

COMPANY ANNOUNCEMENT

Main Street Complex p.l.c.

Information to the market: Re-opening of Main Street Complex

Date of Announcement 4 May 2020

Reference No: 18/2020

In terms of Chapter 5 of the Listing Rules

QUOTE

The Board of Directors of Main Street Complex p.l.c. hereby announces that further to the announcement issued by the Minister of Health and Superintendent of Public Health on the 1st of May, 2020, to the effect that shopping malls are authorised to resume activity subject to strict adherence to specific measures and procedures, Main Street Complex re-opened its doors today the 4th of May, 2020.

In response to the said announcement, management proceeded with preparations over the weekend in order to ensure that all necessary mitigation measures are in place, and also carried out a thorough cleansing and sanitisation of the complex, particularly the common areas. Temperature measurement tools and sanitiser dispensers at all entry points and controls to limit the number of patrons permissible at any given time have been introduced. All outlet operators authorised to resume operations have been fully briefed by management as to the strict measures to be deployed in and around their respective outlets within the complex, including but not limitedly in respect of access controls, the compulsory use of protective masks and the application of social distancing measures. Such measures are to be maintained on a consistent basis with a view to safeguarding the health and wellbeing of patrons and staff.

As per company announcement MSC15 published on the 16th of March, 2020 prior to the temporary closure of the complex, the Board of Directors will, with management's support, continue to monitor the situation closely with a view to ensuring that all possible initiatives that could render the complex as safe as possible are taken in a timely and efficient manner.
