## 2.3 WHAT ARE THE KEY RISKS SPECIFIC TO THE ISSUER?

The most material risk factors specific to the Issuer which may negatively impact the operations and financial position of the Issuer should the circumstances mentioned therein materialise are set out below:

### 2.3.1 Issuer's dependence on payments due by related Hili Ventures Companies

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. The performance of the Group borrowing entities has a direct effect on the Issuer's financial position and on the ability of the Issuer to meet its Bond Obligations. The loan repayments to be effected by the said Group borrowing companies in favour of the Issuer are subject to certain risks, such as the intrinsic risks of the business and operations of each of the Hili Ventures Companies (or the Group borrowing entities), all of which are beyond the Issuer's control. More specifically, the ability of the Group borrowing companies to effect loan repayments will depend on their respective cash flows and earnings, which may be restricted by the terms of agreements to which they are or may become a party, including the indenture governing their existing indebtedness, or by other factors beyond the control of the Issuer. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its Bond Obligations punctually when due.

### 3.3.3 Key risks specific to the Guarantor

The risks of the Issuer are indirectly those of the Group and, in turn, all risks relating to the Group, including the Guarantor, are the risks relevant to the Issuer. The most material risk factors specific to the Guarantor which may negatively impact the operations and financial position of the Guarantor should the circumstances mentioned therein materialise are set out below:

#### 3.3.3.1 The Group's indebtedness could adversely affect its financial position

The Group is a diversified group of companies with a material amount of debt and it may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which makes the Group vulnerable to sudden increases in interest rates. The agreements regulating the Group's bank debt may impose significant financial covenants on Hili Ventures Companies, the covenants of which could limit the Group's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities.

#### 3.3.3.2 The Group may be exposed to certain financial risks, including interest rate risk, which the Group may be unable to effectively hedge against

The Group's diversified activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk, currency exchange risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the Group.

#### 3.3.3.3 Substantial competition could reduce the Group's market share and significantly harm its financial performance

The Group has a trading history predominantly in the operation of quick service restaurants, technology and engineering industries, distribution of IT retail and consumer electronic products and services, transportation and logistics sectors, and ownership, development and management of immovable properties. Each of the aforementioned business sectors are characterised by strong and increasing competition. Many of the Group's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Group wherever it may have business interests. Intense competition in certain countries could adversely affect the Group's businesses and operating results.

#### 3.3.3.4 Premier Capital and its subsidiaries' dependence on its licensor/franchisor

The quick service restaurant operations system in Estonia, Latvia and Lithuania (the "Baltic countries"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. The revenues of Premier Capital and its subsidiaries are dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, on its right to operate franchise-branded restaurants in Malta, the Baltic countries, Greece and Romania. Due to the nature of the franchising arrangement, many aspects of the operations and business of Premier Capital and its subsidiaries are also subject to various restrictions or specifications and many decisions in the business require prior approval of the franchisor. The long-term success of Premier Capital and its subsidiaries will depend, to a significant extent, on the continued vitality of the quick service restaurants concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems.

## 3.4 WHAT ARE THE KEY RISKS THAT ARE SPECIFIC TO THE SECURITIES?

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue.

- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates.
- In view of the current inflationary environment, investment in the Bonds involves the risk that rising inflation on real rates of return in relation to coupon payments as well as secondary market prices may have an adverse impact on the value of the Bonds, such that increasing rates of inflation could have an adverse effect on the return on the Bonds in real terms.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing.
- Third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.
- No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time. If such changes take place, they could have an adverse effect on the market price for the Bonds.

## 4 KEY INFORMATION ON THE OFFER

### 4.1 UNDER WHICH CONDITIONS AND TIMETABLE CAN I INVEST IN THIS SECURITY?

An Exchangeable Bond Transfer effected by a Premier Capital Bondholder shall be without prejudice to the rights of such Premier Capital Bondholder to receive interest on the Premier Capital Bonds held up to and including 5 February 2026. Within thirty (30) calendar days from admission of the Bonds to listing on the Official List, Premier Capital will settle the interest rate applicable to the Premier Capital Bonds (3.75%), from and including 23 November 2025 up to and including 5 February 2026. Premier Capital Bondholders who elect not to subscribe for the Bonds by way of Exchangeable Bond Transfer shall receive the interest rate applicable to the Premier Capital Bonds (3.75%) up to and including 22 November 2026, being the day prior to the Premier Capital Bonds redemption date. Such interest together with the principal amount of the Premier Capital Bonds will be paid by Premier Capital on 23 November 2026 being the redemption date of the Premier Capital Bonds.

Premier Capital Bondholders applying for Bonds during the Offer Period are to submit an Application through any of the Authorised Financial Intermediaries, which include the Sponsor and the Manager & Registrar, and may elect to settle all or part of the amount due on the Bonds applied for by completing an Application Form 'A' indicating that the consideration for the Bonds applied for shall be settled by way of transfer to Premier Capital of all or part of the Premier Capital Bonds held as at the Cut-Off Date in an amount equivalent to the par value of the Bonds applied for, thereby exercising their right to opt for an Exchangeable Bond Transfer. Any Premier Capital Bondholders opting for an Exchangeable Bond Transfer whose holding in the Premier Capital Bonds is less than €3,000 shall be required to pay the Cash Top-Up together with the submission of their Application Form 'A'.

The transfer of Premier Capital Bonds by means of Exchangeable Bond Transfer to Premier Capital in consideration for the subscription for Bonds shall cause the obligations of Premier Capital with respect to such Premier Capital Bonds to be extinguished, and shall give rise to obligations on the part of the Issuer under the Bonds.

Preferred Applicants applying for Bonds and Premier Capital Bondholders applying for any Excess during the Offer Period are to submit an Application through any of the Authorised Financial Intermediaries. Preferred Applicants are to complete an Application Form 'B' whereas Premier Capital Bondholders may apply for any Excess by completing the appropriate section on Application Form 'A'.

It is expected that an allotment advice will be issued by the Issuer to Applicants by 16 February 2026. The registration advice and other documents and any monies returnable to Applicants may be retained pending clearance of the remittance and any verification of identity as required by the Prevention of Money Laundering Act (Chapter 373 of the laws of Malta), and regulations made thereunder. Such monies will not bear interest while retained as aforesaid.

## 2 RISK FACTORS

PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER WITH THEIR OWN PROFESSIONAL ADVISORS THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE MAKING ANY INVESTMENT DECISION WITH RESPECT TO THE ISSUER.

SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND NEITHER THE ISSUER NOR THE GUARANTOR IS IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

WHILE THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES, PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE ISSUER'S, THE GUARANTOR'S AND THE GROUP'S BUSINESS, TRADING PROSPECTS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION AND, CONSEQUENTLY, ON THE ABILITY OF THE ISSUER TO FULFIL ITS OBLIGATIONS UNDER THE SECURITIES TO BE ISSUED IN TERMS OF THE PROSPECTUS AND OF THE GUARANTOR TO HONOUR ITS OBLIGATIONS UNDER THE GUARANTEE.

THE RISKS AND UNCERTAINTIES DISCUSSED BELOW ARE THOSE IDENTIFIED AS SUCH BY THE DIRECTORS OF THE ISSUER AS AT THE DATE OF THE PROSPECTUS, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER AND THE GUARANTOR MAY FACE. ### 2.1 FORWARD-LOOKING STATEMENTS

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and/or Guarantor's strategies and plans relating to the attainment of their respective objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances.

Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "should", "expect", "intend", "plan", "estimate", "anticipate", "believe", "forecast", "project" or similar phrases. Such forward-looking statements are inherently subject to several risks, uncertainties and assumptions, a few of which are beyond the Issuer's and/or Guarantor's control. Important factors that could cause actual results to differ materially from the expectations of the Issuer's directors include those risks identified under the heading "Risk Factors" and elsewhere in the Prospectus.

The Issuer cautions prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and/or the Guarantor with respect to future results, and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Prospectus in its entirety and, particularly, all the risk factors set out in the Prospectus for a further discussion of the factors that could affect the Issuer's and/or Guarantor's future performance. ### 2.2 RISKS RELATING TO THE ISSUER

#### 2.2.1 *Issuer's dependence on payments due by related Hili Ventures Companies*

The proceeds of the Bond Issue shall, in large part, be loaned to Hili Ventures Companies via the Guarantor in the amounts and proportions described in sub-section 5.1 of the Securities Note.

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. The performance of the Group borrowing entities has a direct effect on the Issuer's financial position and on the ability of the Issuer to meet its Bond Obligations.

The loan repayments to be effected by the said Group borrowing companies in favour of the Issuer are subject to certain risks, such as the intrinsic risks of the business and operations of each of the Hili Ventures Companies (or the Group borrowing entities), all of which are beyond the Issuer's control. More specifically, the ability of the Group borrowing companies to effect loan repayments will depend on their respective cash flows and earnings, which may be restricted by the terms of agreements to which they are or may become a party to, including the indenture governing their existing indebtedness, or by other factors beyond the control of the Issuer. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its Bond Obligations punctually when due.

#### 2.2.2 *Issuer's exposure to and dependence on the Group and its businesses*

The Issuer is a Subsidiary of the Guarantor forming part of the Group and has been set up primarily as a finance and investment company with one of its principal purposes being that of financing or re-financing the funding requirements of the business of the Group. As a finance company, the assets of the Issuer will be composed of loans issued to the Guarantor and/or other Hili Ventures Companies. The

Issuer's ability to meet the Bond Obligations is therefore dependent on the business prospects of the Group because the operating results and cash flows of the Guarantor and/or other Hili Ventures Companies have a direct effect on the Issuer's financial position and performance. The Issuer is therefore exposed to the risks associated with the performance of the business and operations of each of the Hili Ventures Companies, each of which have a direct effect on the financial position of the Issuer. The business activities of the Group are subject to general market and economic conditions, both locally and overseas. These conditions include, inter alia, consumer demand, financial market volatility, inflation, fluctuations in interest rates, exchange rates, direct and indirect taxation, unemployment, credit markets, government spending and other general market and economic conditions. Any further expansion of the Group's operations into other markets would potentially further increase its susceptibility to adverse economic developments and trends affecting these other markets which could, in turn, negatively affect the ability of the Issuer to meet the Bond Obligations.

If general market and economic conditions were to experience a downturn as described above, these weakened conditions may have an adverse impact on the financial position and operational performance of the Group's business activities, potentially having a negative effect on the Issuer's financial position, cash flows, operational performance and its ability to fulfil its obligations under the Bonds.

## **2.3 RISKS RELATING TO THE GROUP AND ITS BUSINESS**

### **2.3.1 *The Group's indebtedness could adversely affect its financial position***

The Group is a diversified group of companies with a material amount of debt and it may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which makes the Group vulnerable to sudden increases in interest rates.

The agreements regulating the Group's bank debt may impose significant financial covenants on Hili Ventures Companies, the covenants of which could limit the Group's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities. The occurrence of any of these events could, in turn, negatively affect the ability of the Issuer to meet the Bond Obligations.

### **2.3.2 *The Group may be exposed to certain financial risks, including interest rate risk, which the Group may be unable to effectively hedge against***

The Group's diversified activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk, currency exchange risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the Group.

Interest rate risk refers to the potential changes in the value of financial assets and liabilities in response to changes in the level of interest rates and their impact on cash flows. The Group may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows if any current or future borrowings are subject to variable interest rates. Although the Group may seek to hedge against interest rate fluctuations, this may not always be economically practicable.

The possibility of hedging may also become more difficult in the future due to the unavailability or limited availability of hedging counter-parties. An increase in interest rates which is not hedged may have a material adverse effect on the Group's businesses, financial condition and results of operations.

In addition, some of the retail operations of the Group are exposed to currency exchange risk as they operate in non-Euro zone markets. Fluctuations in foreign exchange rates could adversely affect the Group's revenues, costs, margins, and cash flows. Although the Group may seek to hedge against such risks, this may not always be possible.

### **2.3.3 *Substantial competition could reduce the Group's market share and significantly harm its financial performance***

The Group has a trading history predominantly in the operation of quick service restaurants, technology and engineering industries, distribution of IT retail and consumer electronic products and services, transportation and logistics sectors, and ownership, development and management of immovable properties. Each of the aforementioned business sectors is characterised by strong and increasing competition. Many of the Group's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Group wherever it may have business interests. Intense competition in certain countries could adversely affect the Group's businesses and operating results.

### **2.3.4 *Premier Capital and its subsidiaries dependence on its licensor/franchisor***

The quick service restaurant operations system in Estonia, Latvia and Lithuania (collectively the "**Baltic countries**"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. Premier Capital and its subsidiaries have undertaken to develop restaurants under and in accordance with the franchisor's brand and standards as prescribed by the applicable master franchise (or franchise) agreements. Furthermore, pursuant to the master franchise (or franchise) agreements entered into with the franchisor, Premier Capital and its subsidiaries have been granted the right to adopt and use the quick service restaurant system in accordance with the terms of these agreements.

The revenues of Premier Capital and its subsidiaries are therefore dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, on its right to operate franchise-branded restaurants in Malta, the Baltic countries, Greece and Romania. Due to the nature of the franchising arrangement, many aspects of the operations and business of Premier Capital and its subsidiaries are also subject to various restrictions or specifications and many decisions in the business require prior approval of the franchisor. The long-term success of Premier Capital and its subsidiaries will depend, to a significant extent, on the continued vitality of the quick service restaurants concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems.

While every effort is expected to be made to ensure a positive relationship between Premier Capital and its subsidiaries and the franchisor, there can be no assurance that events or circumstances in the future may not adversely affect that relationship or that the franchisor will not enforce its contractual rights under any of the said agreements in a manner that is adverse to Premier Capital and its subsidiaries.

### **2.3.5 Risks relating to property investments and operations**

Hili Properties is a Hili Ventures Company that is involved in managing and maintaining a portfolio of immovable properties in various jurisdictions. Property values are affected by and may fluctuate, inter alia, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the property portfolios of Hili Properties may also fluctuate as a result of other factors outside the company's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, interest and inflation rate fluctuations and higher accounting and control expenses. The operating performance of Hili Properties could be adversely affected by a downturn in the property market in terms of capital values.

Hili Properties is also subject to the risk that tenants may terminate or elect not to renew their respective leases. A decline in occupancy levels and/or the re-letting of property at less favourable terms than the current lease terms could adversely impact rental income and operating performance of Hili Properties.

### **2.3.6 The Group may be exposed to risks relative to its insurance policies**

Although the Group maintains insurance at levels determined to be appropriate in the light of the cost of cover and the risk profiles of the businesses in which it operates, there can be no assurance that its insurance coverage will be sufficient, or that insurance proceeds will be paid on a timely basis following a claim by any Hili Ventures Company. In addition, the insured Hili Ventures Company may not be able to recover the full amount from the insurer. No assurance can be given that the Group's current insurance coverage would be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates or that risks presently covered by insurance policies would be insurable in future. As a result, any loss or disruption to any of the Group's operations may have a material adverse effect on the Group's business, results of operations and financial condition.

### **2.3.7 Regulation**

The Group is subject to a variety of laws and regulations in various jurisdictions. As with any business, the Group is exposed to risk associated with changes to laws and regulations to which it is subject and the timing and effect of these changes, including changes in the interpretation thereof which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus upon the business and operations of any of the Hili Ventures Companies.

Total liabilities increased by €82.07 million to €255.55 million, mainly on account of the €80 million increase in debt securities, which reached €250 million.

No material movements were noted in the statement of financial position as at 30 June 2025 when compared to the statement of financial position as at 31 December 2024.

In FY2024, the Group recorded total revenue of €1.09 billion, an increase of €101.96 million (or +10.34%) from the prior year, mainly driven by restaurant and retail network expansion as well as organic growth across all areas of business.

