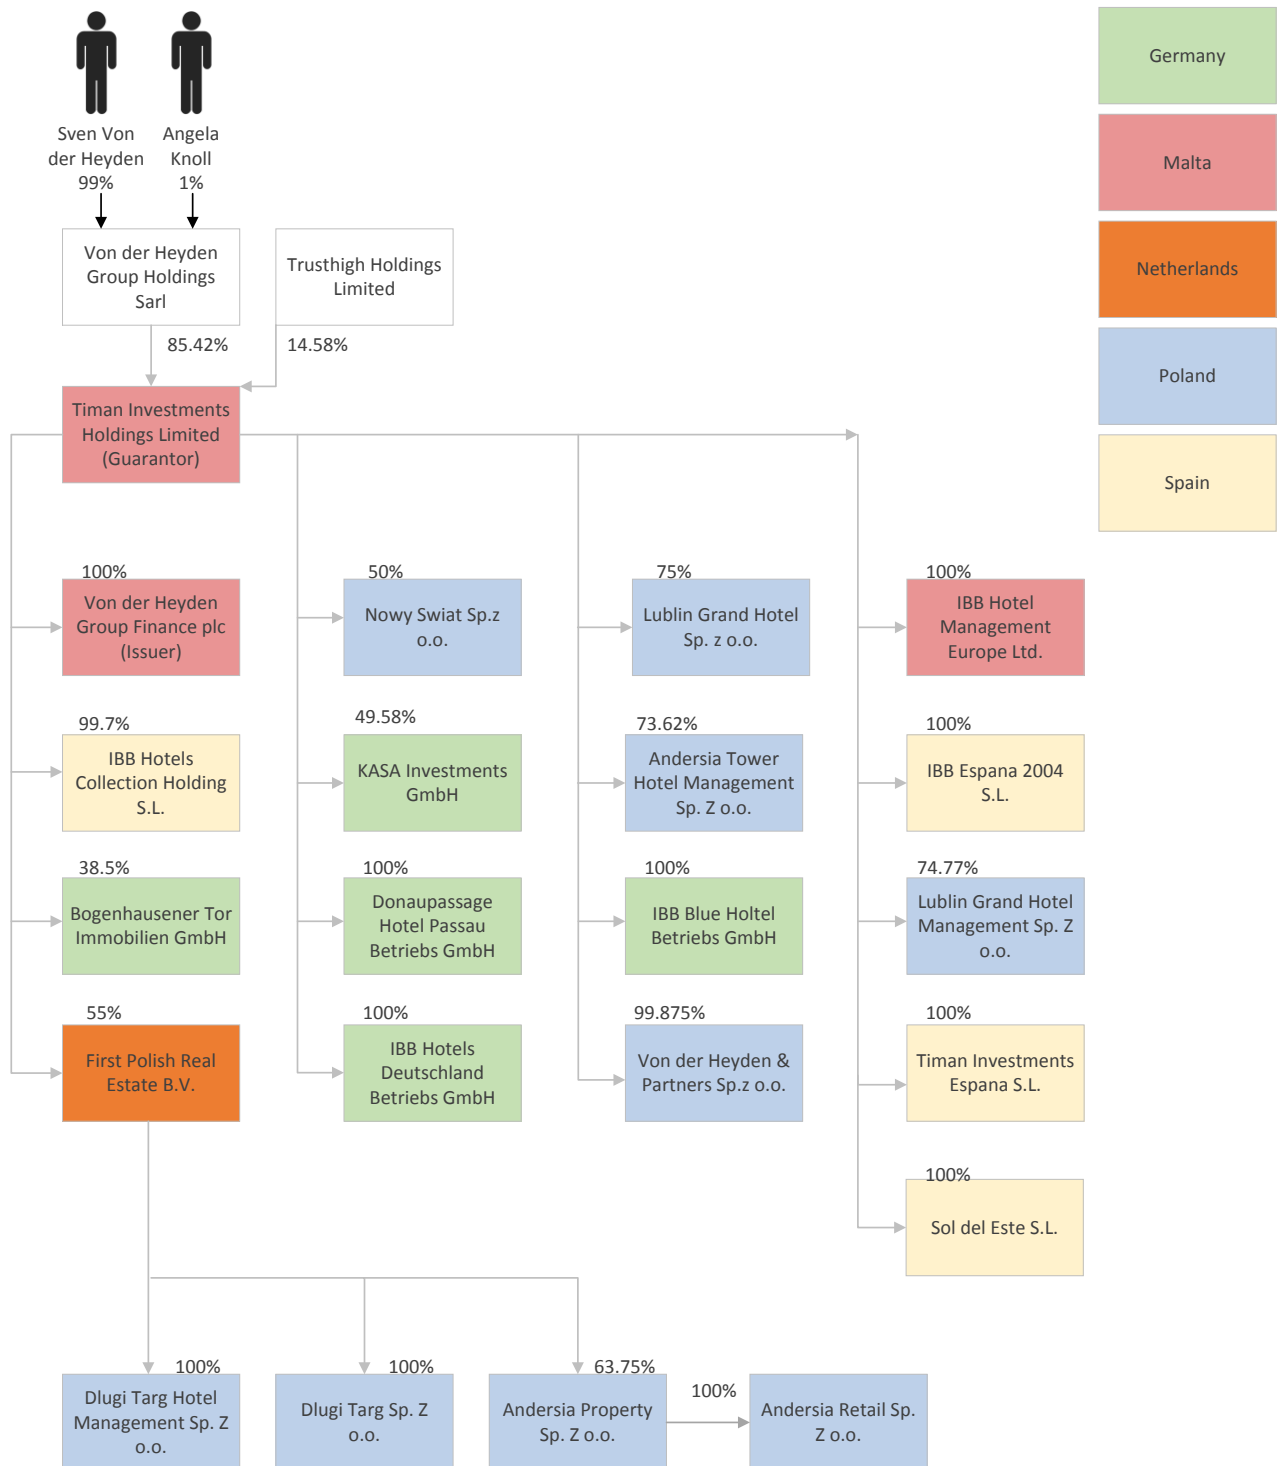

The Group has created a special purpose company for each development project, hotel property and operation. The Group's philosophy is based on the ownership of each development project/hotel property through a company established in the jurisdiction where development project/hotel property is located. This is driven principally by two factors: firstly, retaining a corporate structure that provides efficient tax treatment to the Group; and secondly, ensuring that each project/hotel property is vested with its own management structure entrusted with its operation. The latter approach suitably adheres to each project's need to take account of the particular environment and market in which it operates, although subject to the overall direction and the strategic parameters and objectives established by the Group's executive management team.

The Issuer is essentially a special purpose vehicle set up to act as a financing company for the needs of the Group, and, as such, it is dependent on the business prospects and operating results of Group entities. As the holding company of the Group, the Guarantor is, likewise, ultimately dependent on the operations and performance of its subsidiaries.

VON DER HEYDEN GROUP

The diagram below illustrates the principal subsidiaries and associates within the organisational structure of the Group as at the date of the Prospectus:

The complete list of Group companies is included in the consolidated audited financial statements of the Guarantor for the year ended 31 December 2015, which financial statements are available for inspection as indicated in section 17 of this Registration Document.

VON DER HEYDEN GROUP

6 TREND INFORMATION AND FINANCIAL PERFORMANCE

6.1 Trend information of the Issuer

As previously explained, the Issuer is a fully-owned subsidiary of the Guarantor (except for one share which is held by FJV Management Limited), the latter being the parent company of the Group, and has been set up to act as a financing company.

Accordingly, the Issuer's business is limited to the raising of capital for the financing of capital projects and the loaning of such capital to the Guarantor and/or its subsidiary companies, the collection of interest from Group entities and the settlement, in turn, of interest payable on capital raised from third parties, in the circumstances via the issue of listed bonds.

There has been no material adverse change in the prospects of the Issuer since the date of its incorporation.

6.2 Trend information of the Group

The European Commission forecasts that economic growth in Europe is expected to continue at a moderate pace, as recent labor market gains and rising private consumption are being counterbalanced by a number of hindrances to growth and the weakening of supportive factors¹. The predicted growth levels are still well below the peak years of 2007-2008 which is also expected by the Group's senior management to have an impact on the pace at which the Group's hotel revenues and rental income may grow in the coming year(s).

Furthermore, inflation in the Euro area was very low in the first half of the year 2016 due to falling oil prices, but started to pick up in the third and fourth quarter of 2016 as the impact of past price decreases began to wear off. Inflation is envisaged to climb moderately above 1% in 2017, as oil prices are assumed to rise. In addition to that, it is expected that the European Central Bank will limit its stimulus package in the medium to long run and will gradually phase it out once inflation approaches its 2 percent goal. The directors of the Issuer and Guarantor anticipate that this will have an impact on interest rates throughout Europe, which are expected to gradually rise resulting in a higher cost of (construction and investment) debt financing for the Group's new development and investment projects.

