#### **Postponement of publication of Financial Analysis Summary 2020**

Reference is made to the Circular issued by the Malta Financial Services Authority (“MFSA”) on 20 March 2020, entitled ‘*Timing of regulatory reporting due to the outbreak of COVID-19*’, wherein the MFSA announced that, in light of the disruption brought about by the COVID-19 pandemic, issuers will be granted a two month extension for the publication of their Financial Analysis Summaries.

The company believes that the evolving developments and uncertainties created by the COVID-19 pandemic are likely to continue to impact the company’s revenues in the markets in which it operates. The company does not deem it appropriate to produce an updated FAS based on the current situation, considering it more prudent to continue to monitor the situation over the coming months to have a clearer understanding of the longer term effects of COVID-19 implications on its business.

The Company hereby announces that it will be availing itself of the extension granted by the MFSA and advises its bondholders that the Company’s Financial Analysis Summary will be published by no later than 15 September 2020.