Restaurant operations delivered the largest share of revenue and increased by 10.70% year-on-year to €714.67 million, representing 65.66% of total Group income. During the year, this business unit continued to expand its network and as at the end of FY2024, it operated a total of 193 restaurants. Of these, 106 restaurants were located in Romania, 43 in the Baltic countries, 35 in Greece, and nine in Malta, collectively serving more than 90 million customers.

Retail sales rose by 12.48% (or +€28.50 million) during the year to €256.88 million, accounting for 23.60% of total Group revenue. This business unit delivered a positive performance across multiple sales channels, including business-to-business and e-commerce activities, and benefitted from the full twelve-month contribution of Cortland Sp. Z.o.o. ("Cortland") compared to nine months in FY2023.<sup>1</sup> Footfall in stores declined slightly compared to the prior year, mitigated by intensified marketing efforts and targeted campaigns aimed at countering the effects of high inflation and market instability on consumer behaviour. Commercial sales increased moderately by €0.52 million (or +1.15%) to €45.89 million, while the segment's share of total Group revenue remained stable at 4.22%. During the year, the strategic plan of the Group's technology division to reposition its three subsidiaries as pure-play companies gained traction, with the respective entities now focused on (i) IT services and software development; (ii) automation, security, and building management solutions; and (iii) payment orchestration solutions.

Income from logistics, transport, and engineering services increased by 3.91% to €48.31 million, while other activities contributed €8.05 million in revenue, up by 4.68%. These two segments accounted for 4.44% and 0.74% of total Group revenue respectively. Rental income experienced another year of strong growth, climbing by 12.70% to €14.66 million, representing 1.35% of total Group revenue. During this period, the Group acquired the remaining stake in Tigné Mall and increased its shareholding to 100%.

Geographically, Romania's contribution increased to 38%, while Poland's share remained unchanged at 28%. The Baltic countries saw a decline to 15%, while Greece and Malta held constant at 10% and 7% respectively.

<sup>1</sup> Cortland was acquired in March 2023 for €42.20 million and added a chain of 16 stores to the Group's retail network. The company was the second largest Apple Premium Reseller in Poland, with a strong business-to-business segment and a leading education platform, before fully merging with iSpot Poland Sp. z o.o. – a wholly-owned subsidiary of 1923 Investments Limited – on 30 June 2024.

During the first half of 2025, the Guarantor generated revenue of €540.20 million, representing a notable increase of €36.44 million over the €503.76 million figure recorded in H1 2024. This growth was mainly the result of the Guarantor's network expansion strategy.

Net operating expenses also rose, increasing from €443.51 million in H1 2024 to €480.33 million in H1 2025. In view of the accelerated increase in expenses relative to the growth in revenue, EBITDA declined from €60.25 million in the first half of 2024 to €59.87 million in the corresponding period of 2025, leading to an element of margin compression.

Depreciation and amortisation charges increased by €3.72 million to €24.39 million in H1 2025 relative to the previous corresponding period, reflecting the impact from capital expenditure mostly related to the restaurant operations. Consequently, operating profit decreased from €39.57 million in the first half of 2024 to €35.48 million in the same period of 2025.

Net investment gains improved marginally year-on-year, rising from €0.48 million in H1 2024 to €1.16 million in H1 2025. Conversely, finance costs increased from €15.42 million in H1 2024 to €19.47 million in H1 2025, due to higher level of borrowings and cost of funding.

Overall, profit before tax contracted from €24.63 million in H1 2024 to €17.17 million in H1 2025. After accounting for tax charges of €8.38 million, the Guarantor registered a profit after tax of €8.79 million in the first six months of FY2025, compared to €17.52 million in the previous corresponding period.

In H1 2025, the Group incurred a charge of €1.82 million within other comprehensive items, leading to a total comprehensive income of €6.97 million for the period under review.

<b>Cash and cash equivalents at end of year</b>	<b>54,957</b>	<b>52,090</b>

Net cash generated from operating activities decreased to €19.92 million in H1 2025, compared to €38.28 million in the previous comparable period, on account of the reduction in profitability.

Net cash used in investing activities increased markedly to €29.13 million in H1 2025, from €11.40 million in the prior year. The higher level of outflow was primarily driven by the Guarantor's increase in its shareholding in Hili Properties p.l.c., partly offset by a marginal inflow from financial asset investments. Moreover, net capital expenditure during the period under review amounted to €16.26 million, representing an increase of €1.23 million over the corresponding period in FY2024. In the first half of FY2024, the Group had generated a net inflow of just over €7 million from the disposal of subsidiary, which was not repeated in the first half of FY2025.

Net cash used in financing activities dropped sharply in H1 2025, to €8.34 million, when compared to the net outflow of €34.06 million registered in the first half of FY2024. This was mainly due to the net inflow of €8.04 million from bank borrowings, as opposed to the net outflow of €19.31 million recorded in H1 2024.

In aggregate, cash and cash equivalents decreased by €17.55 million in H1 2025, leading to a balance of just over €52 million after including an amount of €5.65 million within assets held for sale.

The Group's asset base contracted marginally in the first half of 2025 to €1.14 billion. Leading the drop was the decline in cash and cash equivalents, to €51.61 million from €71.77 million as at the end of FY2024. On the other hand, trade and other receivables and financial assets increased by an aggregate of €10.93 million.

Total equity decreased from €280.75 million as at the end of FY2024 to €267.06 million by 30 June 2025. This reduction was largely due to the decrease in non-controlling interests, which fell from €27.12 million to €13.29 million, particularly as the Guarantor increased its shareholding interest in Hili Properties p.l.c. Reserves also contracted to €22.81 million from €27.11 million, whilst retained earnings edged higher by €4.44 million to €161.56 million. Share capital remained unchanged at €69.40 million.

During the first six months of FY2025, total liabilities decreased moderately to €869.64 million. The major drop was within current trade and other payables, which declined to €134.14 million from €158.53 million as at the end of FY2024. On the other hand, total debt increased to €675.02 million, largely due to the near €9 million addition in bank borrowings to €156.51 million. Likewise, current and non-current tax liabilities increased by €8.11 million to €40.86 million.

## 9 BUSINESS DEVELOPMENT STRATEGY AND TREND INFORMATION

### 9.1 TREND INFORMATION OF THE ISSUER

There has been no material adverse change in the prospects of the Issuer since the date of publication of its latest audited financial statements for the period ended 31 December 2024.

There has been no significant change in the financial performance or trading position of the Group since the date of publication of its latest unaudited interim financial statements for the period ended 30 June 2025.

The Issuer is dependent on the business prospects of the Guarantor and, therefore, the trend information relating to the Guarantor has a material effect on its financial position and prospects.

As at the time of publication of this Registration Document, the Guarantor considers that generally it shall be subject to the normal business risks associated with the business in which the Group operates, and, barring unforeseen circumstances, does not anticipate any trends, uncertainties, demands, commitments or events outside the ordinary course of business that could be considered likely to have a material effect on the upcoming prospects of the Group and its business, at least with respect to the current financial year. However, investors are strongly advised to carefully read the risk factors in the Prospectus.

### 9.2 THE GUARANTOR

There has been no material adverse change in the prospects of the Guarantor since the date of its last published audited consolidated financial statements for the period ended 31 December 2024.

The Guarantor's business strategy focuses on two principal elements as described hereunder:

- **Management strategy**, which involves the proactive financial and operational management of the businesses owned by the Guarantor, so as to achieve a positive performance, distribute dividends to the Guarantor on a regular basis and increase shareholder value. The Guarantor monitors and supports each of the Hili Ventures Companies by, inter alia:
  - assisting in the recruitment and retention of talented senior executives to operate the businesses owned by the Guarantor;
  - regularly monitoring financial and operational performance of Subsidiaries to effectively ensure that set goals and organic growth strategies are achieved;
  - assisting the Subsidiaries in controlling and right-sizing overhead costs; and
  - forming strong subsidiary level boards of directors to support executive management in their development and implementation of strategic goals and objectives.
- **Acquisition strategy**, which involves the acquisition of businesses that are expected to produce positive earnings and cash flow and have high growth potential. In this respect, the Guarantor may acquire companies operating in sectors other than those in which the Group currently operates if the directors believe an acquisition target presents an attractive opportunity.

#### 9.2.1 Premier Capital

The principal objective of Premier Capital and its subsidiaries is to focus on the expansion of the quick service restaurant network within existing and new markets, given that Premier Capital's management believe there is significant market potential to continue to develop the quick service restaurant concept in Malta, the Baltic countries, Romania and Greece and, possibly, other territories (subject to franchisor's approval and granting of the associated licences).

The opportunities for further expansion in the regions in which Premier Capital operates depends on a number of factors which could have a material impact on Premier Capital's strategy to increase its presence in these territories. These factors are primarily driven by the level of penetration that management has determined to be sustainable in each of these territories, to conduct profitable operations.

In devising its future strategy, Premier Capital's management takes an ad hoc regional review of: general macro-economic conditions including but not limited to; societal development of the population; competition; regulation; affluence; political and economic stability and outlook for each territory. Moreover, Premier Capital commissions regular market studies in each of the markets it operates in to keep all the relevant market conditions that could have an impact on its development strategy under review and to enable it to react in a timely manner as and when market conditions fluctuate.

The data available to Premier Capital's management, suggests that the Maltese, Baltic countries, Romanian and Greek markets, can all sustain further expansion, albeit not necessarily at the same rate.

In the case of Malta and the Baltic countries, Premier Capital already has a high penetration rate, comparable to developed city centres in Western Europe. The management believes that growth in these regions remains possible through relocations and renovations and identifying opportunities for new store openings which do not cannibalise other restaurants' performance but increase its market share and by increasing efficiency and capacity of its existing restaurants which contribute to increased guest counts.

In the case of Romania and Greece, the management believes that there is more room for development. The relatively low penetration rate of restaurants per capita, combined with the high level of brand recognition enjoyed together with Premier Capital's pricing strategy for the region, present opportune conditions for expansion in these regions.

## 9.2.2 1923 Investments

The principal objective of 1923 Investments is to operate and manage the Group's investments in the technology industry. The following is an overview of the business strategies and trends affecting each of the businesses currently operated by 1923 Investments, specifically iSpot and Harvest Technology.

### 9.2.2.1 The business of iSpot

The market in Poland for IT retail and consumer electronic products and services is highly competitive. As with other developed markets, it is characterised by frequent product introductions and rapid technological advances that have substantially increased the capabilities and use of mobile communication and media devices, personal computers, and other digital electronic devices. iSpot competes with other resellers of IT retail and consumer electronic products and services. The key factors driving competition include product pricing, store location, service quality and the business relationships ('B2B') in the market. iSpot's other competitors, which sell IT retail and consumer electronic products as well as other mobile devices and other operating system personal computers, typically undertake aggressive price cuts and lower their product margins to gain or maintain market share. The challenge for IT retail and consumer electronic stores is to differentiate the total service experience, beyond the product.

The acquisition of Cortland in 2023 has reinforced iSpot's leading position in the Apple Premium Partner and Reseller market in Poland. The combined business now operates 50 stores and service points nationwide, enhancing iSpot's customer reach significantly. This acquisition also unlocked a new portfolio of B2B and Education-specific consumers which are both customer bases with growth potential. Apple has recognised iSpot's strong presence in the region and agreed to the conversion of a significant number of existing stores to be upgraded to Apple Premium Partner level – a status reserved for best-in-class operators.

Principal competitive factors important to iSpot include price, product features, relative price/performance, product quality and reliability, design innovation, a strong third-party software and peripherals ecosystem, marketing and reselling capability, service and support, and brand reputation.

### 9.2.2.2 The business of Harvest Technology

Harvest Technology brings together a portfolio of technology driven businesses that deliver specialist solutions across IT services, automation, security, and payments. In 2024, the company advanced its strategic repositioning of its three core subsidiaries into focused, pure-play entities. Apccopy continued to expand its global footprint as a streamlined payments orchestration platform. PTL Limited is now focussed on IT services and software development, catering to enterprise and government clients. APCO Limited is dedicated to automation and security, offering cutting-edge systems from self-service kiosks to building management solutions.

The IT hardware, software and services industry is very fragmented and highly competitive. Harvest Technology competes with a large number and wide variety of marketers and resellers of IT hardware, software and services. The competitive landscape in the industry is continually changing as various competitors expand their product and service offerings. In addition, emerging models such as cloud computing are creating new competitors and opportunities in messaging, infrastructure, security, collaboration and other services offerings, and, as with other areas, the above-mentioned companies resell and compete directly with many of these offerings.

With reference to payment gateway solutions, management believes that electronic transactions will expand further in the future and that an increasing percentage of these transactions will be processed through emerging technologies. As mobile payments continue to evolve and are desired by merchants and consumers, Harvest Technology will continue to develop new products and services that will leverage the benefits that these new technologies can offer customers. In addition, it is expected that new markets will develop in areas that have been previously dominated by paper-based transactions. Industries such as e-commerce, government, recurring payments and business-to-business should continue to see transaction volumes migrate to more electronic-based settlement solutions.

As such, the continued development of new products and services and the emergence of new vertical markets are expected to provide opportunities for Harvest Technology to support its business.

## 9.2.3 Hili Properties

Hili Properties owns and manages strategic commercial real estate for lease across Europe, including Estonia, Latvia, Lithuania, Malta, and Romania. The portfolio features office buildings and spaces, grocery-anchored shopping centres, healthcare facilities, and quick service restaurant properties in key commercial districts. With a portfolio occupancy of 99% and a Weighted Average Lease Term (WALT) of 7.8 years as at 31 December 2024, Hili Properties remains focused on long-term value, operational efficiency, and active portfolio optimisation.

The rents chargeable by Hili Properties to Hili Ventures Companies are based on commercial rental rates and respective lease agreements are entered into on an arms-length basis.

With respect to the remaining portfolio, Hili Properties' strategy is to create a property mix of attractively-located, institutional and high quality, income-producing investment properties to deliver income and capital growth through active asset management.

Hili Properties intends to continue to source its investments primarily through opportunities presented by the company's extensive network of relationships within the immovable property market in jurisdictions which it operates in - these include corporate and private landlords, brokers, domestic banks and others.

#### **9.2.4 Breakwater Investments**

Breakwater Investments, established in 2023, is a specialist group of companies in the shipping and logistics, engineering, and oil and gas industries. Formerly known as HV Marine Limited, Breakwater Investments underwent a transformation, consolidating the Group's shipping and logistics, engineering, and oil and gas companies under one umbrella brand. Following the acquisition of Hili Logistics from 1923 Investments, the new holding company is now composed of Motherwell Bridge Industries, ALLcom, Carmelo Caruana Company and STS Marine Solutions. The organisation employs more than 230 people and its operations span across Europe, North America, the United Kingdom, the Middle East, North Africa, and Asia, with a global network extending beyond these regions.

The four business streams require distinct strategies to improve performance, accelerate growth and add shareholder value. Focusing on specific areas with high potential, while strengthening the front-line business development efforts are two key pillars in its overall strategy, to build a sustainable organisation.

Since Breakwater Investments' inception, greater emphasis has been placed on driving efficiencies across the various operating functions. While safety and integrity remain its core priorities, ensuring a lean, agile, customer centric and operationally effective structure are expected to drive success.

##### **9.2.4.1 The business of STS Marine Solutions**

STS Marine Solutions' business strategy is to expand the current customer base in existing and new geographies, organically and inorganically, to capture a larger market share from the current 7.6%. The business will also expand its liquefied natural gas consultancy services, on the back of increased liquefied natural gas demand and supply globally, by adding complementary services such as surveying, inspection, additives and assurance to its current portfolio. It will also continue to increase its resale offering of specialised industrial equipment to oil and gas customers.