The Group recently secured its first hotel lease in Malta, with another 2 or 3 local projects in its pipeline. Depending on the number of hotels that can be opened in Malta in 2017 and onwards, the creation of economies of scale and, therefore, lower average operating costs per hotel, will likely have an impact on the overall profitability of the Group. In addition to that, the planned openings of several boutique hotels in Valletta by other hotel operators provides for a competitive hotel market with subsequent downward pressure on occupancy and revenue levels.

Save for the matters disclosed in this Registration Document, there has been no material adverse change in the prospects of the Guarantor since the date of its last published audited consolidated financial statements dated 31 December 2015.

At the time of publication of this Registration Document, the Issuer and the Guarantor consider that their respective future performance is intimately related to the performance of the Group. The Issuer and Guarantor consider that generally they shall be subject to the normal business risks associated with the industries in which the Group and subsidiary companies are involved and operate as disclosed in this

Income statement

The principal revenue stream of the Group is income generated from accommodation fees from its managed hotels and food and beverage revenue from these hotels. Accommodation revenue increased during FY2015 by approximately €1.0 million driven by the opening of the second hotel in Passau, IBB Hotel Passau Süd, and the IBB Hotel Cugó Gran in Menorca. Leasing revenue streams in FY2015 decreased due to the disposal of the Andersia Business Centre. The most significant hotel management revenue streams are derived from the two managed hotels in Poland, primarily the IBB Andersia Hotel and the IBB Grand Hotel Lublinianka. Revenues from the hotel management operations in Germany, where the Group managed two hotels in Passau as at FY2015, increased to approximately 29% of total revenue during FY2015 following the opening of the IBB Hotel Passau Süd.

Cost of sales primarily comprises operating expenses and staff costs, primarily incurred by the hotel management business line. Cost of sales increased by 11% during FY2015 to approximately €13.9 million due to an increase of 27% in wages and salaries, which increase was mainly driven by the opening of the two new managed hotels during FY2015. FY2015 cost of sales were also impacted by exchange translation losses of approximately €200,000 and professional fees amounting to approximately €400,000 in relation to key projects that should not be recurring.

Investment income primarily comprises interest income and gains on sale of assets. FY2013 includes a gain of approximately €2.7 million relating to the sale of the previously Group-owned IBB Erfurt Hotel.

VON DER HEYDEN GROUP

Fair value movements comprise fair value adjustments to significant associated entities. The FY2015 fair value movement of approximately €2.4 million was due to the revaluation of Bogenhausener Tor Immobilien GmbH, which entity holds the Group's interest in the Bavaria Towers development.

Goodwill of approximately €1.2 million was impaired during FY2015 relating to goodwill recognised on the acquisition of IBB Hotel Erfurt GmbH & Co. KG. The goodwill arose in the past from the acquisition by the Group of IBB Hotel Erfurt, resulting from the fact that the purchase price was higher than the fair value of the assets and liabilities. The hotel asset though was divested by the entity and the goodwill in its books depreciated.

Depreciation and amortisation constantly decreased during the period following the sale of buildings during FY2013 and FY2014 and the deconsolidation of Andersia Business Centre Sp. z o.o. during FY2015. Andersia Business Centre Sp. z o.o. was the entity through which the Group held its 85% interest in phase 3 of the Andersia Place development, a joint venture with the City of Poznan, consisting of the development and construction of Andersia Business Centre. After successful completion and leasing of the building, the shares in Andersia Business Centre Sp. z o.o. were sold to a third party in June 2015.

The Group generated €3.3 million in earnings before interest, tax, depreciation and amortisation in FY2013, €1.5 million in FY2014 and €2.8 million in FY2015 representing an EBITDA margin of 26% in FY2013, 11% in FY2014 and 20% in FY2015.

Operating losses amounted to €1.5 million in FY2013, whilst operating profits of €1.5 million were disclosed in FY2014. FY2015 performance was impacted by the significant operational losses incurred in the first year of opening of the IBB Hotel Cugó Gran and the IBB Hotel Passau Süd.

Financial position

The consolidated Group includes 25 subsidiaries and 6 associates in various countries. Associates are carried at fair value in the Group balance sheet. The FY2013 and FY2014 Group accounts include the consolidation of a significant subsidiary, Andersia Business Centre Sp. z o.o.. As stated above, the Group divested its shares in Andersia Business Centre Sp. z o.o. during FY2015 and the entity was deconsolidated. The deconsolidation of Andersia Business Centre Sp. z o.o. (assets of approximately €30.5 million and borrowings of approximately €26.1 million) impacts the comparability of the Group's consolidated financial position for FY2015.

Group assets primarily consist of land and buildings comprising hotels that are owned by the Group (64% of property, plant and equipment) and land held for redevelopment. Both items are consolidated, primarily comprising the Andersia Silver project detailed in sub-section 5.2.4.1 above (34% of property, plant and equipment in FY2015). Land and buildings are carried at the revalued amounts and approximately €12 million of revaluation reserves are carried in equity representing revaluation amounts to FY2015. The Group's participation in its most significant development is held in Bogenhausener Tor Immobilien GmbH, an associated entity that is not consolidated but carried at fair value as a financial asset. The FY2015 valuation of Bogenhausener Tor Immobilien GmbH amounted to €3.1 million which represents a very conservative value for the project taking into account the potential of the real estate market in the city of Munich. The Group's other principal assets are loans to unconsolidated related parties amounting to approximately €12.8 million and cash and equivalents. The most significant loan in an amount of €4.5 million is to Bogenhausener Tor Immobilien GmbH.

Group borrowings of €27 million in FY2015 are primarily due to banks (51%), other third parties (37%) and related parties (12%). The Group organises its borrowings on a non-recourse basis within the principal asset owning subsidiaries.

The Group registered a gross profit of €564,000 during HY16 (HY15: loss of €924,000) and profit before taxation of €466,000 (HY15: loss of €370,000). Although revenue decreased during HY16 compared to HY15 by approximately €1.0 million following the disposal of the Andersia Business Centre as detailed in sub-section 5.2.2.6 of this Registration Document, the Group's hotel management business line registered

VON DER HEYDEN GROUP

improved profitability. Accommodation revenue from the two managed hotels in Poland remained comparable to HY15 whilst accommodation revenue from the managed hotels in Passau, Germany increased substantially by 29%, including IBB Hotel Passau Süd which commenced operations during January 2015. Accommodation revenue from the IBB Hotel Cugó Gran which was opened during July 2015 increased to €397,000 during HY16. Cost of sales decreased by 30% during HY16 primarily due to the disposal of the Andersia Business Centre as aforesaid.

The Group's financial position for HY16 compared to HY15 was significantly impacted by the deconsolidation of Andersia Business Centre (assets of approximately €30.5 million and borrowings of approximately €26.1 million). The Group's debt-to-equity ratio decreased from 52% to 39% during the period.

6.4 Capital resources

The following table sets out the capitalisation and indebtedness of the Group as at 30 June 2016 and the estimate after reflecting the issue of the Bonds:

Gearing was calculated as net debt after bond issue divided by the aggregate equity and net third party debt.

6.5 Future investments

The Group's business development strategy consists of sourcing potential real estate developments, investments and hotel operations from its network of own offices, real estate advisors and brokers, as well as its business partners and co-investors. The Group systematically applies its investment criteria to any new transaction, which due diligence includes, amongst others, a thorough risk assessment, return on equity and cost calculations, as well as exit scenario simulations.

As previously stated, in the short to medium term future the Group intends to invest in each of the proposed projects set out in sub-sections 5.2.3, 5.2.4, 5.2.6 and 5.2.8 of this Registration Document. The Group intends to raise funds for the financing of these projects partially through the Bond Issue (as set out in sub-section 5.1 of the Securities Note), with the remaining capital expenditure being funded by bank finance and own funds.

VON DER HEYDEN GROUP

Save for the above, the Group is not party to any other material investments, and has not entered into or committed for any principal investments subsequent to 31 December 2015, being the date of the latest audited consolidated financial statements of the Guarantor.

7 MANAGEMENT AND ADMINISTRATION

7.1 The Issuer

7.1.1 The Board of Directors

The Memorandum of Association of the Issuer provides that the business and affairs of the Issuer shall be managed and administered by a Board of Directors to be composed of not less than two and not more than five Directors, who are appointed by the shareholders.

Directors of the Issuer are appointed by means of an ordinary resolution in general meeting. Accordingly, the Guarantor is empowered to appoint the Directors of the Issuer, thereby putting it in a position to appoint an absolute majority of the Directors of the Issuer and, accordingly, have control over the management and operations of the Issuer.

