#### **Investment in IoT Based Green Tech Company**

The Company is pleased to announce that it has concluded a transaction that will result in the subscription, by the Company, of 76% shareholding in Sens Innovation Group Limited (C101007) (“SENS”). The total consideration payable for the subscription of the shares is €1 million with the possibility of a further €1.85 million earnout depending on the performance of SENS over a three (3) year period. It is expected that the aforementioned shares will be issued in favour of the Company in the coming days.

SENS is an energy management company that leverages proprietary IOT based technology to reduce energy consumption and associated costs for commercial buildings. It designs and builds customised solutions for clients that improve their business operations and efficiencies whilst also contributing to the environmental responsibilities that modern business governance and legislation demands. SENS serves large hotels and commercial clients in Malta, UK, mainland Europe and Dubai.

Further to this strategic acquisition that further strengthens its investment in IoT as part of its drive of digital Malta, the Company anticipates that new opportunities will come its way as it offers environmentally conscious energy saving solutions to companies in Malta, Cyprus and UK.

Further announcements will be made as and when necessary.