##### **9.2.4.2 The business of Motherwell Bridge Industries**

With maritime trade volumes set to triple by 2050 and a lack of crane operators becoming a significant challenge, the need for automated port equipment is on the rise. The forecasted global port crane market is expected to grow from an average annual turnover of \$9.5bn in 2023 to \$12-13bn by 2028-2030. Container Port expansions, upgrades and electrification will continue driving demand for new crane installations globally.

Motherwell Bridge Industries and its subsidiary are well poised to capture this business and has expanded its partnership with KONE Cranes by setting up an off-site facility at an EU port in order to facilitate the pre-assembly of port handling equipment. It also intends to expand its activity into the U.S. to realise this growing market opportunity.

This business stream will also seek to expand its partnership with Original Equipment Manufacturers ('OEMs') and increase capability in the automation and electrification of existing port handling equipment assets with current and new OEMs.

Diversification in the marine engineering field will also support the company's growth plans over the long-term.

##### **9.2.4.3 The business of Carmelo Caruana Company and ALLcom**

The shipping industry continues to experience consolidations into larger firms aiming for stronger and more complete multinational and multi-service networks. In Malta, Carmelo Caruana Company's strategy will primarily increase its share in the ship agency segment with a sharp focus on tankers, floating storage hubs, liner agency and strengthening presence with the warehouses at Malta Freeport. By growing services around transshipment storage, cross-stuffing, ship spares and cargo handling services.

On the other hand, the transport industry in Poland is one of the most important economic sectors. New investments in port infrastructure have a positive impact and changes in the transport, shipping and logistics sector observed in recent years are forcing new strategic behaviours. The intensification of digitalisation of the supply chain, automation of processes, and hyper-competition have become more relevant in this industry.

ALLcom's aspirations are to enter the road transportation segment, sea export and other new sectors such as wood, cosmetics, power tools and third-party and fourth-party logistics warehousing. The competitive landscape remains very active with around 7,000 competitors in the three cities area. This situation might open opportunities for consolidation which will, in turn, strengthen the business' position in the market.

The proceeds from the Bond Issue have been taken into account when providing this clean working capital statement; but the clean working capital statement would still apply if the proceeds from the Bond Issue were not so included in the calculation of working capital.

By virtue of the Memorandum and Articles of Association of the Issuer, the Directors are obliged to keep the Board advised of any interest in a contract, arrangement or proposal with the Issuer. The Board member concerned shall not take part in the assessment by the Board as to whether a conflict of interest exists or not, particularly in relation to any decision concerning any Subsidiary where the relevant Board Member

## 11 AUDIT COMMITTEE PRACTICES

The Audit Committee's objective is to assist the Board in fulfilling its supervisory and monitoring responsibilities according to terms of reference that reflect the requirements of the Capital Markets Rules, as well as current good corporate governance best practices. The Audit Committee oversees the conduct of the internal and external audit and acts to facilitate communication between the Board, management, the external auditors and the internal audit team. The internal and external auditors are invited to attend Audit Committee meetings. The Audit Committee reports directly to the Board of Directors.

The terms of reference of the Audit Committee include support to the Board of Directors of the Issuer in its responsibilities in dealing with issues of risk, control and governance, and associated assurance. The Board has set formal terms of establishment and the terms of reference of the Audit Committee which set out its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Board reserved the right to change the Audit Committee's terms of reference from time to time.

The primary purpose of the Audit Committee is to assist the Directors in conducting their role effectively so that the Issuer's decision-making capability and the accuracy of its reporting and financial results are maintained at a high level at all times. The main responsibilities of the Audit Committee include, but are not limited to, the following:

- (a) monitoring the financial reporting process and submitting recommendations or proposals to ensure its integrity;
- (b) monitoring of the effectiveness of the Issuer's internal quality control and risk management system and, where applicable, its internal audit regarding the financial reporting of the Issuer;
- (c) making recommendations to the Board in relation to the appointment of the external auditor and to approve the remuneration and terms of engagement of the external auditor, following appointment by the shareholders during the Issuer's Annual General Meeting;
- (d) reviewing and monitoring the external auditor's independence;
- (e) evaluating the arm's length nature of any proposed transactions to be entered into by the Issuer and a related party, to ensure that the execution of such transaction is at arm's length, conducted on a sound commercial basis and in the best interests of the Issuer; and
- (f) assessing any potential conflicts of interest between the duties of the Directors and their respective private interests or duties unrelated to the Issuer.

The Audit Committee has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to the different roles held by the Directors are handled in the best interest of the Issuer. Additionally, the Audit Committee has a crucial role in monitoring the activities and conduct of business of the Group's subsidiaries, limitedly insofar as these may affect the ability of the Issuer to fulfil its Bond Obligations.

The Audit Committee is made up entirely of non-executive Directors, two of whom are independent of the Issuer, and who are appointed for a period of one year. Mario Vella, an independent, non-executive Director of the Issuer, acts as Chairman, whilst Jacqueline Camilleri and Bettina Mifsud act as members of the Audit Committee. In compliance with the Capital Markets Rules, Jacqueline Camilleri is considered to be the member competent in accounting and/or auditing matters. The Issuer considers that the members of the Audit Committee have the necessary experience, independence and standing to hold office as members thereof and the Audit Committee, as a whole, is deemed to have relevant competence in the sector the Company operates in.

## 12 COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

### 12.1 THE ISSUER

The Issuer is subject to, and supports, the Code of Principles of Good Corporate Governance forming part of the Capital Markets Rules (the "**Code**"). The Board acknowledges that the Code does not dictate or prescribe mandatory rules but recommends principles of good practice. Nonetheless, the Board strongly believes that the Code is in the best interest of the shareholders and other stakeholders since it ensures that the Directors, management and employees of the Group adhere to internationally recognised high standards of corporate governance.

The Board considers that during the financial year ended 31 December 2024, the Issuer was in compliance with the Code, save for the following exceptions:

i. **Principle 7: "Evaluation of the Board's Performance"**

Under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board's performance is always under scrutiny of the shareholders of the Issuer.

ii. **Principle 8: "Committees"**

The Issuer does not have a remuneration committee or a nomination committee as recommended in Principle 8. Under the present circumstances the Board does not consider it necessary to appoint a nomination committee and a remuneration committee as decisions on these matters are taken at shareholder level.

### iii. Principle 10: “Institutional shareholders”

This principle is not applicable since the Company does not have any institutional shareholders.

As required by the Act and the Capital Markets Rules, the Issuer’s financial statements are subject to annual audit by the Issuer’s external auditors. Moreover, the non-executive Directors have direct access to the external auditors of the Issuer who attend at Board meetings at which the Company’s financial statements are approved. Directors are entitled to seek professional advice at any time on any aspect of their duties and responsibilities, at the Issuer’s expense. In view of the reporting structure adopted by the Code, the Issuer, on an annual basis in its annual report, details the level of the Issuer’s compliance with the principles of the Code, explaining the reasons for non-compliance, if any.

## 12.2 THE GUARANTOR

As the Guarantor is not a public company having securities listed on a regular market, it is not bound by the provisions of the Code set out in the Capital Markets Rules. The board of directors of the Guarantor has nonetheless established an Audit Committee in compliance with the Code, the primary purpose of which is to act independently from the executive management, to protect the interests of the Guarantor’s shareholders and assist the directors in conducting their role effectively so that the Guarantor’s decision-making capability and accuracy of its reporting and financial results are maintained at a high level at all times. The Audit Committee of the Guarantor is, pursuant to its terms of reference, entitled to review any issues that relate to the particular Subsidiaries or activities carried on by the Group. In this regard, the Audit Committee of the Guarantor ensures that there is adequate cooperation with the Guarantor (and with internal and external auditors of the Subsidiaries within the Group) to enable the Audit Committee to discharge its responsibilities effectively.

## 13 LITIGATION

SAD sp. z o.o. (“SAD”), a Polish subsidiary of iSpot, is subject to tax proceedings regarding the correctness of its VAT settlements for February 2015 and for March to July 2015. In the statement of grounds, the Polish tax authorities invoked SAD’s alleged failure to exercise due diligence in verifying its contractors. In order to avoid being charged further interest, the board of SAD decided to deposit an amount equivalent to the VAT being claimed by the Polish tax authority, resulting from the February as well as the March to July 2015 assessments. On 23 December 2022, SAD paid an amount of PLN 27,478,176 (equivalent to €5,870,402 as of December 2022) to the tax authorities, which consisted of the VAT liability for the February as well as the March to July 2015 assessments in the amount of PLN 15,525,829 (equivalent to €3,316,918 as of December 2022) plus interest, in addition to amounts already paid. The total value of assets subject to both proceedings for February 2015 and March to July 2015 in SAD’s books was PLN 35,616,100 (equivalent to €7,608,977 as of December 2022).

For both proceedings, SAD disagrees with the position of the Polish tax authorities and appealed the decisions before the administrative courts. Both cases were negatively assessed by the Provincial Administrative Court in Warsaw (PAC). SAD did not agree with the verdicts and filed appeals to the Supreme Administrative Court (SAC).

In July 2025, the SAC dismissed SAD’s cassation complaint regarding the March–July 2015 appeal against the second-instance court’s judgment. As a result, the amount deposited for this period will not be refunded. SAD is awaiting delivery of written justification of the SAC’s verdict. While the ruling is final and binding, SAD will assess whether extraordinary legal remedies against the ruling may be available following receipt and review of the written justification. Based on the verdict SAD has impaired its receivables amounting to PLN 25,580,500 (€6,040,545) relating to the March–July 2015 case.

In the VAT case for February 2015, the SAC upheld SAD’s complaint and overturned both the negative ruling of the PAC and the decision of the second-instance tax authority. The SAC concluded that the arguments presented were insufficient to effectively challenge the SAD settlements for that period. The case has been returned to the tax authorities and is currently awaiting adjudication. This matter is not directly affected by the decision relating to the March–July 2015 case.

SAD continues to manage the legal process while continuously assessing any potential implications.

## 2 RISK FACTORS

THE VALUE OF INVESTMENTS, INCLUDING THE BONDS, CAN GO DOWN AS WELL AS UP, AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS IS REPAYABLE IN FULL UPON MATURITY, UNLESS THE BONDS ARE PREVIOUSLY REPURCHASED AND CANCELLED. THE ISSUER SHALL REDEEM THE BONDS ON THE REDEMPTION DATE.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS, INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND THE ISSUER IS NOT IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES. PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE ISSUER'S AND/OR GUARANTOR'S BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION AND COULD, THEREBY, NEGATIVELY AFFECT THE ABILITY OF THE ISSUER TO MEET ITS OBLIGATIONS IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE BONDS AND REPAYMENT OF PRINCIPAL WHEN DUE AND OF THE GUARANTOR TO HONOUR ITS OBLIGATIONS UNDER THE GUARANTEE.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER, THE GUARANTOR, THE SPONSOR, THE MANAGER & REGISTRAR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS ISSUED BY THE ISSUER.

ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

## 2.1 FORWARD-LOOKING STATEMENTS

This Securities Note contains “forward-looking statements” which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These statements by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer’s control, and important factors that could cause actual risks to differ materially from the expectations of the Directors. Such forecasts and projections do not bind the Issuer with respect to future results and no assurance can be given that future results or expectations covered by such forward-looking statements will be achieved.

## 2.2 GENERAL

An investment in the Issuer and the Bonds may not be suitable for all recipients of the Prospectus and prospective investors are urged to consult an investment advisor licensed under the Investment Services Act (Chapter 370 of the laws of Malta) as to the suitability or otherwise of an investment in the Bonds before making an investment decision. In particular, such advice should be sought with a view to ascertaining that each prospective investor:

- i. has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference to the Prospectus or any applicable supplement;
- ii. has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor’s currency;
- iii. understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets;
- iv. is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks; and
- v. is able to assess as to whether an investment in the Bonds shall achieve his/her/its investment objective.

## 2.3 RISKS RELATING TO THE BONDS

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates. When prevailing market interest rates are rising their prices decline and, conversely, if market interest rates are declining, the prices of fixed rate bonds rise. This is called market risk since it arises only if a Bondholder decides to sell the Bonds before maturity on the secondary market.
- In view of the current inflationary environment, investment in the Bonds involves the risk that rising inflation on real rates of return in relation to coupon payments as well as secondary market prices may have an adverse impact on the value of the Bonds, such that increasing rates of inflation could have an adverse effect on the return on the Bonds in real terms.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing. Moreover, the MSE and/or the Malta Financial Services Authority has the authority to suspend trading or listing of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The Malta Financial Services Authority may discontinue the listing of the Bonds on the Official List. Any such trading suspensions or listing revocations / discontinuations could have a material adverse effect on the liquidity and value of the Bonds.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder’s currency of reference, if different. Any adverse fluctuations may impair the return of investment of the Bondholder in real terms after taking into account the relevant exchange rate.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of the Issuer, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.

- In the event that the Issuer wishes to amend any of the Terms and Conditions of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of sub-section 6.14 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority. Furthermore, in terms of the Guarantee, the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, which may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.11 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.
- No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time. If such changes take place, they could have an adverse effect on the market price for the Bonds.
- The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Capital Markets Rules, the Companies Act and the Prospectus Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

## 2.4 RISKS RELATING TO THE GUARANTEE

In view of the fact that the Bonds are being guaranteed by the Guarantor on a joint and several basis, the Bondholders shall be entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount when due in terms of the Prospectus. The Guarantee also entitles the Bondholders to take action against the Guarantor without having to first take action against the Issuer, if the Issuer fails to pay any sum payable by it to Bondholders pursuant to the Terms and Conditions of the said Bonds. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds, is dependent upon and directly linked to the financial position and solvency of the Guarantor.

**In the event of a resale, placement or other offering of Bonds by an Authorised Financial Intermediary, said Authorised Financial Intermediary shall be responsible to provide information to investors on the terms and conditions of the resale, placement or other offering at the time such is made.**

## 6.8 REGISTRATION, FORM, DENOMINATION AND TITLE

Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective account.

The CSD will issue, upon a request by a Bondholder, a statement of holdings to such Bondholder evidencing his/her/its entitlement to Bonds held in the register kept by the CSD.

Upon submission of an Application Form, Bondholders who opt to subscribe for the online e-portfolio account with the CSD, by marking the appropriate box on the Application Form, will be registered by the CSD for the online e-portfolio facility and will receive by mail at their registered address a handle code to activate the new e-portfolio login. A Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept at the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio is found on <https://eportfolio.borzamalta.com.mt/Help>.

The Bonds will be issued in fully registered form, without interest coupons, in denominations of any integral multiple of €100 provided that on subscription the Bonds will be issued for a minimum of €3,000 per individual Bondholder. Authorised Financial Intermediaries subscribing for Bonds through nominee accounts for and on behalf of clients shall apply the minimum subscription amount of €3,000 to each underlying client.

Any person in whose name a Bond is registered may (to the fullest extent permitted by applicable law) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Bond. Title to the Bonds may be transferred as provided below in sub-section 6.12 of this Securities Note.

## 6.9 PAYMENTS

Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to but excluding the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro. Such payment shall be effected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith. Upon payment of the Redemption Value, the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro. Such payment shall be effected within seven (7) days of the Interest Payment Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith.

All payments with respect to the Bonds are subject in all cases to any pledge, duly constituted, and to any applicable fiscal or other laws and regulations prevailing in Malta from time to time. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is or may become compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.

No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this sub-section 6.9. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

## 6.10 REDEMPTION AND PURCHASE

The Issuer hereby irrevocably covenants in favour of each Bondholder that, unless previously purchased and cancelled, the Bonds will be redeemed at their nominal value, together with accrued interest up to, but excluding, the date fixed for redemption, on 6 February 2033. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese law and which are payable by the Bondholders.