The Issuer is currently managed by a Board of five Directors, who are responsible for the overall direction and management of the Company. The Board currently consists of two executive Directors, who are entrusted with the company's day-to-day management, and three non-executive Directors who are also independent of the Issuer, whose main functions are to monitor the operations of the executive Directors and their performance, as well as to review any proposals tabled by the executive Directors.

As at the date of the Prospectus, the Board of the Issuer is composed of the individuals listed in sub-section 4.1 of this Registration Document. Furthermore, in line with generally accepted principles of sound corporate governance, at least one (1) of the Directors shall be a person independent of the Group.

None of the Directors have been:

- a) convicted in relation to fraud or fraudulent conduct in the last five years;
- b) made bankrupt or associated with any liquidation or insolvency caused by action of creditors;
- c) the subject of any official public incrimination or sanction by any statutory or regulatory authority; or
- d) disqualified by a court from acting as director or manager in the last five years.

The Directors believe that the Issuer's current organisational structure is adequate for its present activities. The Directors will maintain this structure under continuous review to ensure that it meets the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

7.1.2 Directors' service contracts

None of the Directors have a service contract with the Issuer.

7.1.3 Conflict of interest

In addition to being directors of the Issuer, Mr Sven von der Heyden and Mr Francis J. Vassallo are also directors of the Guarantor and Mr Vassallo is also an indirect majority shareholder of the corporate director

VON DER HEYDEN GROUP

of the Guarantor, namely, FJV Management Limited (through FJV Holdings Limited [C 50564]). FJV Management Limited is also a shareholder of the Issuer (albeit holding one share).

Furthermore, in addition to being a director of the Issuer, Mr Robert Hendrik Rottinghuis is also the sole director of Von der Heyden Group Holdings S.AR.L which holds 85.42% of the shares issued in the capital of the Guarantor (further details on the controlling shareholders of the Guarantor are set out in sub-section 8.2 below) and is a director of First Polish Real Estate B.V., one of the Group's Dutch special purpose vehicles.

Mr Sven von der Heyden and Mr Javier Errejon Saniz de la Maza (apart from being directors of the Guarantor, and in the case of Mr Sven von der Heyden, a director of both the Issuer and Guarantor) are also directors of IBB Hotel Management Europe Ltd and of various other Group companies.

Additionally, Mr Sven von der Heyden is the ultimate beneficial owner of 85.42% of the Group.

In light of the foregoing, such directors are susceptible to conflicts between the potentially diverging interests of the Issuer and the Guarantor, as the case may be, and any of such other companies in transactions entered into, or proposed to be entered into, between them. The Audit Committee of the Issuer has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to these different roles held by the directors are handled in the best interest of the Issuer and according to law. The fact that the Audit Committee is constituted in its entirety by independent non-executive Directors provides an effective measure to ensure that transactions vetted by the Audit Committee are determined on an arms-length basis.

Additionally, the Audit Committee has, pursuant to the relative terms of reference, been granted express powers to be given access to the financial position of the Issuer, the Guarantor and all other entities comprising the Group on a quarterly basis. To this effect, the Issuer, the Guarantor and all other entities comprising the Group are to submit to the Audit Committee bi-annual accounts, as well as at least quarterly comparisons of actuals against projections.

To the extent known or potentially known to the Issuer, as at the date of the Prospectus, other than the information contained and disclosed in the Prospectus, there are no other conflicts of interest between any duties of the directors of the Issuer and the Guarantor and their private interests and/or their duties which require disclosure in terms of the Regulation.

7.1.4 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors, nor any guarantees issued for their benefit by the Issuer.

7.1.5 Removal of Directors

In terms of the Issuer's Articles of Association, the first Directors of the Issuer shall serve until the end of the first annual general meeting during which the new directors shall be appointed. Thereafter, all other directors shall hold office from the general meeting at which they are elected until the end of the next annual general meeting. All retiring directors shall be eligible for re-election. The Directors of the Issuer currently in office are expected to remain in office at least until the next Annual General Meeting of the Issuer.

A director may, unless he resigns, be removed by an ordinary resolution of the shareholders as provided by Article 140 of the Act.

VON DER HEYDEN GROUP

7.1.6 Powers of Directors

By virtue of the provisions of the Articles of Association of the Issuer, the Directors are empowered to transact all business which is not by the Articles expressly reserved for the shareholders in general meeting. The powers of the Directors are better described in sub-section 13.2.3 below.

7.1.7 Aggregate emoluments of the Issuer's Directors

Pursuant to the Issuer's Articles of Association, the maximum annual aggregate emoluments that may be paid to the Directors are approved by the shareholders in general meeting.

The remuneration of Directors shall be deemed to accrue from day to day. The Directors may also be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Directors or any committee of the Directors or general meetings of the Issuer or in connection with the business of the Issuer.

For the current financial year ending on 31 December 2017 it is expected that the Issuer will pay an aggregate of €126,000 to its Directors.

7.1.8 Employees

The Issuer does not have any employees of its own and is, therefore, reliant on the Group for administrative support. As at the date of this Registration Document, the Group has a total of around 270 employees in 30 subsidiaries spread over 5 countries.

7.1.9 Working capital

As at the date of the Prospectus, the directors of both the Issuer and of the Guarantor are of the opinion that working capital available to the Issuer and the Guarantor, respectively, is sufficient for the attainment of their objects and the carrying out of their respective business for the next twelve (12) months of operations.

7.2 The Guarantor

7.2.1 The Board of directors of the Guarantor

The Memorandum of Association of the Guarantor provides that the Board of directors shall be composed of not less than one and not more than five directors. As at the date of the Prospectus, the Board of the Guarantor is composed of four directors - three individuals and one corporate director as listed in sub-section 4.2 of this Registration Document.

7.2.2 Directors' service contracts

None of the directors of the Guarantor have a definitive service contract with the company.

7.2.3 Removal of the Guarantor's directors

A director may, unless he resigns, be removed by an ordinary resolution of the shareholders as provided by Article 140 of the Act. The directors of the Guarantor currently in office are expected to remain in office at least until the next Annual General Meeting of the company.

VON DER HEYDEN GROUP

7.2.4 Loans to directors

There are no loans outstanding by the Guarantor to any of its directors, nor any guarantees issued for their benefit by the Guarantor.

7.2.5 Aggregate emoluments of the Guarantor's directors

Pursuant to the Guarantor's Articles of Association, the maximum annual aggregate emoluments that may be paid to the directors of the company are approved by the shareholders in general meeting.

Such remuneration shall be deemed to accrue from day to day. The directors may also be paid for all traveling, hotel and other expenses properly incurred by them in attending and returning from meetings of the directors or any committee of the directors or general meetings of the company or in connection with the business of the company.

For the current financial year ending on 31 December 2017 it is expected that the Guarantor will pay an aggregate of €332,000 to its directors.

9 BOARD COMMITTEES

9.1 Audit Committee of the Issuer

The terms of reference of the Audit Committee of the Issuer consist of *inter alia* its support to the Board in its responsibilities in dealing with issues of risk, control and governance, and associated assurance. The Board has set formal terms of establishment and the terms of reference of the Audit Committee that establish its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Audit Committee, which meets at least once every three months, is a sub-committee of the Board and is directly responsible and accountable to the Board. The Board reserved the right to change the Committee's terms of reference from time to time.

Briefly, the Committee is expected to deal with and advise the Board on:

- its monitoring responsibility over the financial reporting processes, financial policies and internal control structures;
- maintaining communications on such matters between the Board, management and the independent auditors;

VON DER HEYDEN GROUP

- c) facilitating the independence of the external audit process and addressing issues arising from the audit process; and
- d) preserving the company's assets by understanding the company's risk environment and determining how to deal with those risks.

Additionally, the Audit Committee has the role and function of considering and evaluating the arm's length nature of any proposed transaction to be entered into by the Issuer and a related party, given the role and position of the Issuer within the Group, to ensure that the execution of any such transaction is, indeed, at arm's length and on a sound commercial basis and, ultimately, in the best interests of the Issuer. In this regard, the Audit Committee of the Issuer has the task of ensuring that any potential abuse which may arise in consequence of the foregoing state of affairs is immediately identified and resolved.

For this purpose, as stated in sub-section 7.1.3 above, the Audit Committee has, pursuant to the relative terms of reference, been granted express powers to be given access to the financial position of the Issuer, the Guarantor and all other entities comprising the Group on a quarterly basis. To this effect, the Issuer, the Guarantor and all other entities comprising the Group are to submit to the Audit Committee bi-annual accounts, as well as at least quarterly comparisons of actuals against projections.

Requirement for a valuation report

The purpose of this valuation is to establish market value and furthermore for inclusion thereof within the Prospectus, to be published in connection with the proposed bond issue by Von der Heyden Group Finance p.l.c., in accordance with the Listing Rules (Chapter 7) of the Listing Authority.

