

Managed Fund Portfolio

Conservative Strategy

Key Strategy Information Sheet as at 31st May 2021

Objective

The Conservative Strategy invests primarily in money market funds and bond funds. The selection process is such that a minimum of 30% is invested in investment grade bond funds while a maximum of 20% may be invested in non-investment grade bond funds. The Strategy also allows for a maximum allocation of 10% to equity funds and 40% in money market funds, depending on the general investment outlook.

The Conservative Strategy is offered only in EUR, although any underlying funds may have some limited exposure to US dollars.

Important Information

The Managed Fund Portfolio is a discretionary portfolio management service provided by Calamatta Cuschieri Investment Services Limited ("CCIS"). CCIS delegated the investment management of discretionary portfolio management to Calamatta Cuschieri Investment Management Ltd ("CCIM").

The annualised rate is an indication of the average growth of the investment over one year. The performance figures quoted refer to the past and past performance is not a guarantee of future performance nor a reliable guide to future performance. The value of the investment may go down as well as up and currency fluctuations of the underlying funds may affect the value of the investment. An initial charge applies at the time of placing the investment and the management fee that applies has an impact on the investment return. This document is prepared by CCIM for information purposes only and does not substitute the reporting obligations by CCIS, but is an illustrative brief of the discretionary portfolio under management.

This document may not be reproduced either in whole, or in part, without the written permission of CCIM. CCIM does not accept liability for any actions, proceedings, costs, demands, expenses, loss or damage arising from the use of all or part of this document.