Subject to the provisions of this sub-section 6.10, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

All Bonds so redeemed or re-purchased will be cancelled forthwith and may not be re-issued or re-sold.

## 6.11 EVENTS OF DEFAULT

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("**Events of Default**") shall occur:

- (a) the Issuer shall fail to pay any interest on any Bond when due and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such sixty (60) days; and/or
- (b) the Issuer shall fail to pay the principal amount of a Bond on the date fixed for its redemption and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such sixty (60) days; and/or
- (c) the Issuer shall fail to perform, or shall otherwise be in breach of, any other material obligation contained in the Terms and Conditions and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such sixty (60) days, where applicable; and/or
- (d) if any representation or warranty made by or in respect of the Issuer or the Guarantor is or proves to have been incorrect in any material respect; and/or
- (e) an order is made or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer; and/or
- (f) the Issuer stops or suspends payments, whether of principal or interest, with respect to all or any class of its debts or announces an intention to do so or ceases or threatens to cease to carry on its business or a substantial part of its business; and/or
- (g) the Issuer is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; and/or
- (h) if in terms of section 214(5) of the Act, a Court order or other judicial process is levied or enforced upon or sued out against any part of the property of the Issuer and is not paid out, withdrawn or discharged within one (1) month; and/or
- (i) if a judicial or provisional administrator is appointed upon the whole or any material part of the property of the Issuer; and/or
- (j) there shall have been entered against the Issuer a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of five million Euro (€5,000,000) or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; and/or
- (k) any default of a payment obligation which occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined below) of the Issuer in excess of five million Euro (€5,000,000) or its equivalent at any time.

Upon any such Event of Default occurring and not being remedied within the relevant cure period, as applicable, the principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the event which shall have happened as aforesaid.

For the purpose of this sub-section 6.11, "Financial Indebtedness" means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan, stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person.

## 6.12 TRANSFERABILITY OF THE BONDS

The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole, in multiples of €100, in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €3,000 shall only apply during the Offer Period. As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List and commence trading thereafter, subject to trading in multiples of €100.

Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself/herself/itself as holder of the Bond or to have some person nominated by him/her/it registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself/herself/itself, he/she/it shall deliver or send to the CSD a notice in writing signed by him/her/it stating that he/she/it so elects. If he/she/it shall elect to have another person registered he/she/it shall testify his/her/its election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph, a person will not be registered as a Bondholder unless such transmission is made in multiples of €100.

All transfers and transmissions are subject in all cases to any pledge, duly constituted, of the Bonds and to any applicable laws and regulations.

The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail, if any, and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the person to whom the transfer / transmission has been made.

The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds or the due date for redemption.

## 6.13 FURTHER ISSUES

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series, including the Bonds, and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series, including the Bonds, or upon such terms as the Issuer may determine at the time of their issue.

## 6.14 MEETINGS OF BONDHOLDERS

The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting and to affect any change to the applicable Terms and Conditions of the Bonds.

No change or amendment to, or waiver of, any of the applicable Terms and Conditions of the Bonds may be made unless such decision is made at a meeting of Bondholders duly convened and held for that purpose in accordance with the terms hereof.

A meeting of Bondholders shall be called by the Directors by giving: (i) all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting; and (ii) the Guarantor, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders and the Guarantor whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this sub-section 6.14 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose at least two (2) Bondholders present, in person or by proxy, representing not less than fifty per cent (50%) in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting and to the Guarantor. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at and decided upon during, the adjourned meeting.

Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.

Once a quorum is declared present by the chairperson of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting, the Directors or their representatives shall present to the Bondholders and the Guarantor the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.

The voting process shall be managed by the Issuer's company secretary under the supervision and scrutiny of the auditors of the Issuer.

The proposal placed before a meeting of Bondholders shall only be considered approved if at least sixty per cent (60%) in nominal value of the Bondholders present at the meeting, or at any adjourned meeting, as the case may be, at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

In terms of the Guarantee the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, which may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.11 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.

Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

To the best of the Directors' knowledge, the Prospectus contains all relevant material information with respect to the Issuer, the Guarantor and the Bonds and all information contained in the Prospectus is, in every material respect, true, accurate and not misleading, and there are no other facts in relation to the Issuer and/or the Guarantor, their respective businesses and financial position, the omission of which would, in the context of issue of the Bonds, make any statement in the Prospectus misleading or inaccurate in any material respect.

### 6.19 BONDS HELD JOINTLY

In respect of any Bonds held jointly by several persons (including spouses), the person whose name shall be inserted in the field entitled "Applicant" on the Application Form, or the first named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bonds so held.

### 6.20 BONDS HELD SUBJECT TO USUFRUCT

In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed vis-a-vis the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at meetings of the Bondholders but shall not, during the existence of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (which shall be due to the bare owner). Furthermore, the signatures of both the bare owner and the usufructuary will be required in the respective Application.

### 6.21 NOTICES

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of twenty-four (24) hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his/her/its registered address and posted.

### 6.22 GOVERNING LAW AND JURISDICTION

The Bonds are governed by and shall be construed in accordance with Maltese law.

Any legal action, suit or proceedings against the Issuer and/or the Guarantor arising out of or in connection with the Bonds and/or the Prospectus shall be brought exclusively before the Maltese courts.

## 7 TAXATION

### 7.1 GENERAL

**Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to the acquisition, holding and disposal of Bonds, as well as any interest payments made by the Issuer. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned. This information, that does not constitute legal or tax advice and does not purport to be exhaustive, refers only to Bondholders who do not deal in securities in the course of their normal trading activity.**

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors who do not deal in the acquisition and disposal of securities in the course of their normal trading activities. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

### 7.2 MALTA TAX ON INTEREST

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder to receive the interest gross of any withholding tax, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Chapter 123 of the Laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% (10% in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a "recipient" do not qualify for the said rate and should seek professional advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his/her income tax return, to the extent that the interest is paid net of tax. No person, whether corporate or non-corporate, shall be charged to further tax in Malta in respect of such income and the tax deducted shall not be available as a credit against the recipient's tax liability or available as a refund, as the case may be.

The Issuer will render an account to the Commissioner for Tax and Customs of all amounts of interest paid and tax so deducted, including the identity of the recipient.

In the case of a valid election made in writing by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his/her/its Maltese income tax return and be subject to tax on such interest at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Commissioner for Tax and Customs on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c)(i) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out therein, including but not limited to the condition that the Bondholder is not owned and controlled by, whether directly or indirectly, nor acts on behalf of an individual/s who are ordinarily resident and domiciled in Malta, are exempt from income tax in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

### 7.3 EXCHANGE OF INFORMATION

In terms of applicable Maltese legislation, the Issuer and/or its agent are required to collect and forward certain information, including, but not limited to, information regarding payments made to Bondholders, to the Commissioner for Tax and Customs. The Commissioner for Tax and Customs will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions.

Relevant legislation includes, but is not limited to:

- i. the implementation of Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended) which provides for the implementation of the regime known as the Common Reporting Standard ("**CRS**") – incorporated into Maltese law through Legal Notice 384 of 2015 entitled the Cooperation with Other Jurisdiction on Tax Matters (Amendment) Regulations, 2015; and
- ii. the agreement between the Government of the United States of America and the Government of the Republic of Malta to Improve International Tax Compliance and to Implement FATCA – incorporated into Maltese law through Legal Notice 78 of 2014 ("**FATCA Legislation**").

The CRS has been proposed by the Organisation for Economic Co-operation and Development as a new global standard for the automatic exchange of financial account information between tax authorities in participating jurisdictions. The CRS requires Malta based financial institutions ("**FIs**") (defined as such for the purposes of CRS) to identify and report to the Maltese tax authorities financial accounts held by a "Reportable Person" (as defined under the CRS legislation), and certain entities with one or more controlling persons, as defined under the CRS legislation, which is classified as a reportable person. Financial information relating to Bonds and the holders of the Bonds may fall within the purview of CRS and may be subject to reporting and information exchange provisions.

In particular with respect to CRS, the following information will be reported annually by the FIs to the Commissioner for Tax and Customs in respect of each reportable account maintained by the FIs: (i) the name, address, jurisdiction of tax residence, tax identification number (TIN) and date and place of birth (in the case of an individual); (ii) the account number (or functional equivalent in the absence of an account number); (iii) the account balance or value as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or period, the closure of the account; (iv) the total gross amount paid or credited to the account holder with respect to the account during the calendar year or other appropriate reporting period with respect to which the FI is the obligor or debtor, including the aggregate amount of any redemption payments made to the account holder during the calendar year or other appropriate reporting period.

Under the FATCA Legislation, FIs in Malta (defined as such for the purposes of FATCA) are obliged to identify and report financial accounts held by specified U.S. persons, as defined under the FATCA Legislation, and certain non-U.S. entities which are controlled by U.S. controlling persons, as defined under the FATCA Legislation, to the Commissioner for Tax and Customs.

The latter is, in turn, required to exchange such information to the US Internal Revenue Service. Financial account information in respect of holders of the Bonds could fall within the scope of FATCA and they may, therefore, be subject to reporting obligations.

Pursuant to obligations under FATCA Legislation, FIs reserve the right to store, use, process, disclose and report any required information including all current and historical data related to the past and/or present account/s held by reportable persons, including, but not limited to, the name, address, date of birth, place of birth and U.S. tax identification number, the details of any account transactions, the nature, balances and compositions of the assets held in the account, to the Commissioner for Tax and Customs.

The Commissioner for Tax and Customs shall by automatic exchange framework for reciprocal information exchange, communicate to the other competent authority on an annual basis, any relevant information that may fall to be classified as reportable, and vice-versa.

FIs reserve the right to request any information and/or documentation required, in respect of any financial account, in order to comply with the obligations imposed under FATCA and CRS and any referring legislation. In the case of failure to provide satisfactory documentation and/or information, an FI may take such action as it thinks fit, including without limitation, the closure of the financial account.

#### 7.4 MALTESE TAXATION ON CAPITAL GAINS ON TRANSFER OF THE BONDS

On the assumption that the Bonds would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, “shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return”, to the extent that the Bonds are held as capital assets by the Bondholder, no income tax on capital gains should be chargeable in respect of a transfer of the Bonds.

#### 7.5 DUTY ON DOCUMENTS AND TRANSFERS

In terms of the Duty on Documents and Transfers Act (Chapter 364 of the Laws of Malta), duty is chargeable inter alia on the transfer or transmission causa mortis of marketable securities. A marketable security is defined in the said legislation as “a holding of share capital in any company and any document representing the same”.

Accordingly, the Bonds should not be treated as constituting marketable securities within the meaning of the aforementioned legislation and, therefore, the transfer/transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered to be marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act (Chapter 345 of the Laws of Malta), in view of the fact that the Bonds constitute financial instruments of a company quoted on a regulated market exchange, as is the Official List, redemptions and transfers of the Bonds should in any case be exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF BONDS, AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE TAX LEGISLATION OF THE INVESTOR'S MEMBER STATE AND OF THE ISSUER'S COUNTRY OF INCORPORATION MAY HAVE AN IMPACT ON THE INCOME RECEIVED FROM THE SECURITIES. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

### 8 TERMS AND CONDITIONS OF THE BOND ISSUE

The following Terms and Conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between the Issuer and the Guarantor, on the one hand, and the Bondholders, on the other:

- i. Premier Capital Bondholders applying for Bonds may elect to settle all or part of the amount due on the Bonds applied for (whether in whole or in part consideration for the Bonds being applied for) by completing Application Form 'A', indicating that the consideration for the Bonds applied for shall be settled by way of transfer of all or part of the Premier Capital Bonds held as at the Cut-Off Date in an amount equivalent to the par value of the Bonds applied for, thereby exercising their right to subscribe for Bonds by means of Exchangeable Bond Transfer. Any Premier Capital Bondholders whose holding in Premier Capital Bonds is less than €3,000 or who wish to subscribe for additional Bonds shall be required to pay the Cash Top-Up and / or the Excess, as applicable, together with the submission of their Application Form 'A'. Preferred Applicants applying for Bonds shall complete Application Form 'B' together with payment of the full price of the Bonds applied for. The general public applying for Bonds shall complete Application Form 'C' together with payment of the full price of the Bonds applied for.
- ii. By submitting an Application Form 'A' indicating that the option of the Exchangeable Bond Transfer is being selected, whether in whole or in part consideration for the Bonds being applied for, the Applicant is thereby confirming:
  - (a) that all or part, as the case may be, of the Premier Capital Bonds held by the Applicant as at the Cut-Off Date are being transferred to Premier Capital, together with the payment due in respect of any Cash Top-Up, if applicable;
  - (b) that the Application Form constitutes the Applicant's irrevocable mandate to the Issuer to: (a) cause the transfer of the said Premier Capital Bonds in Premier Capital's name in consideration of the issue of Bonds; and (b) engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the said Premier Capital Bonds in Premier Capital and fully and effectively vest title in the appropriate number of Bonds in the Applicant; and
  - (c) that the obligations of Premier Capital with respect to the Premier Capital Bonds being transferred to Premier Capital are extinguished in their entirety and are thereby replaced by obligations on the part of the Issuer under the Bonds to be issued upon acceptance by the Issuer of the Application in question.
- iii. In the event that Premier Capital Bondholders applying for Bonds by way of Exchangeable Bond Transfer, including Cash Top-Up, where applicable, have been allocated a number of Bonds which is less than the number applied for, only such number of Premier Capital Bonds as correspond to the allocated number of Bonds shall be transferred by way of Exchangeable Bond Transfer. Any remaining Premier Capital Bonds forming part of the application which are not subject to such Exchangeable Bond Transfer shall remain registered in the name of the respective Premier Capital Bondholder and under the terms and conditions applicable to the Premier Capital Bonds.

In the event that Premier Capital Bondholders applying for a number of Bonds exceeding in value the aggregate nominal value of Premier Capital Bonds held by them as at the Cut-Off Date have been allocated a number of Bonds which is less than the Excess applied for and/or Preferred Applicants have been allocated a number of Bonds which is less than the number applied for, then such Premier Capital Bondholders and/or such Preferred Applicants, as applicable, shall receive a refund of the price of the Bonds applied for but not allocated. Such refund shall be without interest and shall be made by credit transfer to such account indicated in the Application Form, at the Premier Capital Bondholder's and Preferred Applicant's sole risk by latest 16 February 2026.

In the event that general public Applicants have been allocated a number of Bonds which is less than the number applied for, then such Applicants shall receive a refund of the price of the Bonds applied for but not allocated. Such refund shall be without interest and shall be made by credit transfer to such account indicated in the Application Form. Refunds of unallocated monies shall be made to Applicants by latest 16 February 2026.