The following is based on our full valuation report dated 9 January 2017 and we recommend parties seeking to rely on our valuation refer to the full report and its appendices.

The undersigned confirms that there is no conflict of interest in providing advice on the value of the property, since the undersigned or his associates will not benefit from the valuation instruction, other than the valuation fee.

A. Contents of valuation report

1. Address

The subject property is located within Poznań city centre, approximately 1.5 km east of the Central Railway Station and approximately 1 km to the south of the Poznań Old Market Square, between ul. 2. Nature of valuer's inspection

The residual amount remaining represents the price which a developer could justifiably pay for the property in order to gain a reasonably expected profit from the sale proceeds of the development.

C. Date of valuation

The valuation was completed on, and the effective date thereof is January 9th, 2017.

D. Basis of valuation

The listing rules require that the valuation be made on the basis of market value for existing use. Market value represents an opinion of the best price for which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the date of valuation.

The valuation has been carried out using the residual value method.

E. Assumptions

An open market valuation assumes that there is a willing seller, that the interest being valued would have been, prior to the transaction, properly marketed, that the state of the market, level of values and other circumstances are consistent over the period of the valuation, that no account is taken of any additional bid by a prospective purchaser with special interest, and that both parties to the transaction act knowledgeably, prudently and without compulsion.

Subject: Valuation Report

Property: Einsteinstrasse 172, 81677 Munich, Germany

I, the undersigned, have been requested to evaluate the property in caption.

Requirement for a valuation report

The purpose of this valuation is to establish fair market value and furthermore for inclusion thereof within the Prospectus, to be published in connection with the proposed bond issue by Von der Heyden Group Finance p.l.c., in accordance with the Listing Rules (Chapter 7) of the Listing Authority.

Reporting standards

The valuation has been carried out by the undersigned, as an independent valuer, in terms of § 194 of the German Building Code ("BauGB/ImmoWertV") and following the Regulation on Principles for the Fair Value Appraisal of Land (ImmoWertV) and the Guidelines for the Market Value Appraisal of Land (WertR) applicable in Germany. A further legal basis and applicable German Directives are given in the original valuation report under paragraph 17.

Independence of valuer

The undersigned confirms that there is no conflict of interest in providing advice on the value of the property, since the undersigned or his associates will not benefit from the valuation instruction, other than the valuation fee.

A. Contents of valuation report

1. Address

The location of the site is at Einsteinstrasse 172, 81677 Munich, Germany and the site plan has been included in Appendix A of this report. Site photos are available for inspection at the Issuer's registered office.

2. Nature of valuer's inspection

The undersigned declares that he has visited the site, and is fully familiar with the plans of the property which is under construction.

3. Brief description

The development is an office building with 18 floors called "blue tower", forming part of the Bavaria Towers development, with pro-rata use of the underground carpark with 3 floors (274 underground parking spaces). The plot measuring 4,674 m² - mostly flat (except the park) and with an irregular shape – is classified as land ready for building in accordance with § 5/4 ImmoWertV. It is situated at the Einsteinstrasse, at the beginning of the highway BAB 94. The plot is situated in city district 13, Bogenhausen, borough 13.4 Engelschalking and within the coverage of the legally effective development plan no. 2038a of the capital city of Munich dated 18.08.2014. The development consists four objects - sky, star, blue and white tower – with three office buildings and one hotel. The appraisal object is the office tower with the name "blue tower". Scheduled completion date is 30th June 2018. The tower consists of 17 upper floors, the ground floor and 3 lower

VON DER HEYDEN GROUP

levels. According to the stacking plan dated 01.06.2016, the building's overall rental space is 25,571 m² gross floor area (TFA) (due to rounding differences the report considers 25,575 m² TFA). These include 22,617 m² TFA office area (office, cores and lobby), 1,347 m² TFA gastronomic and ancillary area (gastronomy, cores and lobby) and 1,611 m² TFA storage. According to the exposé of September 2014 a LEED certification in gold is aspired for the blue tower.

4. Existing use

The site is currently under construction.

5. Relevant planning applications

The development is covered by the following permits:

- Building permit pursuant to Art. 60 and 68 of the Bavarian Building Regulations (BayBO) with condition precedent for "New construction of an office building and a hotel incl. underground parking (Einsteinstr. 172 / Truderinger Str. 9 + 13)" dated 02.06.2015
- Application for building permit dated 04.11.2014
- Six applications for exemption/relief dated 04.11.2014

A copy of the permits is available for inspection at the registered office of Bogenhausener Tor Immobilien GmbH, Munich, a 38.5% subsidiary of the Von der Heyden Group which owns the appraised property and land.

6. Material contravention of statutory requirements

LR7.4.1.6: Not applicable.

7. Tenure

The site in caption is freehold.

8. Main terms of tenants' leases or sub-leases

LR7.4.1.8: Not applicable.

9. Approximate age of any buildings

Currently under construction, the first floors are ready in shell form.

10. Present capital value in existing state

Since the number of adequate prices for comparison is not sufficient due to the specific properties of the appraisal object, and since factors for comparison for office buildings cannot be derived or are not published, the sales comparison method is not applicable. Office building purchase prices are based primarily on the long-term realizable earnings. In accordance with customary practice on the property market the fair value of the appraisal property is to be determined applying the income approach. To support the income value a cost approach is performed additionally. The cost approach also serves the assessment of the structural substance, since it is not to be expected, „that an investor will pay costs, which are not covered by the profitability of the object“ (see 3.1.3 WertR).

Fair market value

On the basis of the above, the fair market value of the property including the ground value based on timely completion, approval of fault-free construction and full occupancy is estimated to be €150,000,000 (in words: one hundred and fifty million Euro), which is 22,3-fold annual gross earnings and €5.870/sqm lettable space (TFA).

VON DER HEYDEN GROUP

Expected Date of Completion

The project is expected to be completed by June 2018.

Estimated Total Cost of the Development

The estimated total cost of completion is €106,400,000 (in words: one hundred and six million four hundred thousand Euro).

11. Terms of intra-Group lease on Property occupied by the Group (identifying the Properties) to the extent that such leases are taken into account in the valuation

LR7.4.1.11: Not applicable.

12. Other matters which materially affect the value

LR7.4.1.12: Not applicable.

13. Sources of information and verification

All information that was considered necessary for the purpose of drawing up the present report was obtained from the directors and advisors of the Von der Heyden Group and Bogenhausener Tor Immobilien GmbH. This included all planning applications, construction and finishing cost estimates, design, management and supervision costs. There was also access to the projections of sales and cash flow.

14. Details of registered mortgages and privileges and other charges, real rights atheron including details of emphyteutical concessions, easements and other burdens

C. Date of valuation

The valuation was completed on, and the effective date thereof is December 22nd, 2016. .

D. Basis of valuation

The listing rules require that the valuation be made on the basis of an open market value for existing use. An open market value represents an opinion of the best price for which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the date of valuation. Since projects of this nature and scale do not easily lend themselves to a method of valuation which is based on the comparative method, this valuation method is based on the income method.

E. Assumptions

An open market valuation assumes that there is a willing seller, that the interest being valued would have been, prior to the transaction, properly marketed, that the state of the market, level of values and other circumstances are consistent over the period of the valuation, that no account is taken of any additional bid by a prospective purchaser with special interest, and that both parties to the transaction act knowledgeably, prudently and without compulsion.

Subject: Valuation Report

Property: Długi Targ, ul. Długi Targ 14/16, Gdansk, Poland

We, the undersigned, have been instructed to assess the fair value of the property in caption.

Requirement for a valuation report

The purpose of this valuation is to establish fair value and furthermore for inclusion thereof within the Prospectus, to be published in connection with the proposed bond issue by Von der Heyden Group Finance p.l.c., in accordance with the Listing Rules (Chapter 7) of the Listing Authority.

Reporting standards

The valuation has been carried out in accordance with European Valuation Standards 2016 published by The European Group of Valuers' Associations (TEGoVA), RICS Valuation Standards - Professional Standards 2014 and International Valuation Standards published by the International Valuation Standards Council (IVSC). The latter are largely also followed by the Professional Standards for Property Valuers' issued by the Polish Federation of Valuers' Associations.

Independence of valuer

The undersigned confirms that there is no conflict of interest in providing advice on the value of the property, since the undersigned or his associates will not benefit from the valuation instruction, other than the valuation fee.

A. Contents of valuation report

1. Address

The location of the site is at ul. Długi Targ 14/16, Gdansk, Poland and the site plan has been included in Appendix A of this report. Site photos are available for inspection at the Issuer's registered office.

2. Nature of valuer's inspection

The undersigned declares that they have visited the site, and are fully familiar with the plans of the development of the property which is undergoing construction works.

3. Brief description

The property comprises 3 adjoining tenement houses located in the historic main town of Gdańsk. The 5-storey buildings are located in the northern part of the subject site, fronting ul. Długi Targ. The buildings are currently being reconstructed, expanded and modernized as a 3* hotel with a gross internal areas of 5,567.22 sq m providing a total of 90 rooms. The buildings stand on a site made up of registered plot no 481 with a total area of 1 127 sq m.

The freehold ownership of the property is registered in favour of State Treasury subject to a perpetual usufruct interest until 05.12.2089 in favour of „Długi Targ” Sp. z o.o.

4. Existing use

The property, on which a hotel is being developed, is currently still under construction, with planned completion in July 2017 on the basis of our inspection on 3.11.2016, it would appear that construction works are likely to last for around another 15 months.

5. Relevant planning applications

All required building permits have been granted. A copy of the permits is available for inspection at the registered office of Długi Targ Sp. z o.o., Poznan, Poland.

6. Material contravention of statutory requirements

LR7.4.1.6: Not applicable.

7. Tenure

The freehold is owned by the State Treasury, subject to perpetual usufruct interested until 05.12.2089 in favor of Długi Targ Sp. z o.o.

8. Main terms of tenants' leases or sub-leases

The hotel is leased, upon completion, by Długi Targ Hotel Management Sp. z o.o. as tenant under a lease agreement dated 31 May 2016. The subject of the lease agreement is the building of 3,350sqm of the subject property (including the Front Desk, 90 rooms, breakfast room, bar, kitchen and storages), 7 parking spaces and all furniture and equipment in which the tenant will operate the IBB Hotel Długi Targ. The lease term is 10 years from the date of the issue of a user permit. The lease term can be extended for a further 5 years. For the 1st 3 years of the lease agreement the rent has been established in the amount of a capital instalment with interest and another payment connected with a loan agreement increased by 5%.

In addition, the retail and service area of the building will be subject to other separate lease agreements upon completion.

We note that the subject agreement has been concluded between connected parties and for the purposes of this valuation we have assumed that on a sale of the subject property the above lease agreement would be terminated by the parties and no longer encumber the property in the possession of a willing purchaser. Thus our valuation assumes a perpetual usufruct interest free of such encumbrance.

9. Approximate age of any buildings

On the valuation date, the subject property was in the process of being remodeled, expanded and converted into a hotel and retail area. Originally the buildings were constructed in the 17th century, then destroyed during WWII and rebuilt afterwards.

10. Present capital value in existing state

As the subject property is undergoing development the so called residual valuation approach has been adopted to assess the fair value of the subject property in its existing state. The residual method of valuation is based on the premise that the value of any property suitable for or undergoing development may be arrived at by deducting from the end value of a proposed completed development the total costs of development, including financing costs and fees incurred on property acquisition, construction costs, professional fees, development financing costs and an appropriate amount for "developer's profit". The residual amount remaining represents the price which a developer could justifiably pay for the property in order to gain a reasonably expected profit from the sale proceeds of the development.

VON DER HEYDEN GROUP

On the basis of the above we have assessed the fair value of the property in its existing condition, in the course of building works, as at the date of our inspection on 03.11.2016, at € 5,000,000 (in words: five million Euro).

Fair value

On the basis of a profits method valuation, the fair value of the development as completed, is equal to €12,900,000 (in words: twelve million nine hundred thousand Euro).

Expected Date of Completion

At the date of our inspection we were informed of a completion date of July 2017. However we considered such timetable as unrealistic and at that time we estimated completion in 15 months. We now understand from the owner that completion is scheduled for September 2017.

Estimated Total Cost of the Development

For the purposes of our residual method valuation we estimated the total costs of completing the ongoing development at € 6,377,139. The latter cost figure included our estimate of hard construction costs, soft costs, financing costs and other costs. In addition for the purposes of our residual calculation we deducted a so called “developers’ profit” of € 956 570.

11. Terms of intra-Group lease on Property occupied by the Group (identifying the Properties) to the extent that such leases are taken into account in the valuation

The hotel will be leased by Długi Targ Hotel Management Sp. z o.o. under a lease agreement dated 31 May 2016, the subject of which is the IBB Hotel Długi Targ building. Please however note, we have not based our valuation on income flows from this agreement but on our estimations of the incomes based on our market knowledge and experience.

12. Other matters which materially affect the value

LR7.4.1.12: Not applicable.

13. Sources of information and verification

All information that was considered necessary for the purpose of drawing up the present report was obtained from the directors and advisors of the Von der Heyden Group, Długi Targ Hotel Management Sp. z o.o. and Długi Targ Sp. z o.o. This included all permits, tenant schedules, cost and income statements and financing costs. There was also access to the projections of sales and cash flow as well as the development budget.

14. Details of registered mortgages and privileges and other charges, real rights atheron including details of emphyteutical concessions, easements and other burdens

The freehold ownership of the property is registered in favor of State Treasury subject to a perpetual usufruct interest until 05.12.2089 in favor of „Długi Targ” Sp. z o.o.

Registered mortgages entered into Chapter IV of the Perpetual Book can be summarized as follows:

- contractual mortgage up to the sum of 6 343 218 zł in favor of Alior Bank S.A.
- contractual mortgage up to the sum of 38 722 317 zł in favor of Alior Bank S.A.

These statements by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer’s and Guarantor’s control, and important factors that could cause actual risks to differ materially from the expectations of the Issuer’s and/or Guarantor’s directors. Such forecasts and projections do not bind the Issuer and/or the Guarantor with respect to future results and no assurance can be given that future results or expectations covered by such forward-looking statements will be achieved.

2.2 GENERAL

Authorised Intermediaries are to determine the suitability of prospective investors’ investment in the Bonds in the light of said prospective investors’ own circumstances. The Bonds may not be a suitable investment for all investors. In particular, Authorised Intermediaries should determine whether each prospective investor:

- a) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Prospectus or any applicable supplement;
- b) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor’s currency;
- c) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and
- d) is able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks.

2.3 RISKS RELATING TO THE BONDS

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- a) The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Issuer’s Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general

VON DER HEYDEN GROUP

economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Many other factors over which the Issuer has no control may affect the trading market for, and trading value of, the Bonds, including the time remaining to the maturity of the Bonds, the outstanding amount of the Bonds and the level, direction and volatility of market interest rates, generally. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.

- b) Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- c) A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different.
- d) No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- e) The Bonds shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor, and shall at all times rank *pari passu*, without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, shall rank without priority and preference to all other present and future unsecured obligations of the Issuer and the Guarantor. The Bonds will, however, rank subordinate to the present and future secured creditors of the Issuer and the Guarantor. In view of the fact that the Bonds are being guaranteed by the Guarantor, Bondholders are entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount, when due. The strength of this undertaking on the part of the Guarantor is directly linked to the financial position and solvency of the Guarantor. Furthermore, subject to the negative pledge clause set out in sub-section 6.5 of this Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.
- f) In the event that the Issuer wishes to amend any of the Terms and Conditions of issue of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of sub-section 6.16 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority.
- g) The Bonds and the terms and conditions of the Bond Issue are based on the requirements of the Listing Rules, the Companies Act and the Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

3 PERSONS RESPONSIBLE

This Securities Note includes information given in compliance with the Listing Rules for the purpose of providing prospective investors with information with regard to the Issuer and the Guarantor. Each and all of the Directors of the Issuer whose names appear under the heading "*Directors of the Issuer*" in sub-section 4.1 of the Registration Document accept responsibility for all of the information contained in the Prospectus.

Neither the Issuer nor the Sponsor, Manager & Registrar has any responsibility for any of the actions of any Authorised Intermediary, including their compliance with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to a resale, placement or other offering of Bonds.

Other than as set out above, neither the Issuer nor the Sponsor, Manager & Registrar has authorised (nor do they authorise or consent to the use of the Prospectus in connection with) the making of any public offer of the Bonds by any person in any circumstances. Any such unauthorised offers are not made on behalf of the Issuer or the Sponsor, Manager & Registrar and neither the Issuer nor the Sponsor, Manager & Registrar has any responsibility or liability for the actions of any person making such offers.

VON DER HEYDEN GROUP

Prospective investors should enquire whether an intermediary is considered to be an Authorised Intermediary in terms of the Prospectus. If the prospective investor is in doubt as to whether it can rely on the Prospectus and/or who is responsible for its contents, the investor should obtain legal advice in that regard.

No person has been authorised to give any information or to make any representation not contained in or inconsistent with the Prospectus. If given or made, such information and/or representation must not be relied upon as having been authorised by the Issuer or the Sponsor, Manager & Registrar. The Issuer does not accept responsibility for any information not contained in the Prospectus.