- iv. The issue and allotment of the Bonds is conditional upon the Guarantee being granted by the Guarantor and the Bonds being admitted to trading on the Official List. In the event that the Guarantee is not granted by the Guarantor and/or the Bonds are not admitted to the Official List, no Exchangeable Bond Transfers shall take effect and any application monies received by the Issuer from all Applicants will be returned, without interest, by direct credit into the Applicant's bank account indicated by the Applicant/Authorised Financial Intermediary on the relative Application Form.
- v. Applications must be accompanied by the full price of the Bonds applied for in Euro, through a method of payment as accepted by the respective Authorised Financial Intermediary. In any case, acceptance of payment shall be made at the Authorised Financial Intermediary's sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Financial Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Financial Intermediary of such late payment in respect of such Bonds, the Authorised Financial Intermediary may, without prejudice to other rights, treat the agreement to allocate such Bonds as void, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds, other than return of such late payment.
- vi. The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the Terms and Conditions set out in this Securities Note and the Memorandum and Articles of Association of the Issuer. It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.
- vii. If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in these Terms and Conditions on their behalf. Such representative may be requested to submit the relative power of attorney/resolution or a copy thereof, duly certified by a lawyer or notary public, if so required by the Issuer acting through the Registrar, but it shall not be the duty or responsibility of the Registrar or the Issuer to ascertain that such representative is duly authorised to appear on the Application Form and bind the Applicant.
- viii. In the case of corporate Applicants or Applicants having separate legal personality, the Application must be signed by a person(s) authorised to sign and bind such Applicant. Applications in the name of a corporation or corporate entity or association of persons need to include a valid Legal Entity Identifier ("LEI") (which needs to be valid) in the space provided on the Application Form. Failure to include a valid LEI code will result in the Application being cancelled by the Issuer, acting through the Registrar, and subscription monies will be returned to the Applicant in accordance with the terms set out herein.
- ix. In the event that an Applicant fails to submit full information and/or documentation required with respect to an Application, the Applicant shall receive a full refund, without interest, by direct credit transfer to such account indicated in the Application Form at any time before the Bonds are admitted to listing on the Official List. Neither the Issuer nor the Registrar shall be responsible for any loss or delay arising in connection with such credit transfer or charges in connection therewith.
- x. In the case of joint Applications, reference to the Applicant in these Terms and Conditions is a reference to each of the joint Applicants, and liability therefor is joint and several. The person whose name shall be inserted in the field entitled "Applicant" on the Application, or first-named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond(s) so held.
- xi. Applications in the name and for the benefit of minors shall be allowed provided that the Applicant already holds an account with the MSE and they are signed by both parents or the legal guardian(s), as applicable. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption monies shall be paid directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
- xii. Applications for the Bonds by Applicants must be submitted on the appropriate Application Form (that is, Application Form 'A' or Application Form 'B' or Application Form 'C', as applicable) by not later than 12:00 hours on 28 January 2026. The Issuer reserves the right to close the Offer Period before 28 January 2026 with respect to any one or more classes of Applicants depending on the level of subscription in the Bond Issue. All Applications are to be lodged with any of the Authorised Financial Intermediaries listed in Annex IV of this Securities Note together with payment of the full price of the Bonds applied for, in Euro (€), with the exception of Applications submitted by Premier Capital Bondholders in respect of and limitedly up to the portion of Exchangeable Bond Transfers, where payment needs to correspond to the amount applied for, less the aggregate value of the bonds forming the subject of the Exchangeable Bond Transfer, where applicable. Payments in Euro may be made through any method of payment as accepted by the respective Authorised Financial Intermediary.
- xiii. The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and, accordingly, may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- xiv. No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any regulation or other legal requirements. Having considered the circumstances, the Issuer has formed the view, due to the onerous

requirements involved in the registration of the Prospectus in any territory other than Malta and/or compliance with the relevant legal or regulatory requirements, not to send Application Forms to Premier Capital Bondholders and Preferred Applicants having their address outside Malta, except where, *inter alia*, in the absolute discretion of the Issuer, it is satisfied that such action would not result in a contravention of any applicable legal or regulatory requirement in the relevant jurisdiction.

- xv. It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself/itself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- xvi. Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to reject, in whole or in part, or to scale down, any Application. The right is also reserved to refuse any Application which in the opinion of the Issuer, acting through the Registrar, is not properly completed in all respects in accordance with the relative instructions or is not accompanied by the required documents.
- xvii. Save where the context requires otherwise or where otherwise defined therein, terms defined in the Prospectus bear the same meaning when used in these Terms and Conditions, in the Application Forms, in any of the annexes and in any other document issued pursuant to the Prospectus.
- xviii. The Issuer has not sought assessment of the Bonds by an independent credit rating agency.
- xix. Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to revoke the Bond Issue at any time before the closing of the Offer Period. The circumstances in which such revocation might occur are expected to be exceptional, for example where a significant change in market conditions occurs.
- xx. The Bonds will be issued in multiples of €100. The minimum subscription amount of Bonds that can be subscribed for by all Applicants is €3,000.
- xxi. For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations (Subsidiary Legislation 373.01), as may be amended from time to time, all appointed Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in articles 1.2(d) and 2.4 of the "Members' Code of Conduct" appended as Appendix 3.6 to Chapter 3 of the MSE Bye-Laws, irrespective of whether the said appointed Authorised Financial Intermediaries are Malta Stock Exchange members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the GDPR and the Data Protection Act (Chapter 586 of the laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy, as published from time to time.
- xxii. It shall be incumbent on the respective Authorised Financial Intermediary to ascertain that all other applicable regulatory requirements relating to subscription of Bonds by an Applicant are complied with, including, without limitation, the obligation to comply with all applicable MiFIR requirements as well as applicable MFSA rules for investment services providers, all applicable Anti-Money Laundering and Counter Terrorist Financing rules and regulations, as well as the applicable MFSA Conduct of Business Rules.

- (c) warrants that the information submitted by the Applicant in the Application Form is true and correct in all respects. All Applications need to include a valid MSE account number in the name of the Applicant/s. Failure to include an MSE account number will result in the Application being cancelled by the Issuer (acting through the Registrar) and subscription monies will be returned to the Applicant in accordance with paragraph (f) below. In the event of a discrepancy between the personal details, including name and surname and the Applicant's address, appearing on the Application Form and those held by the MSE in relation to the MSE account number indicated on the Application Form, the details held by the MSE shall be deemed to be the correct details of the Applicant;
- (d) authorises the Registrar and the MSE to include his/her/its name or, in the case of joint Applications the first named Applicant, in the register of securities of the Issuer in respect of the Bonds allocated to such Applicant and further authorises the Issuer, the Registrar, the respective Authorised Financial Intermediary and the MSE to process the personal data that the Applicant provides in the Application Form, for all purposes necessary and subsequent to the Bond Issue applied for, in accordance with the GDPR and the Data Protection Act (Chapter 586 of the laws of Malta). The Applicant has the right to request access to and rectification of the personal data relating to him/her/it as processed by the Issuer and/or the MSE. Any such requests must be made in writing and sent to the CSD. The requests must be signed by the Applicant to whom the personal data relates;
- (e) confirms that in making such Application no reliance was placed on any information or representation in relation to the Issuer, the Guarantor or the issue of the Bonds other than what is contained in the Prospectus and, accordingly, agree/s that no person responsible solely or jointly for the Prospectus or any part thereof will have any liability for any such other information or representation;
- (f) agrees that any refund of unallocated Application monies, will be paid by direct credit, without interest, at the Applicant's own risk, to the bank account as indicated in the Application. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith;
- (g) agrees that the registration advice and other documents and any monies returnable to the Applicant may be retained pending clearance of his/her/its remittance or surrender of the Premier Capital Bonds in the case of Premier Capital Bondholders opting for an Exchangeable Bond Transfer, as the case may be, and any verification of identity as required by the Prevention of Money Laundering Act (Chapter 373 of the laws of Malta) and regulations made thereunder, and that such monies will not bear interest;

- (h) agrees to provide the Issuer, acting through the Registrar, with any information which it/they may request in connection with the Application;
- (i) warrants, in connection with the Application, to have observed all applicable laws, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with his/her/its Application in any territory, and that the Applicant has not taken any action which will or may result in the Issuer or the Registrar acting in breach of the regulatory or legal requirements of any territory in connection with the issue of the Bonds or his/her/its Application;
- (j) warrants that all applicable exchange control or other regulations (including those relating to external transactions) have been duly and fully complied with;
- (k) represents that the Applicant is not a U.S. person (as such term is defined in Regulation S under the Securities Act of 1933 of the United States of America, as amended) and that he/she/it is not accepting the invitation set out in the Prospectus from within the United States of America, its territories or its possessions, or any area subject to its jurisdiction (the "United States") or on behalf or for the account of anyone within the United States or anyone who is a U.S. person;
- (l) agrees that the advisors to the Bond Issue (listed in sub-section 4.2 of the Registration Document) will owe the Applicant no duties or responsibilities concerning the Bonds or the suitability of the Applicant;
- (m) agrees that unless such Application is made with M.Z. Investment Services Limited as an Authorised Financial Intermediary, M.Z. Investment Services Limited will not, in its capacity of Sponsor, treat the Applicant as its customer by virtue of such Applicant making an Application for the Bonds, and that M.Z. Investment Services Limited will owe the Applicant no duties or responsibilities concerning the price of the Bonds or their appropriateness and suitability for the Applicant;
- (n) agrees that all documents in connection with the issue of the Bonds and any returned monies, including refunds of unapplied Application monies, if any, will be sent at the Applicant's own risk and may be sent, in the case of documents, by post at the address (or, in the case of joint Applications, the address of the first named Applicant) as set out in the Application Form and in the case of monies by direct credit into the Applicant's bank account as indicated by the Applicant on the Application Form;
- (o) renounces to any rights the Applicant may have to set off any amounts the Applicant may at any time owe the Issuer against any amount due under the terms of these Bonds;
- (p) irrevocably offers to purchase the number of Bonds specified in his/her/its Application Form (or any smaller number for which the Application is accepted) at the Bond Issue Price subject to the Prospectus and the Terms and Conditions thereof;

Such acceptance shall be made in the Authorised Financial Intermediary's sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Financial Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Financial Intermediary of such late payment in respect of such Bonds, the Authorised Financial Intermediary may, without prejudice to other rights, treat the agreement to allocate such Bonds as void and may allocate such Bonds to some other person, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds, other than return of such late payment;
- (r) agrees that all Applications, acceptances of applications and contracts resulting therefrom will be governed by, and construed in accordance with, Maltese law and that he/she/it submits to the exclusive jurisdiction of the Maltese Courts and agrees that nothing shall limit the right of the Issuer to bring any action, suit or proceeding arising out of or in connection with any such Applications, acceptances of applications and contracts in any other manner permitted by law in any court of competent jurisdiction;

## Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 12 December 2025 regulating the Bond Issue

1. This Application is governed by the Terms and Conditions of the Bonds contained in section 8 of the Securities Note dated 12 December 2025 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the Premier Capital Bondholders, has been preprinted in Panel A and reflects the MSE account number on the respective register held at the CSD as at 9 December 2025 (trading session of the 4 December 2025). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.  
Upon submission of an Application Form, Applicants who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.
4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **PREMIER CAPITAL BONDHOLDERS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.
8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.
9. Applications must be for a minimum subscription of €3,000 and thereafter in multiples of €100 and must be accompanied by the relevant subscription amount in Euro.
10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.  
In terms of section 72 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).
11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.  
*The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own independent tax advisors in case of doubt.*
12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Offer Period will open at 08:30 hours on 7 January 2026 and will close at 12:00 hours on 28 January 2026. The Issuer reserves the right to close the Offer Period before 28 January 2026 with respect to any one or more classes of Applicants depending on the level of subscription in the Bond Issue. Application for Bonds may be lodged with any of the Authorised Financial Intermediary listed in Annex IV of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company, the Registrar and Authorised Financial Intermediaries disclaim all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel G.
14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
  - a. the Company or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;
  - b. the Company may process such personal data for all purposes necessary for and related to the Bonds applied for; and
  - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Company.

Any such requests must be made in writing and addressed to the Company. The request must be signed by yourself as the Applicant to whom the personal data relates.

**The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the laws of Malta), for advice.**

## Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 12 December 2025 regulating the Bond Issue

1. This Application is governed by the Terms and Conditions of the Bonds contained in section 8 of the Securities Note dated 12 December 2025 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the Preferred Applicants, has been preprinted in Panel A and reflects the MSE account number on the respective register held at the CSD as at 9 December 2025 (trading session of the 4 December 2025). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.  
Upon submission of an Application Form, Applicants who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.
4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **PREFERRED APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.
8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.
9. Applications must be for a minimum subscription of €3,000 and thereafter in multiples of €100 and must be accompanied by the relevant subscription amount in Euro.
10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.  
In terms of section 72 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).
11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.  
*The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own independent tax advisors in case of doubt.*
12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Offer Period will open at 08:30 hours on 7 January 2026 and will close at 12:00 hours on 28 January 2026. The Issuer reserves the right to close the Offer Period before 28 January 2026 with respect to any one or more classes of Applicants depending on the level of subscription in the Bond Issue. Application for Bonds may be lodged with any of the Authorised Financial Intermediary listed in Annex IV of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company, the Registrar and Authorised Financial Intermediaries disclaim all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel G.
14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
  - a. the Company or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;

Now, therefore, by virtue hereof, Hili Ventures Limited, a company registered in Malta bearing company registration number C 57902, hereby stands surety jointly and severally with the Issuer and irrevocably and unconditionally guarantees the due and punctual performance of all the obligations undertaken by the Issuer under the Bonds and, without prejudice to the generality of the foregoing, undertakes to pay all amounts of principal and interest which become due and payable by the Issuer to Bondholders under the Bonds, within sixty (60) days from the date such amount falls due and remains unpaid by the Issuer.

This Guarantee shall be governed by the laws of Malta.

Signed and executed on the 10th day of December 2025, after approval of the board of directors of Hili Ventures Limited.

### INTERPRETATION

In this Guarantee, unless the context otherwise requires:

- (a) terms and expressions defined in or construed for the purposes of the Prospectus shall have the same meanings or be construed in the same manner when used in this Guarantee, unless defined otherwise in this Guarantee;
- (b) “**Indebtedness**” means any and all monies, obligations and liabilities now or hereafter due, owing or incurred by the Issuer under the Bonds to the Bondholders, whether alone and/or with others, in terms of the Prospectus and in any and all cases whether for principal, interest, capitalised interest, charges, disbursements, or otherwise and whether for actual or contingent liability; and
- (c) “**writing**” or “**in writing**” shall mean any method of visual representation and shall include e-mails and other such electronic methods.

### NATURE, SCOPE AND TERMS OF THE GUARANTEE

#### 2. INFORMATION ABOUT THE GUARANTOR

The information about the Guarantor required pursuant to the Capital Markets Rules and the Prospectus Regulation may be found in the Registration Document forming part of the Prospectus.

#### 3. TERMS OF THE GUARANTEE

##### 3.1 Covenant to pay

For the purposes of the Guarantee, the Guarantor, as primary obligor, hereby jointly and severally with the Issuer irrevocably and unconditionally guarantees to each Bondholder that if for any reason the Issuer fails to pay any sum payable by it to such Bondholder pursuant to the Terms and Conditions of the Bonds detailed in the Securities Note as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Bondholder on written demand the amount payable by the Issuer to such Bondholder. - (h) any event, act or omission that might operate to exonerate the Guarantor without settlement in full of the Indebtedness towards the relevant Bondholder.

### 3.5 Indemnity

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any Indebtedness to be payable by the Issuer but which is for any reason, whether or not now known or becoming known to the Issuer, the Guarantor or any Bondholder, not recoverable from the Guarantor, will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Bondholder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee and gives rise to a separate and independent cause of action.

### 3.7 Deposit and production of the Guarantee

The original instrument creating this Guarantee shall be deposited with and be held by the Issuer at its registered address for the benefit of the Bondholders until all obligations of the Guarantor have been discharged in full, and until such time, the Guarantor acknowledges the right of every Bondholder to obtain a copy of the instrument creating the Guarantee.

## PART 1 – Information about the Group

### 1 ABOUT THE ISSUER

Hili Finance was incorporated on 6 April 2018 and its principal object is to act as a financing vehicle for Hili Ventures and its subsidiaries. The Company is not engaged in any trading activities, and its sole purpose is to raise finance and advance it to related entities within the Group. As a result, the Issuer is economically dependent from the operations, performance, and prospects of the Guarantor and its various subsidiaries.