In the event of a resale, placement or other offering of Bonds by an Authorised Intermediary subsequent to the Intermediaries' Offer, said Authorised Intermediary shall be responsible to provide information to prospective investors on the terms and conditions of the resale, placement or other offering at the time such is made.

Any resale, placement or offering of Bonds to an investor by an Authorised Intermediary will be made in accordance with any terms and other arrangements in place between such Authorised Intermediary and such investor, including as to price, allocations and settlement arrangements. Where such information is not contained in the Prospectus, it will be the responsibility of the relative Authorised Intermediary at the time of such resale, placement or other offering to provide the prospective investor with that information and neither the Issuer nor the Sponsor, Manager & Registrar has any responsibility or liability for such information.

Any Authorised Intermediary using the Prospectus in connection with a resale, placement or other offering of Bonds subsequent to the Intermediaries' Offer shall, limitedly for the period of 60 days from the date of the Prospectus, publish on its website a notice to the effect that it is using the Prospectus for such resale or placement in accordance with the consent of the Issuer and the conditions attached thereto. The consent provided herein shall no longer apply following the lapse of such period.

Any new information with respect to Authorised Intermediaries unknown at the time of the approval of this Securities Note will be made available through a company announcement which will also be made available on the Issuer's website www.vdhgroup.com.

f) an amount of €3,200,000 of the net Bond Issue proceeds shall be advanced, pursuant to loan agreements, by the Issuer to Group companies for the purpose of part-funding other prospective development projects in Malta and Europe. i) an amount of €10,000,000 of the net Bond Issue proceeds shall be used to carry into effect a refinancing of Group receivables and in return also a complete repayment of any direct debt of the Guarantor, thereby freeing the Guarantor of its receivables towards Group companies and further reinforcing its position as a pure holding company; and

j) the remaining balance of the net Bond Issue proceeds in an amount of €211,000 shall be used for the Group's general corporate funding requirements in Malta, including operational costs.

In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for and the proceeds from the Bond Issue shall be applied in the manner and order of priority set out above. Any residual amounts required by the Issuer for the purposes of the uses specified in this sub-section 5.1 which shall not have been raised through the Bond Issue shall be financed from the Group's general cash flow and/or bank financing.

Such expenses are estimated not to exceed €375,000 and shall be borne by the Issuer. No expenses will be specifically charged to any Bondholder who subscribes for the Bonds. The amount of the expenses will be deducted from the proceeds of the Issue, which, accordingly, will bring the estimated net proceeds from the Bond Issue to €24,625,000. As at the date of this Securities Note, the Issuer does not have any subordinated indebtedness.

The following sets out a summary of the Group's indebtedness which, as at 31 December 2016, amounted in aggregate to €27,279,796.77. Further details on the aforesaid indebtedness, particularly the secured bank borrowings, including, *inter alia*, respective term, security and repayment schedule, are found in the audited consolidated financial statements of the Guarantor for the financial year ended 31 December 2015, which have been published on the Issuer's website (www.vdhgroup.com) and are available at its registered office during office hours for the term of the Bonds.

6.5 NEGATIVE PLEDGE

The Issuer undertakes, for as long as any principal or interest under the Bonds or any of the Bonds remains outstanding, not to create or permit to subsist any Security Interest (as defined below), other than a Permitted Security Interest (as defined below), upon the whole or any part of its present or future assets or revenues to secure any Financial Indebtedness (as defined below) of the Issuer, unless at the same time or prior thereto the Issuer's indebtedness under the Bonds shares in and is secured equally and rateably therewith, and the instrument creating such Security Interest so provides.

"Financial Indebtedness" means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan, stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person;

"Security Interest" means any privilege, hypothec, pledge, lien, charge or other encumbrance or real right which grants rights of preference to a creditor over the assets of the Issuer;

"Permitted Security Interest" means: (A) any Security Interest arising by operation of law; (B) any Security Interest securing temporary bank loans or overdrafts in the ordinary course of business; (C) any other Security Interest (in addition to (A) and (B) above) securing Financial Indebtedness of the Issuer, in an aggregate outstanding amount not exceeding 80% of the difference between the value of the unencumbered assets of the Issuer and the aggregate principal amount of Bonds outstanding at the time.

Provided that the aggregate Security Interests referred to in (B) and (C) above do not result in the unencumbered assets of the Issuer being less than 104.4% of the aggregate principal amount of the Bonds still outstanding;

"unencumbered assets" means assets which are not subject to a Security Interest.

6.6 RIGHTS ATTACHING TO THE BONDS

There are no special rights attached to the Bonds other than the right of the Bondholders to:

- i. the payment of interest;
- ii. the payment of capital;

VON DER HEYDEN GROUP

- iii. ranking with respect to other indebtedness of the Issuer in accordance with the provisions of sub-section 6.4 hereof;
- iv. attend, participate in and vote at meetings of Bondholders in accordance with the Terms and Conditions of the Bond Issue; and
- v. enjoy all such other rights attached to the Bonds emanating from the Prospectus.

6.7 INTEREST

The Bonds shall bear interest from and including 8 March 2017 at the rate of 4.4% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be effected on 8 March 2018. Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day. Each Bond will cease to bear interest from and including its due date for redemption, unless payment of the principal in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in any of which events interest shall continue to accrue at the rate specified above plus one per cent (1%), but in any event not in excess of the maximum rate of interest allowed by Maltese law. In terms of article 2156 of the Civil Code (Chapter 16 of the laws of Malta), the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Bonds is barred by the lapse of five (5) years.

When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a three hundred and sixty (360) day year consisting of twelve (12) months of thirty (30) days each, and in the case of an incomplete month, the number of days elapsed.

6.8 YIELD

For Bonds issued at the Bond Issue Price, the gross yield calculated on the basis of the Interest, the Bond Issue Price and the Redemption Value of the Bonds at Redemption Date is 4.4%.

6.9 REGISTRATION, FORM, DENOMINATION AND TITLE

6.9.1 Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of bondholders held at the CSD for the purpose of inspecting information held on their respective account.

6.9.3 Upon submission of an Application Form, Bondholders who do not have an online e-portfolio account with the CSD will be registered by the CSD for the online e-portfolio facility and will receive by mail at their registered address a handle code to activate the new e-portfolio login. The Bondholder's statement of holdings evidencing entitlement to secured bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Those Bondholders who opt not to avail themselves of this facility should indicate such on the Application Form. Further detail on the e-portfolio is found on <https://eportfolio.borzamalta.com.mt/Help>.

6.11.3 All payments with respect to the Bonds are subject in all cases to any pledge (duly constituted) and to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.

VON DER HEYDEN GROUP

6.11.4 No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this sub-section 6.11. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

6.12 REDEMPTION AND PURCHASE

6.12.1 Unless previously purchased and cancelled, the Issuer hereby irrevocably covenants in favour of each Bondholder that the Bonds will be redeemed at their nominal value (together with interest accrued to the date fixed for redemption) on 8 March 2024. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese law and which is payable by the Bondholders.

6.12.2 Subject to the provisions of this sub-section 6.12, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

6.12.3 All Bonds so redeemed or purchased will be cancelled forthwith and may not be re-issued or re-sold.

6.13 EVENTS OF DEFAULT

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("Events of Default") shall occur:

- i. the Issuer and/or the Guarantor, as the case may be, shall fail to pay any interest on any Bond when due and such failure shall continue for thirty (30) days after written notice thereof shall have been given to the Issuer and/or the Guarantor, as the case may be, by any Bondholder; or

VON DER HEYDEN GROUP

6.14 TRANSFERABILITY OF THE BONDS

6.14.1 The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (in multiples in €1,000) in accordance with the rules and regulations of the MSE applicable from time to time. If Bonds are transferred in part, the transferee thereof will not be registered as a Bondholder.

6.14.2 Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself as holder of the Bond or to have some person nominated by him registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered he shall testify his election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph 6.14.2, a person will not be registered as a Bondholder unless such transmission is made in multiples of €1,000.

6.14.3 All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.

6.14.4 The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the person to whom the transfer / transmission has been made.

6.14.5 The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds or the due date for redemption.

6.16 MEETINGS OF BONDHOLDERS

6.16.1 The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of any of the following: (i) considering and approving any matter affecting their interest, including the amendment, modification, waiver, abrogation or substitution of any of the Terms and Conditions of the Bonds and the rights of the Bondholders, whether or not those rights arise under the Prospectus; (ii) considering and approving the exchange or substitution of the Bonds by, or the conversion of the Bonds into, shares, debentures or other obligations or securities of the Issuer; and (iii) obtaining the consent of Bondholders on other matters which in terms of the Prospectus require the approval of a Bondholders' meeting in accordance with sub-section 6.16.3 below.

VON DER HEYDEN GROUP

6.16.2 A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this sub-section 6.16 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

6.16.3 The amendment of any of the Terms and Conditions of issue of the Bonds may only be made with the approval of Bondholders at a meeting called and held for that purpose in accordance with the terms hereof.

6.16.4 A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose at least two (2) Bondholders present, in person or by proxy, representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at and decided upon during, the adjourned meeting.

The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.

6.16.7 The voting process shall be managed by the Issuer's company secretary under the supervision and scrutiny of the auditors of the Issuer.

6.16.8 The proposal placed before a meeting of Bondholders shall only be considered approved if at least sixty per cent (60%) in nominal value of the Bondholders present at the meeting at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

VON DER HEYDEN GROUP

7 TAXATION

7.1 GENERAL

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition, holding and disposal, as well as any income/gains derived therefrom or made on their disposal. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

7.2 MALTA TAX ON INTEREST

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder or if the Bondholder does not fall within the definition of “recipient” in terms of article 41(c) of the Income Tax Act (Chapter 123 of the laws of Malta), interest shall be paid to such

VON DER HEYDEN GROUP

person net of a final withholding tax, currently at the rate of 15% of the gross amount of the interest, pursuant to article 33 of the said Income Tax Act. Bondholders who do not fall within the definition of a “recipient” do not qualify for the said rate and should seek advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder need not declare the interest so received in his income tax return if paid net of tax. No person shall be charged to further tax in respect of such income and the tax deducted shall not be available as a credit against the recipient’s tax liability or available as a refund.

In the case of a valid election made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his income tax return and be subject to tax on it at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Malta Commissioner for Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients unless the beneficiary is a non-resident of Malta. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out in the Income Tax Act are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

7.3 EXCHANGE OF INFORMATION

In terms of applicable Maltese legislation, the Issuer and/or its agent are required to collect and forward certain information (including, but not limited to, information regarding payments made to certain Bondholders) to the Commissioner for Revenue. The Commissioner for Revenue may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions. Please note that this does not constitute tax advice and Applicants are to consult their own independent tax advisors in case of doubt.

7.4 MALTESE TAXATION ON CAPITAL GAINS ON TRANSFER OF THE BONDS

On the assumption that the Bonds would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, *“shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return”*, no tax on capital gains is chargeable in respect of transfer of the Bonds.

7.5 DUTY ON DOCUMENTS AND TRANSFERS

In terms of article 50 of the Financial Markets Act (Chapter 345 of the laws of Malta), in view of the fact that the Bonds constitute financial instruments of a company quoted on a regulated market Exchange, as is the MSE, redemptions and transfers of the Bonds are exempt from Maltese duty.

VON DER HEYDEN GROUP

Such representative may be requested to submit the relative power of attorney/resolution or a copy thereof duly certified by a lawyer or notary public if so required by the issuer and/or the sponsor, manager & registrar, but it shall not be the duty or responsibility of the sponsor, manager & registrar or issuer to ascertain that such representative is duly authorised to appear on the application form and bind the applicant.

- 8.8 The bonds have not been and will not be registered under the securities act of 1933 of the United States of America and, accordingly, may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.

VON DER HEYDEN GROUP

- 8.9 No person receiving a copy of the prospectus or an application form in any territory other than Malta may treat the same as constituting an invitation or offer to such person nor should such person in any event use such application form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such application form could lawfully be used without contravention of any registration or other legal requirements.

2. Review of the business

The European Commission forecasts that economic growth in Europe is expected to continue at a moderate pace, as recent labour market gains and rising private consumption are being counterbalanced by a number of hindrances to growth and the weakening of supportive factors. The predicted growth levels are still well below the peak years of 2007-2008 which is also expected by the Group's senior management to have an impact on the pace at which the Group's hotel revenues and rental income may grow in the coming year(s).

Furthermore, inflation in the Euro area was very low in the first half of the year 2016 due to falling oil prices, but started to pick up in the third and fourth quarter of 2016 as the impact of past price decreases began to wear off. Inflation is envisaged to climb moderately above 1% in 2017, as oil prices are assumed to rise. In addition to that, it is expected that the European Central Bank will limit its stimulus package in the medium to long run and will gradually phase it out once inflation approaches its 2 percent goal. The directors of the Issuer and Guarantor anticipate that this will have an impact on interest rates throughout Europe, which are expected to gradually rise resulting in a higher cost of (construction and investment) debt financing for the Group's new development and investment projects.

The Group recently secured its first hotel lease in Malta, with another 2 or 3 local projects in its pipeline. Depending on the number of hotels that can be opened in Malta in 2017 and onwards, the creation of economies of scale and, therefore, lower average operating costs per hotel, will likely have an impact on the overall profitability of the Group. In addition to that, the planned openings of several boutique hotels in Valletta by other hotel operators provides for a competitive hotel market with subsequent downward pressure on occupancy and revenue levels.

Save for the matters disclosed in this Financial Analysis Summary, there has been no material adverse change in the prospects of the Guarantor since the date of its last published audited consolidated financial statements dated 31 December 2015.

At the time of publication of this Financial Analysis Summary, the Issuer and the Guarantor consider that their respective future performance is intimately related to the performance of the Group. The Issuer and Guarantor consider that generally they shall be subject to the normal business risks associated with the industries in which the Group and subsidiary companies are involved and operate as disclosed in this Financial Analysis Summary, and, barring unforeseen circumstances, do not anticipate any trends, uncertainties, demands, commitments or events outside the ordinary course of business that could be deemed likely to have a material effect on the upcoming prospects of their respective businesses and that of the Group, at least up to the end of the next financial year.

4. Performance Review

The Issuer was incorporated on 15th September 2016 and, accordingly, has no trading record or history of operations. Furthermore, the Issuer itself does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company solely for the needs of the Group, and, as such, its assets are intended to consist primarily of loans issued to Group companies. For the purpose of this document we shall review the performance of the guarantor which constitutes the entire group of companies. The principal revenue stream of the Group is income generated from accommodation fees from its managed hotels and food and beverage revenue from these hotels. Accommodation revenue increased during FY2015 by approximately €1.0 million driven by the opening of the second hotel in Passau, IBB Hotel Passau Süd, and the IBB Hotel Cugó Gran in Menorca. Leasing revenue streams in FY2015 decreased due to the disposal of the Andersia Business Centre. The most significant hotel management revenue streams are derived from the two managed hotels in Poland, primarily the IBB Andersia Hotel and the IBB Grand Hotel Lublinianka. Revenues from the hotel management operations in Germany, where the Group managed two hotels in Passau as at FY2015, increased to approximately 29% of total revenue during FY2015 following the opening of the IBB Hotel Passau Süd.

Cost of sales primarily comprises operating expenses and staff costs, primarily incurred by the hotel management business line. Cost of sales increased by 11% during FY2015 to approximately €13.9 million due to an increase of 27% in wages and salaries, which increase was mainly driven by the opening of the two new

managed hotels during FY2015. FY2015 cost of sales were also impacted by exchange translation losses of approximately €200,000 and professional fees amounting to approximately €400,000 in relation to key projects that should not be recurring.

Investment income primarily comprises interest income and gains on sale of assets. FY2013 includes a gain of approximately €2.7 million relating to the sale of the previously Group-owned IBB Erfurt Hotel.

Fair value movements comprise fair value adjustments to significant associated entities. The FY2015 fair value movement of approximately €2.4 million was due to the revaluation of Bogenhausener Tor Immobilien GmbH, which entity holds the Group's interest in the Bavaria Towers development.

Goodwill of approximately €1.2 million was impaired during FY2015 relating to goodwill recognised on the acquisition of IBB Hotel Erfurt GmbH & Co. KG. The goodwill arose in the past from the acquisition by the Group of IBB Hotel Erfurt, resulting from the fact that the purchase price was higher than the fair value of the assets and liabilities. The hotel asset though was divested by the entity and the goodwill in its books depreciated.

Depreciation and amortisation constantly decreased during the period following the sale of buildings during FY2013 and FY2014 and the deconsolidation of Andersia Business Centre Sp. z o.o. during FY2015. Andersia Business Centre Sp. z o.o. was the entity through which the Group held its 85% interest in phase 3 of the Andersia Place development, a joint venture with the City of Poznan, consisting of the development and construction of Andersia Business Centre. As mentioned previously, after successful completion and leasing of the building, the shares in Andersia Business Centre Sp. z o.o. were sold to a third party in June 2015.

The Group generated €3.3 million in earnings before interest, tax, depreciation and amortisation in FY2013, €1.5 million in FY2014 and €2.8 million in FY2015 representing an EBITDA margin of 26% in FY2013, 11% in FY2014 and 20% in FY2015.