The Issuer has four bonds in issue, for a total nominal value of €250 million, all of which are listed on the Regulated Main Market (Official List) of the Malta Stock Exchange.

In 2018, Hili Finance issued €40 million in 3.85% unsecured and guaranteed bonds maturing in July 2028 (the “**2018 Bonds**”). The net proceeds were advanced to Hili Ventures which, in turn, used the funds to refinance existing borrowings (€30.30 million) and fund Group-wide investments and acquisitions (€9.10 million).

In 2019, the Company issued €80 million in 3.80% unsecured and guaranteed bonds maturing in August 2029 (the “**2019 Bonds**”). The net proceeds were advanced to Hili Ventures which, in turn, used the funds to pursue: (i) the acquisition of the 100% shareholding in the company that owned the Comino Hotel and Bungalows (€59 million); (ii) the acquisition of new containers for the purpose of leasing them to container shipping lines on a long-term basis (€10 million); and (iii) other Group-wide investments and acquisitions (€10 million).

In 2022, Hili Finance issued €50 million in 4.00% unsecured and guaranteed bonds maturing in March 2027 (the “**2022 Bonds**”). Similarly, these funds were advanced to Hili Ventures for the following purposes: (i) to refinance, in part, the acquisition of the Group’s ship-to-ship operations company (€17 million); (ii) refinance, in full, an equity investment in Hili Properties p.l.c. (€18.40 million); and for (iii) general corporate funding purposes of the Group (€13.85 million).

Most recently, in 2024, Hili Finance issued €80 million in 5.00% unsecured and guaranteed bonds maturing in July 2029 (the “**2024 Bonds**”). The net proceeds were also advanced to Hili Ventures which, in turn, used the funds to refinance existing borrowings (circa €65 million) and for general corporate funding purposes of the Group (circa €14 million).

In **FY2024**, the Group recorded total revenue of €1.09 billion, an increase of €101.96 million (or +10.34%) from the prior year, mainly driven by restaurant and retail network expansion as well as organic growth across all other areas of business.

Restaurant operations delivered the largest share of revenue and increased by 10.70% year-on-year to €714.67 million, representing 65.66% of total Group income. During the year, this business unit continued to expand its network and as at the end of FY2024, it operated a total of 193 restaurants. Of these, 106 restaurants were located in Romania, 43 in the Baltic States, 35 in Greece, and nine in Malta, collectively serving more than 90 million customers.

Retail sales rose by 12.48% (or +€28.50 million) during the year to €256.88 million, accounting for 23.60% of total Group revenue. This business unit delivered a positive performance across multiple sales channels, including business-to-business and e-commerce activities, and benefitted from the full twelve-month contribution of Cortland Sp. Z.o.o. compared to nine months in FY2023.<sup>2</sup> Footfall in stores declined slightly compared to the prior year, mitigated by intensified marketing efforts and targeted campaigns aimed at countering the effects of high inflation and market instability on consumer behaviour.

Commercial sales increased moderately by €0.52 million (or +1.15%) to €45.89 million, while the segment's share of total Group revenue remained stable at 4.22%. During the year, the strategic plan of the Group's technology division to reposition its three subsidiaries as pure-play companies gained traction, with the respective entities now focused on (i) IT services and software development; (ii) automation, security, and building management solutions; and (iii) payment orchestration solutions.

Income from logistics, transport, and engineering services increased by 3.91% to €48.31 million, while other activities contributed €8.05 million in revenue, up by 4.68%. These two segments accounted for 4.44% and 0.74% of total Group revenue respectively. Rental income experienced another year of strong growth, climbing by 12.70% to €14.66 million, representing 1.35% of total Group revenue. During this period, the Group acquired the remaining stake in Tigné Mall and increased its shareholding to 100%.

Geographically, Romania's contribution increased to 38%, while Poland's share remained unchanged at 28%. The Baltics saw a decline to 15%, while Greece and Malta held constant at 10% and 7% respectively.

## 8 ECONOMIC UPDATE<sup>3</sup>

### 8.1 ROMANIA<sup>4</sup>

In 2025, real GDP growth in Romania is forecast to slow down to 0.7% from 0.9% in 2024. Political and fiscal uncertainty impacted private consumption in the first half of 2025, whereas the adoption of fiscal consolidation packages over the summer is expected to reduce further disposable income as public consumption wanes. A moderate recovery in gross fixed capital formation as well as resilient exports are however expected to support the economy.

In 2026, the full effect of the large fiscal consolidation measures, i.e. the freeze of public wages and pensions and tax increases, in combination with still elevated inflation, is expected to lead to a small contraction in private consumption. Public consumption is also forecast to drop further. However, gross fixed capital formation is expected to accelerate notably on the back of improved business confidence and completion of 'Recovery and Resilience Plan' ("RRP") investments. The decline in private consumption should also strongly contain the growth of imports, while exports are set to continue their positive trend as wage growth slows further, resulting in a positive contribution to growth of net exports. Overall, real GDP is set to grow by 1.1% in 2026.

Key economic indicators	2022 Actual	2023 Actual	2024 Actual	2025 Forecast	2026 Projection	2027 Projection
<b>Romania</b>						
Real GDP growth (% year-on-year)	4.20	2.30	0.90	0.70	1.10	2.10

Unemployment (%)	5.60	5.60	5.40	6.10	5.80	5.60
Current account balance (% of GDP)	(9.60)	(6.80)	(8.30)	(7.90)	(6.40)	(6.00)
General fiscal balance (% of GDP)	(6.50)	(6.70)	(9.30)	(8.40)	(6.20)	(5.90)
Gross public debt (% of GDP)	48.10	49.30	54.80	59.10	61.10	62.70

Source: European Commission, Directorate-General for Economic and Financial Affairs, 'European Economic Forecast Autumn 2025', 17 November 2025.

In 2027, inflation is forecast to decline and monetary policy is expected to ease, providing support to a pick up in private investment and consumption. Despite the end of the 'Recovery and Resilience Facility' ("RRF"), gross fixed capital formation is set to hold up well, with Romania making larger use of cohesion funds. All in all, the economy is forecast to grow by 2.1% in 2027 with the current account deficit projected to gradually decline and reach 6% of GDP.

In 2025, employment started to decline due to softer economic activity, leading to a gradual increase in the unemployment rate. Still, the inflow of foreign workers continued, indicating robust labour demand in some sectors such as construction and services. The unemployment rate is projected to increase slightly above 6% in 2025, from 5.4% in 2024, and is expected to decline gradually to reach 5.6% by 2027. The freeze in public wages and moderation of private ones in 2025 and 2026 are set to strongly slow nominal wage growth, turning it negative in real terms. After large increases, wage growth moderation is likely to support the country's external competitiveness.

Inflation, as measured by the Harmonised Index of Consumer Prices ("HICP"), declined to 5.8% in 2024 from 9.7% in 2023, but the elimination in July 2025 of the cap on electricity prices for households together with the rise in VAT and excises are forecast to push up inflation to 6.7% in 2025 before declining to 5.9% in 2026. The removal of the cap on natural gas prices in March 2026 is likely to slow the disinflation process in 2026. In a similar way, the entry into operation of the new EU Emissions Trading System ("ETS2") is expected to stoke up inflationary pressures in 2027, and defer the return of inflation within the country's central bank target.

After peaking at 9.3% of GDP in 2024, mainly driven by rapid expenditure growth, Romania's general government deficit is projected to decline by more than 3 percentage points and reach 5.9% of GDP in 2027. This decline reflects the adoption of several packages of fiscal consolidation measures since the end of 2024. In December 2024, the parliament adopted a package of fiscal consolidation measures including a nominal freeze in public wages and pensions in 2025, and revenue generating measures amounting to 0.3% of GDP. In July 2025, the parliament adopted additional fiscal consolidation measures, comprising significant tax revenue increases (increase in VAT rates, broadening of the base of health contributions, increases in excises, and a higher dividend tax rate) and an extension of the nominal freeze in wages and pensions into 2026. In September, the parliament also adopted an increase in recurrent taxation on residential property and environmental taxes.

The fiscal stance is expected to be contractionary in 2025 and 2026, before turning neutral in 2027, except for defence expenditure which is projected to gradually increase from 1.6% of GDP in 2024 to 2.0% of GDP in 2027. Nonetheless, government debt is projected to increase from less than 55% of GDP in 2024 to almost 63% of GDP in 2027, mostly driven by high government primary deficits and a projected increase in interest payments.

## 8.2 POLAND<sup>5</sup>

In 2025, real GDP is forecast to expand by 3.2% compared to the growth of 3% registered in 2024. Private consumption is projected to be the key driver of growth as real disposable income continued to rise strongly. Investment growth is set to pick up, mainly due to higher public investment whilst the negative contribution from net exports registered in 2024 is expected to narrow in 2025.

In 2026, economic growth is projected to accelerate and reach 3.5%. The contribution from private consumption is set to remain robust but weaker than in the previous year as growth of disposable income slows. The positive contribution from investment is forecast to increase significantly reflecting higher absorption of EU funds, especially in the final year of the RRF, and offsetting the lower growth in private consumption. The negative contribution from net exports is projected to shrink further as exports increase.

Economic growth is set to decrease to 2.8% in 2027. Private consumption is projected to remain a key driver of growth, but less than in the previous years. Growth in investment and public consumption is set to slow, largely reflecting a drop in absorption of EU funds. The contribution from net trade is set to be slightly negative.

Employment is projected to remain broadly stable over the forecast horizon, with a tight labour market and unemployment remaining around 3%. Growth in nominal compensation per employee is projected to slow gradually from 8.6% in 2025 to 6% in 2027.

Inflation is forecast to ease to 3.4% in 2025, from 3.7% in 2024, and is expected to moderate further to 2.9% in 2026 due to slower growth in energy and non-energy industrial goods prices. In 2027, inflation is forecast to increase to 3.7%, as the entry into operation of ETS2 is expected to lift energy prices.

In 2025, the general government deficit is expected to increase to 6.8% of GDP from 6.5% of GDP in 2024. This increase reflects higher public spending driven by increased social benefits (including new Active Parent and Widow Pension programmes), elevated costs of servicing the public debt, increased salaries in the public sector, and higher spending on healthcare. The level of public investment is also set to increase, primarily due to higher defence investments.

In 2026, the deficit is projected to decrease to 6.3% of GDP, as the government implements new discretionary revenue-increasing measures to support fiscal consolidation. These include a temporary increase in the corporate income tax on banks, hikes in excise duties and VAT on certain beverages, and the introduction of a mandatory electronic invoicing system. Total nationally financed expenditure is estimated to decline slightly as a share of GDP on the back of strong nominal growth. In 2027, the deficit is forecast to decrease to 6.1% of GDP as the effects of the adopted revenue measures are set to lead to a further increase of national-budget revenue as a share of GDP.

The fiscal stance is projected to remain expansionary in 2025 and 2026, supported by higher EU budget-financed expenditure. On the other hand, it is set to turn contractionary in 2027 due to the end of the RRF despite increasing nationally financed investments in defence. The public debt-to-GDP ratio is set to increase steadily, from 55.1% in 2024 to 69.2% in 2027, mainly driven by high deficits and debt-increasing stock-flow adjustments related to defence investments.

### 8.3 LATVIA<sup>6</sup>

In 2025, the Latvian economy is expected to recover from the stagnation experienced in 2024. Real disposable income and private consumption are set to benefit from solid wage growth. However, the challenging geopolitical context is expected to encourage precautionary savings. Consequently, after a significant rise in 2024, the household savings rate is projected to increase further to 6.4% in 2025, higher than the pre-pandemic level. As a result, private consumption is expected to recover somewhat in the second half of 2025, albeit is set to pick up further in 2026 and 2027.

After a strong performance in the first half of 2025, investment is expected to remain robust throughout the rest of 2025, driven by inflows of EU funds and increased defence spending which are set to remain supportive in 2026 and 2027. After a significant decline in 2024, private investments are also set to recover in 2025, fuelled by robust corporate lending and lower borrowing costs.

Public consumption is set to be weaker over the forecast horizon, partly due to a government policy to limit the growth of public wages and the phase-out of the RRF as of 2027. After two years of decline, service exports are expected to recover in 2025. However, goods exports are only set to recover in 2026 and 2027. Overall, real GDP growth is projected to reach 1% in 2025, before picking up further to 1.7% in 2026 and 1.9% in 2027.

With a recovery in economic growth expected from 2025 onwards, the unemployment rate is forecast to edge down to 6.8% in 2025, from 6.9% in 2024, and decrease further in 2026 and 2027 on the back of increasing labour demand. After reaching 8.3% in 2024, nominal growth of compensation per employee is set to remain robust in 2025 at 5.8%, although this is forecast to decrease to 5% in 2026 and 4% in 2027, supported by increases in the minimum wage and tight labour market conditions.

After a strong decline in inflation to 1.3% in 2024, from 9.1% in 2023, fuelled by fast-declining energy prices, inflation is expected to rebound to 3.6% in 2025 due to higher services and food inflation. Inflation is however forecast to decrease to 2.2% in 2026 and edge slightly higher to 2.4% in 2027 due to the introduction of ETS2.

In 2025, the government deficit is forecast at 3.1% of GDP, up from 1.8% of GDP in 2024. Revenue is expected to decrease due to reduced income tax revenue from the 2025 personal income tax system reform, and lower dividend payments from state-owned companies as a result of normalised energy prices. On the expenditure side, growth of social transfers, intermediate consumption, and interest payments are the main factors behind the increase in deficit.

In 2026, the government deficit is forecast to increase to 3.5% of GDP, driven by revenue and expenditure factors. Revenue is expected to grow less than nominal GDP, mainly due to the lingering effects of the personal income tax reform on income tax growth and lower revenue from current transfers. An increase in the deficit from the expenditure side is projected mainly due to higher defence investment. Meanwhile, current expenditure contributes to deficit reduction, as growth in compensation of employees and intermediate consumption lags behind nominal GDP growth.

In 2027, the government deficit is forecast to rise to 4.3% of GDP. In terms of revenue, the deficit increase is driven by a downward adjustment in property income, mainly due to lower dividend payments from state-owned enterprises and lower interest revenue. On the expenditure side, increased defence investment, along with growth in social transfers and interest expenditure, further contribute to the deficit.

The fiscal stance is projected to remain slightly expansionary in 2026, supported by higher EU budget-financed expenditure and an increase in nationally financed investment. However, it is set to turn broadly neutral in 2027, with the RRF no longer providing fiscal support. The debt-to-GDP ratio reached 46.6% in 2024 and is forecast to increase to 54.5% by 2027, due to high budget deficits and positive stock-flow adjustments impacted by upcoming Eurobond redemptions.

## 8.4 LITHUANIA<sup>7</sup>

Between 2025 and 2027, real wage growth is set to support private consumption. The saving rate is expected to remain high, at around 12% of disposable income, while investment is projected to recover, supported by the RRF and the country's need to boost defence. Despite the high uncertainty that could limit the growth in private investment, investments are expected to increase by 5.1% in 2025, and grow further by 4% in 2026 and 2027. US tariffs are expected to weigh on the growth of exports in goods, but Lithuania's direct exposure to the US remains limited (around 5% of total exports in 2024) and it remains competitive vis-à-vis its main trading partners. As exports of services remain robust and goods recover given recovery in export markets and resilient non-cost competitiveness, total exports are set to grow between 2.5% and 3.2% between 2025 and 2027. At the same time, imports continue to outpace exports in the forecast period because of strong growth in consumption including consumption of imported goods.

The growth rate in the labour force between 2022 and 2024, largely attributable to the inflow of persons fleeing from Ukraine, is expected to decelerate in 2025 and cease in 2026 and 2027, as natural population decline resumes in 2026. In 2025, the unemployment rate is expected to stay the same as in 2024 at 7.1%. The unemployment rate is however expected to decline to 6.8% in 2026 amid robust growth, and remain at the same level in 2027. The persistence of labour shortages and skills mismatches is expected to support wage growth, projected at 8.1% in 2025, 7.6% in 2026, and 6.1% in 2027. A slower pace is expected compared to previous years given lower inflation and recent high wage gains.

Inflation is expected to rise to 3.4% in 2025, from 0.9% in 2024, following a jump in energy prices in the early months of the year, and steady increases in food and service prices. Increased excise duties on petrol, alcohol, and cigarettes also contributed to higher inflation. However, energy prices are set to decline in 2026, due to lower oil and gas prices, leading to a drop in inflation to 2.8%. Thereafter, in 2027, inflation is set to ease slightly to 2.7% despite an increase in energy prices due to introduction of ETS2 which is expected to add around 0.3% to headline inflation.

In 2025, the general government deficit is forecast to increase to 2.2% of GDP, up from 1.3% in 2024. This is due to higher expenditure on social benefits, public investment particularly on national defence, and interest payments. General government consumption and public wages were also expected to be drivers of increased expenditure.

In 2026, the deficit is projected to increase to 2.5% of GDP, driven by rising general government expenditure (by 60 basis points of GDP), while revenue is expected to increase at a slower pace (by 20 basis points of GDP). The main reason behind the widening deficit is the projected increase in expenditure related to national investments (especially on defence) by 100 basis points of GDP. An increase in social expenditure (30 basis points of GDP), and interest expenditure (20 basis points of GDP) are the other major contributors to rising expenditure. General government revenue is forecast to increase mainly due to the increase in VAT and excise duties for polluting fuels, as well as increasing revenues from personal income tax and social security contributions. However, the projected increase in revenue is not expected to fully offset the higher expenditure.

The deficit is expected to increase to 2.7% of GDP in 2027, when again the general government expenditure is projected to rise by more than revenue. The increase in expenditure is forecast to be driven mainly by rising spending on interest and social benefits including pensions. In 2025, public debt is expected to increase to 39.8% of GDP, from 38% in 2024, and is forecast to edge higher to 44.7% in 2026 and 48.2% in 2027.

## 8.5 ESTONIA<sup>8</sup>

After stagnating in 2024, Estonia's economy is expected to rebound by 0.6% in 2025, primarily driven by domestic demand supported by real wage growth, increased public spending, and lower debt-service costs. Despite the fragile recovery, investment has been picking up, with increased corporate lending and activity, boosted by public and EU-related projects. The housing market is showing signs of revival, whilst exports have been growing but very moderately due to sharp cost increases over the last few years.

In 2026 and 2027, private consumption is expected to strengthen more markedly, supported by favourable tax reforms and reduced interest burden on existing and new loans. Investment is set to get a substantial boost in 2026 from increased defence spending, while exports are expected to pick up alongside the recovery of the real estate market and construction activity in the Nordics. However, due to high import content, especially in defence, net exports are set to weigh on growth in 2026 and 2027. Overall, real GDP is projected at 2.1% in 2026 and 2% in 2027.

Unemployment has been rising slowly amid prolonged economic challenges, plateauing at 7.6% in 2025. However, the unemployment rate is set to decline modestly, to 7.2% in 2026 and 7.1% in 2027, with wage growth exceeding inflation, thus helping improve real incomes.

Inflation is expected to rise to 4.8% in 2025, from 3.7% in 2024, primarily driven by a mid-year VAT rate increase. Certain product categories, notably food and services, recorded particularly high price increases, with services affected by car registration fees and increased administrative costs such as medical fees. The fall out of the past tax hikes and slower wage growth are set to reduce inflation in 2026 to 2.8%. In 2027, inflation is projected at 2.2%, with ETS2 contributing to higher energy prices.

The general government deficit is projected to decline to 1.3% of GDP in 2025, down from 1.7% in 2024. This improvement is mainly driven by increases in personal and corporate income tax rates, and a rise in the VAT rate to 24%. These measures, alongside a new motor-vehicle tax, are set to represent close to 1.1% of GDP, supported by improved tax collection amid the economic recovery. Total public expenditure is forecast to increase by 70 basis points of GDP mainly on the back of increased investment directed at the implementation of public infrastructure projects.

In 2026, the deficit is forecast to increase to 4.4% of GDP. Revenue will be impacted by the transition to a universal tax-exemption system that also raises the income threshold, costing 1.4% of GDP. Defence spending is set to increase by 1.3 percentage points of GDP compared to 2025. In 2027, Estonia's deficit is projected to remain at 4.4% of GDP.

After a strongly contractionary fiscal stance in 2025, fiscal policy is projected to turn highly expansionary in 2026. In 2027, it is expected to become contractionary again, as the RRF winds down. Public debt is projected to increase from 23.4% of GDP in 2025 to 29.2% in 2027, driven by high deficits during the forecast horizon.

## 8.6 GREECE<sup>9</sup>

In 2025, Greece's economy is expected to grow by 2.1%, largely driven by private consumption, tourism, and investments particularly in relation to construction and equipment. Investment activity is expected to remain robust in 2025 and 2026, supported by the double-digit growth in corporate lending and the implementation of the RRP. Additionally, a new package of expansionary fiscal measures is expected to boost net wage growth and private consumption. Import demand is set to remain strong, given the high import content of investments. Although no sharp cliff effect is expected, growth is forecast to slow after 2026 as the RRP implementation comes to an end. GDP growth is projected to be relatively stable, with rates of 2.2% in 2026 and 1.7% in 2027.

The unemployment rate is set to decline to 9.3% in 2025, from 10.1% in 2024. After peaking in Q2 2024, vacancy rates eased slightly, although they still suggest a relatively tight labour market, particularly in the tourism and construction sectors. Employment is expected to continue growing, albeit at a slower pace due to structural issues, such as skill gaps and low participation rates, especially among women. Wages per employee are set to accelerate, with an average annual growth rate of 3.6% over the forecast period, driven in part by past hikes in minimum wages, a decrease in social security contributions, and the recently announced personal income tax reform.

Inflation is expected to ease to 2.8% in 2025, from 3% in 2024, driven by a decrease in energy and services inflation. However, robust demand and a still-tight labour market are expected to maintain upward pressure on consumer prices. As a result, inflation is forecast to decline only slowly, reaching 2.3% in 2026 and 2.4% in 2027.

The general government surplus is expected to decrease from 1.2% of GDP in 2024 to 1.1% in 2025. This reflects a decline in the primary surplus from 4.7% to 4.3%, partially offset by reduced interest expenditure. This decrease mainly stems from expansionary measures including the cut in social-security contributions, higher public-sector wages, a means-tested rent refund, and a permanent annual benefit for vulnerable individuals. Additional pressures include higher healthcare and defence spending, and a financial correction related to EU agricultural subsidies equivalent to 0.2% of GDP. These effects are partly offset by increased revenue, supported by ongoing tax-compliance measures, the extension of the digital-labour card to new sectors in order to reduce undeclared work, and higher local-government fees.

In 2026, the budget balance is forecast to drop to 0.3% of GDP mainly due to a recently announced expansionary fiscal package, estimated to cost 0.6% of GDP in 2026 and 0.8% of GDP in 2027. The package combines cuts in personal income tax, property tax and VAT, together with targeted increases in pensions and public sector wages. These measures are designed to alleviate cost-of-living pressures and provide support to lower- and middle-income households, families with children, pensioners and residents of small villages. The forecast also incorporates higher defence expenditure, expected to rise from 2.4% of GDP in 2025 to 2.6% in 2026.

In 2027, the general fiscal surplus is forecast to evaporate, mainly due to higher interest expenditure and the full-year impact of the new fiscal package. The public debt-to-GDP ratio stood at 154.2% in 2024 and is expected to decrease further, reaching 138% in 2027, supported by nominal GDP growth and primary budget surpluses.

## 8.7 MALTA<sup>10</sup>

Real GDP is projected to grow by 4% in 2025, driven mainly by robust private and public consumption, investment, and supported by growth in tourism, gaming, and financial and professional services. On the back of higher real household incomes, private consumption is expected to grow by 4% in 2025, and increase by 3.8% and 3.5% in 2026 and 2027 respectively. Government consumption growth is set to reach 6.9% in 2025, but is projected to slow down to 4.1% in 2026 and 3.1% in 2027, still supporting overall GDP growth.

Tourism performed very well in 2025, following another period of considerable growth in 2024. The tourism arrivals increase has been especially pronounced in shoulder months outside summer. Recreational, professional, IT, and financial services are also projected to continue expanding, contributing positively to net exports.

Real GDP growth is forecast to remain robust, though slowing to 3.8% in 2026 and 3.5% in 2027, reflecting capacity constraints and higher prices in the tourism sector along with labour shortages. Net exports and investment are estimated to positively contribute to growth. Investment is expected to grow by 6% in 2025, followed by 1% expansion in 2026 and 3% in 2027.

Employment is forecast to increase by 3.7% in 2025, supported by high immigration flows which are expected to moderate due to tighter immigration rules. Labour shortages are expected to persist. Employment growth is expected to slow to 2.9% in 2026 and 2027. The unemployment rate is estimated to remain low and stable at around 2.9%. Despite the tight labour market, the nominal wage growth per employee is forecast to moderate but still exceed inflation, slowing from 5.9% in 2025 to 2.9% in 2027.

Inflation is set to stay at 2.4% in 2025, albeit it is expected to slow to 2.1% and 2% in 2026 and 2027 respectively mainly driven by food and services inflation. The government is expected to keep retail energy prices unchanged over the forecast horizon through state subsidies.

In 2024, the general government deficit fell to 3.5% of GDP from 4.4% in 2023. This was due to strong revenue growth and significant tax windfalls which were partially offset by increased expenditure and capital spending on the national airline. In 2025, the deficit is forecast to decrease to 3.2% of GDP, reflecting an increase in indirect tax revenue as a result of favourable economic conditions and tourism, though changes in income tax brackets will reduce personal income tax intakes. Despite the fact that the above-mentioned transfers to the national airline were not repeated, government expenditure is expected to increase significantly in 2025, driven by strong increases in intermediate consumption and gross fixed capital formation.

The deficit is set to decline to 2.8% of GDP in 2026, with strong revenue growth despite slower economic expansion. Public sector wages are expected to increase at a slower pace, following the sharp increases in 2024 and 2025. Subsidies and intermediate consumption as a share of GDP are also expected to decrease. By 2027, the deficit is expected to decline slightly to 2.6% of GDP, with the public debt-to-GDP ratio projected to broadly stabilise at around 47.3% over the forecast horizon.

#### Statement of Comprehensive Income

Net interest income advanced by 12.85% to €1.18 million in **FY2024**. This reflected a substantial increase in finance income to €9.85 million, which significantly outpaced the rise in finance costs to €8.67 million. Administrative expenses amounted to €0.06 million, broadly in line with the previous year. As a result, profit before tax increased by 12.70% to €1.12 million. After deducting taxation of €0.41 million, profit for the year reached €0.71 million, marking an annual growth of 13.02%.

For **FY2025**, the Company is forecasting a further expansion in net interest income, which is projected to grow by 33.39% to €1.57 million. This is expected to be supported by a sharp increase in finance income to €12.14 million, absorbing the forecasted rise in finance costs to €10.57 million. Administrative expenses are anticipated to rise to €0.25 million, resulting in a profit before tax of €1.32 million. After accounting for a tax charge of €0.48 million, profit for the year is projected at €0.84 million.

In **FY2026**, finance income is anticipated to increase by 26.20% to €15.32 million. This improvement is expected to be partly offset by higher finance costs, which are projected to rise by 27.38% to €13.46 million. As a result, net interest income is forecast to advance by 18.28% to €1.86 million. Administrative expenses are projected at €0.29 million. Consequently, profit before tax is expected to rise by 18.73% to €1.57 million. After accounting for a taxation charge of €0.56 million, profit for the year is projected to edge higher by 19.10% to just over €1 million.

### Statement of Cash Flows

In **FY2024**, operating cash flows remained negative at €0.64 million despite a further improvement in profit before tax to €1.12 million, reflecting the higher level of net finance outflows of €1.34 million and tax payments of €0.41 million.

Net investment outflows surged to €48.14 million, mainly due to net loans of €55.78 million advanced to Hili Ventures following the issuance of the 2024 Bonds. Interest received remained unchanged year-on-year at €7.65 million.

Net financing inflows amounted to €49.21 million, reflecting the proceeds of €55.78 million received from the issuance of the 2024 Bonds which offset interest outflows of €6.57 million.

In aggregate, the Company recorded a net increase of €0.43 million in cash and cash equivalents during FY2024 and closed the year with a balance of €0.50 million.

For **FY2025**, the Issuer is forecasting a net cash outflow of €0.60 million relating to operating activities, primarily driven by net finance costs of €1.57 million and tax payment of €0.36 million.

Investing activities are expected to result in a net cash inflow of €12.05 million, attributable to interest received. On the other hand, financing outflows are expected to reach €11.27 million, comprising interest and dividend payments of €10.67 million and €0.60 million respectively.

Overall, Hili Finance is projected to increase its cash and cash equivalents by €0.18 million in FY2025, leading to a closing balance of €0.68 million.

In **FY2026**, operating activities are forecast to lead to a net cash outflow of €0.85 million amid higher net finance costs of €1.86 million and tax payments of €0.56 million.

Investing activities are expected to lead to a net cash outflow of €12.27 million, reflecting a €27.50 million advance to Hili Ventures, partly offset by interest income of €15.23 million. Meanwhile, financing activities are anticipated to lead to a net cash inflow of €13.44 million, driven by the net cash proceeds of €27.50 million arising from the issuance of €60 million in new debt securities (the "**2026 Bonds**") partly absorbed by interest and dividend payments of €13.46 million and €0.60 million respectively.

Overall, the Issuer is projecting a positive net movement in cash and cash equivalents of €0.32 million in FY2026, resulting in a year-end balance of just under €1 million.

## Statement of Financial Position

The Company's asset base increased substantially during **FY2024** to €259.44 million. This growth was driven almost entirely by a sharp increase in non-current and current loans and receivables, which rose by €81.72 million year-on-year to €258.74 million. During the year, Hili Finance issued the 2024 Bonds.

Total liabilities rose by €82.07 million to €255.55 million, mainly as a result of the €80 million increase in debt securities which reached €250 million.

Total equity remained relatively stable, increasing by €0.23 million to €3.90 million by the end of FY2024, entirely due to the accumulation of retained earnings.

In **FY2025**, total assets are projected to remain virtually unchanged year-on-year at €259.59 million. Similarly, total liabilities are expected to stay at just over the €255 million level, with debt securities of €250 million representing the principal component. Total equity is forecast to strengthen to €4.14 million, on the back of the accumulation of retained earnings.

Total assets are projected to reach almost €320 million by the end of **FY2026**. Current and non-current loans and receivables are forecast to increase to €318.92 million, reflecting an additional amount of €60 million advanced to the Guarantor. Likewise, total liabilities are projected to rise to €315.45 million, with total debt securities increasing to €310 million following the issuance of the 2026 Bonds. Of this amount of debt securities, €260 million will be classified as non-current, whilst the remaining €50 million will be classified as current in view of the March 2027 maturity of the 2022 Bonds.

Total equity is forecast to expand further in FY2026 to €4.54 million, on the back of the additional increase in retained earnings to €2.54 million.

## Statement of Comprehensive Income

In **FY2024**, the Group recorded total revenue of €1.09 billion, an increase of €101.96 million (or +10.34%) from the prior year, mainly driven by restaurant and retail network expansion as well as organic growth across all other areas of business.