Operating losses amounted to €1.5 million in FY2013, whilst operating profits of €1.5 million were disclosed in FY2014. FY2015 performance was impacted by the significant operational losses incurred in the first year of opening of the IBB Hotel Cugó Gran and the IBB Hotel Passau Süd.

VON DER HEYDEN GROUP

FINANCIAL ANALYSIS SUMMARY Von der Heyden Group Finance p.l.c.

The consolidated Group includes 25 subsidiaries and 6 associates in various countries. Associates are carried at fair value in the Group balance sheet. The FY2013 and FY2014 Group accounts include the consolidation of a significant subsidiary, Andersia Business Centre Sp. z o.o.. As stated above, the Group divested its shares in Andersia Business Centre Sp. z o.o. during FY2015 and the entity was deconsolidated. The deconsolidation of Andersia Business Centre Sp. z o.o. (assets of approximately €30.5 million and borrowings of approximately €26.1 million) impacts the comparability of the Group's consolidated financial position for FY2015.

Group assets primarily consist of land and buildings comprising hotels that are owned by the Group (64% of property, plant and equipment) and land held for redevelopment. Both items are consolidated, primarily comprising the Andersia Silver project (34% of property, plant and equipment in FY2015). Land and buildings are carried at the revalued amounts and approximately €12 million of revaluation reserves are carried in equity representing revaluation amounts to FY2015. The Group's participation in its most significant development is held in Bogenhausener Tor Immobilien GmbH, an associated entity that is not consolidated but carried at fair value as a financial asset. The FY2015 valuation of Bogenhausener Tor Immobilien GmbH amounted to €3.1 million which represents a very conservative value for the project taking into account the potential of the real estate market in the city of Munich. The Group's other principal assets are loans to unconsolidated related parties amounting to approximately €12.8 million and cash and equivalents. The most significant loan in an amount of €4.5 million is to Bogenhausener Tor Immobilien GmbH.

Group borrowings of €27 million in FY2015 are primarily due to banks (51%), other third parties (37%) and related parties (12%). The Group organises its borrowings on a non-recourse basis within the principal asset owning subsidiaries, meaning that the Guarantor is free from guarantees in relation to borrowings of its subsidiaries.

Notes:

Normalisation adjustment

Note: the audited cash flow statement as at FY15 was adjusted to reclassify the loan to BTI of Euro 4.6 million from short term to long term, impacting cash flows from operations and net movement in loans to related parties.

Operating activities

- Cash used in operating activities (which includes net taxation paid), decreased significantly from Euro 1.9 million during FY14 to Euro 1 million cash from operations during FY15 due to a significant improvement in profit before tax. We note that the profit before tax includes the fair value movements from the revaluation of financial assets amounting to Euro 2.5 million and are a non cash movement the reversal of which impacts cash used in operations.

Investing activities

- The increase in cash from investing activities during FY15 includes the impact of the sale of ABC, specifically in proceeds from sale in tangible assets

- Cash flows from investing activities reflect the foreign exchange differences for translation of tangible, intangible and other assets denominated in foreign currency and translated at the balance sheet date. PLN decreased in value by 0.2% during FY15 resulting a negative exchange difference
- Cash outflows for the purchase of tangible assets averaged Euro 1.9 million per annum for the period reviewed

Financing activities

- Cash flows used in financing activities increased significantly during FY15 due to the impact of the sale of ABC
- The Group paid dividends of Euro 3.5 million (note includes Euro 500k still due to TH Limited at FY15) during FY15 and Euro 3.6 million during FY14
- Cash inflows from financing activities during FY14 were impacted by the issue of new shares the proceeds of which generated Euro 5 million
- TIH disclosed cash inflow of Euro 4.3 million in FY14 on the sale of the Roemerbad Hotel and Euro 3 million from the sale of properties held by KIG.

5. Projected Financials

The Guarantor's financial projections were prepared to reflect a base scenario where the Group successfully obtained alternative funding, which funding was used to:

- Repay certain of its current external borrowings;
- Refinance intra Group funding;
- Provide further equity financing for its two current main property development projects (Bavaria Towers and Andersia Silver which development is scheduled to commence during FY18);
- Finance a significant expansion of the hotel management business; and
- Undertake further smaller scale development projects

The main assumptions underpinning the financial projections are the completion and the contemplated exit multiples of Bavaria Towers and Andersia Silver.

Management remain confident that completion risk can be effectively managed and that their experience demonstrates a proven track record of undertaking and exiting property development projects.

The hotel management expansion plan is directed towards concluding lease agreements to manage hotels with a phased growth strategy that is conservative in the first three years of operations. Management remain confident that they will identify the required number of suitable premises and locations to lease and operate in order to achieve the expansion plan.

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 30th January 2017

1. This Application is governed by the Terms and Conditions of Application contained in the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the same meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS.
3. Applicants are to insert full personal details in Panel B. In the case of an application by more than one person (including husband and wife) full details of all individuals – including I.D. Card Numbers – must be given in Panels B and C but the person whose name appears in Panel B shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 7 below).

Upon submission of an Application Form, Bondholders who do not have an online e-portfolio account will be registered by the CSD for the online e-portfolio facility and will receive by mail at their registered address a handle code to activate the new e-portfolio login. The Bondholder's statement of holdings evidencing entitlement to Secured Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Those Bondholders who opt not to avail themselves of this facility should indicate such on the Application Form. Further detail on the e-portfolio is found on <https://eportfolio.borzamalta.com.mt/Help>.

4. Applications in the name and for the benefit of minors shall be allowed provided that they are signed by both parents or by the legal guardian/s and accompanied by a Public Registry birth certificate of the minor in whose name and for whose benefit the Application Form is submitted. The relative box in Panel A must also be marked appropriately. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
5. Applicants who are Non-Resident in Malta for tax purposes must indicate their passport number in Panel B and complete Panel G. The relative box in Panel A must also be marked appropriately.
6. In the case of a body corporate, the name of the entity exactly as registered, and the registration number are to be inserted in Panel B. Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
7. **APPLICANTS WHO ALREADY HOLD SECURITIES ON THE MSE ARE TO INDICATE THEIR MSE ACCOUNT NUMBER IN PANEL B. APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED IN THE MSE ACCOUNT NUMBER QUOTED ON THE APPLICATION FORM. IF DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE MSE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF, A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE WILL HAVE TO BE EFFECTED.**
8. The amount applied for must be in multiples of €1,000 subject to a minimum application of €2,000. The Applicant must ensure that the relative Application Form is accompanied by payment of the full price of the amount of Bonds applied for. Payment of the amount, must be made in Euro in cleared funds to "The Registrar – Von der Heyden Group Finance p.l.c.". In the event that the cheque accompanying the Application Form is not honored on the first presentation the Issuer and the Registrar reserve the right to invalidate the relative Application.
9. Only Applicants who hold an official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have Final Withholding Tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of Final Withholding Tax), but he/she will be obliged to declare interest so received on his/her tax return. Authorised entities applying in the name of a Prescribed Fund (having indicated their status in the appropriate box in Panel A) will have Final Withholding Tax, currently 10%, deducted from interest payments.
10. In terms of Section 7 of the Securities Note, unless the Issuer is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of 'recipient' in terms of article 41(c) of the Income Tax Act (Cap. 123 of the Laws of Malta), Interest shall be paid to such a person net of final withholding tax (currently 15%) of the gross amount of interest, pursuant to Article 33 of the Tax Act (Cap. 123 of the Laws of Malta).
11. If any Application is not accepted, after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies of the balance of the amount paid but not allocated, as the case may be, will be returned by direct credit into the bank account as indicated in the application form. Interest or redemption proceeds will be credited to the account designated or as otherwise amended by the Bondholder/s during the term of the Bond.
12. European Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments requires all payors established in the EU which pay interest to an individual resident in another EU Member State, to report the interest payment to the tax authorities of the Member State in which the payor is established. If the Applicant's permanent residential address is in an EU Member State or in another country to which the said Directive applies (called a "specified territory") then the interest paid will be reported.
13. Completed Application Forms are to be delivered to any of the Financial Intermediaries listed in Annex D of the Securities Note during normal office hours by not later than 12 noon on the 3rd March 2017. Remittances by post are made at the risk of the Applicant and the Issuer disclaims all responsibility for any such remittances not being received by the closing date indicated above. The Issuer reserves the right to refuse any Application which appears to be in breach of the Terms and Conditions of the Bonds as contained in the Prospectus. Any applications received by the Registrar after 12 noon on the 3rd March 2017 will be rejected.
14. By completing and delivering an Application Form you (as the Applicant(s)):
 - a. acknowledge that the Issuer may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 440 of the Laws of Malta);
 - b. acknowledge that the Issuer may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. acknowledge that you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Issuer. Any such requests must be made in writing and addressed to the Issuer. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the Laws of Malta), for advice.