EBITDA reached €135.95 million, increasing by €8.45 million (or +6.62%) from the prior year. However, the EBITDA margin narrowed slightly to 12.49% in view of the increase in net operating costs which rose by €93.51 million (or +10.89%) to €952.50 million.

Depreciation and amortisation charges eased by 1.04% to €43.31 million. Consequently, operating profit grew by 10.63%, reaching €92.64 million and translating into a margin of 8.51% and a return on invested capital ("**ROIC**") of 11.10%.

Net investment gains of €15.64 million significantly supported the Group's profitability. This included a €14.71 million net uplift in the fair value of investment properties and property held for sale, a €1.83 million gain related to foreign exchange and movements in financial assets and instruments, as well as €1.16 million in dividends. These were partly offset by a loss of €1.69 million related to the sale of subsidiaries and acquisition related costs of €0.29 million.

Net finance costs trended higher by 6.28% to €27.85 million, albeit the interest cover remained virtually unchanged at 4.88 times.

Overall, the Group posted a pre-tax profit of €80.43 million, up by a notable €23.04 million (or +40.15%) from the prior year. After accounting for a tax charge of €14.99 million and a €0.48 million loss from discontinued operations, the Group reported a net profit for the year of €64.96 million. The net profit margin edged higher to 5.97%, while the return on equity ("**ROE**") and return on assets ("**ROA**") advanced to 24.81% and 5.93% respectively. Total comprehensive income rose to €71.85 million, bolstered by exchange differences of €4.10 million and revaluation on property, plant, and equipment ("**PPE**") of €2.85 million.

In **FY2025**, revenue is forecast to grow by 9.56% to €1.19 billion, underpinned by higher business across the principal drivers of revenue and operating segments particularly restaurant operations, retail sales, and rental income. Within restaurant operations, the Group continued to open several new restaurants. Growth in retail sales will be underpinned by investments in digital infrastructure and the opening of new stores, whilst rental income will benefit from the first full-year contribution of Tigné Mall. From a geographical perspective, Romania and Poland are expected to remain the leading markets, contributing 39% and 28% of total revenue respectively. The Baltics' share is forecast to decline marginally to 14%, whilst Greece and Malta are projected to account for 9% and 8% of total Group revenue respectively.

Net operating expenses are expected to increase at a slightly faster pace than revenues, rising by 10.38% to €1.05 billion. Consequently, EBITDA is projected to advance more moderately, by 3.85% to €141.19 million, with the EBITDA margin retracting by 65 basis points to 11.84%.

Depreciation and amortisation charges are forecast to climb by 13.50% to €49.16 million, reflecting the full-year depreciation impact of Tigné Mall following its acquisition, along with additional capital expenditure during the year mostly related to the restaurant operations. As a result, operating profit is forecast to ease by 0.67% to €92.02 million, translating into a narrower margin of 7.72% and a ROIC of 10.13%.

The financial performance of Hili Ventures in FY2025 is expected to be adversely affected by a €6.03 million impairment relating to a tax litigation case involving SAD Sp. z o.o. ("**SAD**") – a Polish subsidiary of iSpot. Whilst SAD is evaluating the possibility of pursuing extraordinary legal remedies, the company has recognised, deposited, and impaired the corresponding receivable of €6.04 million in exercising prudence.

Meanwhile, a net investment gain of €3.68 million is expected to be registered for FY2025, mostly driven by dividends and investment income as well as favourable changes in the fair value of investment property, partly offset by adverse foreign currency movements and net losses on financial assets and instruments. At the same time, net finance costs are forecast to increase further to €31.75 million, reflecting lower interest income and higher interest expense amid higher level of borrowings supporting the Group's expansion. In view of this, the interest cover is anticipated to edge lower, albeit marginally, to 4.45 times.

Overall, profit before tax is anticipated to drop by almost 28% to €57.92 million. After accounting for a tax charge of €20.98 million, the forecast net profit for the year of €36.95 million would translate into a margin of 3.10% and a ROE and ROA of 13.05% and 3.16% respectively. Total comprehensive income in FY2025 is projected to contract significantly year-on-year to €36.91 million reflecting the reduction in profitability and the modest impact from other comprehensive income elements.

The financial performance of the Group is expected to strengthen considerably in **FY2026**. Revenues are projected to increase by 9.22% to €1.30 billion as the slight decline in rental income, reflecting the planned disposal of real estate classified as held for sale, is expected to be more than offset by continued expansion across all other business activities of the Group particularly restaurant operations, retail and commercial sales, and other activities.

Restaurant operations will remain the principal driver of the Group's performance, supported by continued investment in new restaurants and the refurbishment of existing ones. Retail sales are expected to retain their position as the second-largest contributor to Group revenue, underpinned by the ongoing expansion and modernisation of the store network. Commercial sales will be reinforced by growth in B2B activity through incremental gains from existing client relationships and operational initiatives. Income from other activities, comprising revenue from maintenance and support services as well as payment gateway services, is projected to benefit from operational efficiencies, economies of scale, and a shift towards more profitable sales channels. From a geographical perspective, the distribution of revenue is not anticipated to change materially in FY2026 compared to the prior year, with Romania continuing to represent the largest market at 39% of total Group revenue, followed by Poland at 29%, the Baltics at 14%, and Greece and Malta at 8%.

With operating expenses rising at a slower pace than revenues, by 8.14% to €1.14 billion, EBITDA is anticipated to grow by 17.22% to €165.50 million, yielding a higher EBITDA margin of 12.71%.

Depreciation and amortisation charges are projected to rise further to €60.54 million amid the Group's commitment to continue investing heavily in its core operations. Nonetheless, operating profit is expected to improve by 14.05% to €104.96 million, translating into a margin of 8.06% and a ROIC of 10.78%.

Net investment gains of €4.94 million are projected for FY2026, largely driven by favourable fair value adjustments as well as investment and dividend income. Meanwhile, net finance costs are anticipated to remain broadly unchanged, at €31.65 million, resulting in an improvement in the interest cover to 5.23 times.

Profit before tax is expected to recover strongly to €78.25 million, an increase of 35.10% compared to FY2025. After accounting for a tax charge of €24.36 million, profit after tax is projected at €53.89 million, translating into a margin of 4.14% and a ROE and ROA of 17.65% and 4.43% respectively. Total comprehensive income is similarly expected to increase significantly year-on-year to €56.04 million, driven by the rebound in profitability and positive contributions from revaluations on PPE and other effects.

### Statement of Cash Flows

**FY2024** saw continued improvement in operating cash generation, with net cash inflows rising to €110.76 million, reflecting both strong earnings and positive changes in working capital of €17.67 million. On the other hand, interest and tax payments amounted to €23.20 million and €19.13 million respectively, while discontinued operations contributed to a further outflow of €0.90 million.

Net cash used in investing activities contracted by €18.09 million year-on-year to €89.87 million. Capital expenditure remained elevated, at €46.71 million, of which, almost €40 million were dedicated to the Group's restaurant operations. Furthermore, the Group invested a further €42.16 million in subsidiaries and associates, primarily to acquire Tigné Mall. Meanwhile, interest and dividend income increased by €0.82 million to an aggregate of €3.25 million, although this was outweighed by aggregate outflows of €3.95 million related to term deposits and discontinued operations.

Financing activities recorded a net outflow of €13.42 million. The Group raised a net amount of €43.06 million through debt securities and received €1.99 million from related parties. On the other hand, it directed €20.48 million towards the repayment of bank borrowings and used a further €21.37 million and €16.64 million for lease and dividend payments respectively.

Overall, net cash and cash equivalents increased by €7.47 million in FY2024, resulting in a year-end balance of €63.99 million after accounting for €5.60 million in cash classified under assets held for sale.

In **FY2025**, cash flow generation from operating activities is forecast at €118.92 million, representing a year-on-year increase of €8.16 million driven by improved cash earnings and a higher release of working capital, partly offset by higher tax payments.

Cash used in investing activities is projected to expand significantly to €126.33 million. This increase stems mainly from a rise in net capital expenditure to €68.16 million, together with higher financial asset investments of €46.54 million which also includes the Group's acquisition of a 4.99% shareholding in Bank of Valletta p.l.c. in July 2025. Conversely, other investing activities are expected to contract considerably year-on-year to €11.36 million, reflecting the net amount of investments in subsidiaries, associates, and non-controlling interests including the increase in the Guarantor's equity stake in Hili Properties p.l.c. As a result, free cash flow is forecast to increase markedly to €39.40 million from €21.89 million in FY2024.

Net cash used in financing activities is forecast at €47.67 million, comprising net inflows of €27.05 million from bank borrowings, outweighed by outflows of €74.71 million mainly related to debt securities, leases, and dividends.

The overall net movement in cash and cash equivalents is projected to be negative at €55.08 million, leading to a year-end balance of €8.20 million.

In **FY2026**, operating cash flows are projected to strengthen further to €126.68 million, an increase of 6.53% over FY2025. This is primarily driven by an uplift in cash earnings and lower interest payments, partly offset by higher tax payments and a drop in working capital release.

Investing cash outflows are forecast to decline substantially to €57.59 million as despite the marked increase in net capital expenditure to €116.38 million, the Group anticipates an inflow of almost €20 million from financial asset investments and over €37 million from the disposal of subsidiaries within the structure of Hili Properties p.l.c. On balance, free cash flow is expected to improve further to €47.55 million.

Net cash used in financing activities is forecast to widen to €65.33 million, driven by aggregate net outflows of just over €60 million in relation to bank borrowings, leases, and dividends. Moreover, the Group expects a net outflow of €5 million related to debt securities, reflecting the issuance of the 2026 Bonds (€60 million) and the redemption, in November 2026, of the €65 million 3.75% unsecured bonds issued by Premier Capital p.l.c.

The overall net movement in cash and cash equivalents is expected to be positive at €3.76 million, leading to a year-end balance of €11.96 million.

## Statement of Financial Position

During **FY2024**, total assets increased by €128.40 million to €1.16 billion. The most meaningful movement took place in PPE, which increased by €121.48 million to €406.07 million, while a portion of investment property was classified as held for sale. Right-of-use assets extended their upward trend to €159.82 million (+€20.13 million) while investments in associates and joint ventures and loans and receivables dropped by €15.60 million and €9.89 million to €1.21 million and €24.87 million respectively.

Equity improved by €37.85 million to €280.75 million, driven by retained earnings of €157.13 million (+€43.72 million) and reserves of €27.11 million (+€5.64 million). On the other hand, non-controlling interest retracted by €11.51 million to €27.12 million.

Total liabilities rose by €90.54 million to €878.49 million, driven by higher levels of debt (+€35.57 million to €665.54 million), tax liabilities (+€17.46 million to €32.76 million), and trade and other payables (+€20.96 million to €160.71 million). Despite the higher debt load, the net debt-to-EBITDA multiple remained stable at 4.34 times, while all other debt metrics strengthened. The net debt-to-equity ratio improved to 2.10 times from 2.29 times as at the end of FY2023. Net gearing fell to 67.75% (31 December 2023: 69.59%), while the leverage ratio and debt-to-assets ratio eased to 4.13 times and 0.57 times respectively.

In **FY2025**, total assets are forecast to rise by 1.61% to €1.18 billion, largely driven by the aggregate increase in PPE and investment property to €577.68 million which, coupled with the rise in financial assets, are projected to offset the drop in current assets held for sale and cash.

The Group's equity base is expected to expand by 1.68% to €285.47 million, with the €20.97 million increase in retained earnings to €178.10 million partly eroded by the reductions in reserves and non-controlling interest.

Total liabilities are projected to rise by 1.59% to €892.43 million, mainly reflecting higher bank borrowings, lease liabilities, and current tax liabilities. On the other hand, current and non-current trade and other payables are forecast to decline by €7.48 million to an aggregate of €153.23 million, whilst liabilities associated with assets held for sale are projected to decrease by €12.38 million to just €1.49 million. Furthermore, following the redemption of the €37 million 4.50% unsecured bonds issued by Hili Properties p.l.c. in October 2025, the total amount of debt securities dropped to €313.33 million to date.

Total debt is forecast to expand by 3.20% to €686.85 million, whilst net debt is expected to rise more sharply to just under €660 million from €589.89 million as at the end of FY2024. In line with these developments, the Group's debt metrics are projected to deteriorate year-on-year, albeit moderately. The net debt-to-EBITDA multiple is expected to rise to 4.67 times, reflecting the higher indebtedness against more measured earnings growth. The net debt-to-equity ratio is forecast to increase to 2.31 times, whilst net gearing is projected at 69.81%. The debt-to-assets ratio is anticipated to edge higher to 0.58 times, and leverage is forecast at 4.13 times. Furthermore, the current ratio is projected to weaken to 0.56 times from 0.81 times as at the end of FY2024.

The Group's asset base is projected to continue expanding in **FY2026**, increasing by 6.69% to €1.26 billion. PPE and investment property are, in aggregate, expected to increase by 14.74% to €662.82 million, reflecting the sustained execution of the Group's investment programme. Right-of-use assets are also anticipated to trend higher year-on-year, climbing to €180.32 million from €160.95 million as at the end of FY2025. Financial assets, however, are forecast to contract by €13.17 million to €79.40 million, whilst current assets held for sale are projected to be fully disposed of.

Total equity is projected to strengthen by almost €40 million to €325.27 million. Retained earnings are expected to grow significantly to €215.65 million, whilst reserves are forecast at €26.26 million. Non-controlling interest is anticipated to ease to €13.96 million.

Total liabilities are forecast to rise by almost €39 million to €931.40 million. Lease liabilities are projected to grow further to €206.59 million, whilst bank borrowings are expected to increase by €6.41 million to €205.04 million. In contrast, debt securities are projected to fall by €4.39 million to €308.94 million following the issuance of the 2026 Bonds and the redemption in November 2026 of the €65 million 3.75% unsecured bonds issued by Premier Capital p.l.c. Total debt is therefore projected at €720.57 million, whilst net debt is expected to increase by €17.10 million to €677.10 million.

The Group's debt metrics are expected to improve in FY2026, with the net debt-to-EBITDA multiple projected to decline to 4.09 times supported by the rebound in earnings. Net debt-to-equity is forecast to moderate to 2.08 times, and net gearing is expected to ease to 67.55%. The debt-to-assets ratio is anticipated to improve to 0.57 times, and leverage is projected to decline to 3.86 times. However, the current ratio is expected to weaken further to 0.50 times, principally due to the anticipated disposal of current assets held for sale and the increase in short-term bank borrowings, despite the higher projected cash balance of €42.16 million as at year-end.

Such assets, which typically include property, plant, equipment, and investment property, are capitalised rather than expensed, meaning that the amortisation of the cost of the asset takes place over the number of years for which the asset will be in use. This is done instead of allocating the entire cost to the accounting year in which the asset was acquired.
<b>Current assets</b>	All assets which could be realisable within a twelve-month period from the date of the Statement of Financial Position. Such amounts may include development stock, accounts receivable, cash and bank balances.
<b>Non-current liabilities</b>	These represent long-term financial obligations which are not due within the next twelve months, and typically include long-term borrowings and debt securities.
<b>Current liabilities</b>	Liabilities which fall due within the next twelve months from the date of the Statement of Financial Position, and typically include accounts payable and short-term debt.
<b>Total equity</b>	Represents the residual value of the business (assets minus liabilities) and typically includes the share capital, reserves, as well as retained earnings.

<b>Net debt-to-EBITDA</b>	Measures how many years it will take a company to pay off its net interest-bearing liabilities (including lease liabilities) from EBITDA, assuming that net debt and EBITDA are held constant.
<b>Net debt-to-equity</b>	Shows the proportion of net debt (including lease liabilities) to the amount of equity.
<b>Net gearing</b>	Shows the proportion of equity and net debt used to finance a company's business and is calculated by dividing net debt by the level of invested capital.
